The Petition

On June 30, 2020, the Department of Commerce (Commerce) received an antidumping duty (AD) petition concerning imports of seamless refined copper pipe and tube (copper pipe and tube) from the Socialist Republic of Vietnam (Vietnam) filed in proper form on behalf of the petitioners,2 domestic producers of copper pipe and tube.2 On July 6, 2020, Commerce requested supplemental information pertaining to certain aspects of the Petition in a supplemental questionnaire.3 On July 9, 2020, the petitioners filed a response to the supplemental questionnaire.4 In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioners allege that imports of copper pipe and tube from Vietnam are being, or are likely to be, sold in the United States at less than fair value (LTFV) within the meaning of section 731 of the Act and that imports of such products are materially injuring, or threatening material injury to, the domestic copper pipe and tube industry in the United States. Consistent with section 732(b)(1) of the Act, the Petition is accompanied by information reasonably available to the petitioners supporting the allegation.

Commerce finds that the petitioners filed the Petition on behalf of the domestic industry, because the petitioners are interested parties, as defined in sections 771(9)(C) and (E) of the Act. Commerce also finds that the petitioners demonstrated sufficient industry support for the initiation of the requested investigation.5

Period of Investigation

Because Vietnam is a non-market economy (NME) country, pursuant to 19 CFR 351.204(b)(1), the period of investigation for the investigation is October 1, 2019 through March 31, 2020.

Scope of the Investigation

The products covered by this investigation are copper pipe and tube from Vietnam. For a full description of the scope of this investigation, see the appendix to this notice.

Comments on the Scope of the Investigation

On July 6, 2020, Commerce requested further information from the petitioners regarding the proposed scope to ensure that the scope language in the Petition is an accurate reflection of the products for which the domestic industry is seeking relief.6 On July 9, 2020, the petitioners revised the scope.7 The description of the merchandise covered by this investigation, as described in the appendix to this notice, reflects these clarifications.

As discussed in the Preamble to Commerce’s regulations, we are setting aside a period for interested parties to raise issues regarding product coverage (i.e., scope).8 Commerce will consider all comments received from interested parties and, if necessary, will consult with interested parties prior to the issuance of the preliminary determination. If scope comments include factual information, all such factual information should be limited to public information.9 To facilitate preparation of its questionnaires, Commerce requests that all interested parties submit such comments by 5:00 p.m. Eastern Time (ET) on August 10, 2020, which is the next business day after 20 calendar days from the signature date of this notice.10 Any rebuttal comments, which may include factual information, must be filed by 5:00 p.m. ET on August 20, 2020, which is ten calendar days from the initial comment deadline.11 Commerce requests that any factual information parties consider relevant to the scope of the investigation be submitted during this period. However, if a party subsequently finds that
