

Intramarket Competition

The proposed amendments do not impose an undue burden on intramarket competition.

Options 7, Section 6

The Exchange believes that it does not impose an undue burden on competition to amend Options 7, Section 6H to eliminate the opportunity for Members to elect, prior to the start of the month, to pay \$65,000 per month, per Member to have their crossing fees capped at that level instead of at \$90,000 per month, per Member. The Exchange has offered this opportunity to all Members. While some Members did elect this option in prior years, and continued to elect this option through 2020, no new Member initially elected this option in 2020. Therefore, the Exchange believes that eliminating the opportunity for Members to elect, prior to the start of the month, to pay the discounted fee does not impose an undue burden on competition, as there was no new interest from Members, who had not previously elected this opportunity, in 2020 to pay the lower fee. The Exchange would not accept elections from any Member to have their crossing fees capped at \$65,000 per month, per Member for the month of July 2020 and moving forward. Also, all Members remain eligible to have their fees capped at \$90,000 per month, per Member.

The Exchange's proposed technical amendments to Options 7, Section 6H are non-substantive and do not impose a burden on competition.

Options 7, Section 1

The Exchange's proposal to amend Options 7, Section 1 to replace the term "Penny Pilot Program" with "Penny Interval Program" does not impose an undue burden on competition. This amendment seeks to conform the name of the program, which governs the listing of certain standardized options.

Options 7, Section 3

The Exchange's proposal to update an incorrect reference within Options 7, Section 3 to the Crossing Fee Cap does not impose an undue burden on competition. This change will bring clarity to the Pricing Schedule.
