

take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 17, 2020.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID: 0648-XA386]

Permanent Advisory Committee To Advise the U.S. Commissioners to the Western and Central Pacific Fisheries Commission; Meeting Announcement

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: NMFS announces a public meeting of the Permanent Advisory Committee (PAC) to advise the U.S. Commissioners to the Commission for the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (WCPFC) on October 14-16, 2020. Meeting topics are provided under the **SUPPLEMENTARY INFORMATION** section of this notice.

DATES: The meeting of the PAC will be held on October 14, 2020, from 10 a.m. to 1 p.m. Hawaii Standard Time (HST) (or until business is concluded), October 15, 2020, from 10 a.m. to 1 p.m. HST (or until business is concluded), and October 16, 2020, from 10 a.m. to 1 p.m. HST (or until business is concluded).

ADDRESSES: The public meeting will be conducted via a web conference. Documents to be considered by the PAC will be sent out via email in advance of the conference call. Members of the public may submit written comments on meeting topics or materials; comments must be received by October 9, 2020.

For details on how to call in to the conference line, to receive documents via email, or to submit comments, please contact Emily Reynolds, NMFS Pacific Islands Regional Office; telephone: 808-725-5039; email: emily.reynolds@noaa.gov, at least 3 days in advance of the call. This meeting may be recorded for the purposes of generating notes of the meeting.

FOR FURTHER INFORMATION CONTACT:

Emily Reynolds, NMFS Pacific Islands Regional Office; 1845 Wasp Blvd., Bldg. 176, Honolulu, HI 96818; telephone: 808-725-5039; facsimile: 808-725-5215; email: emily.reynolds@noaa.gov.

SUPPLEMENTARY INFORMATION:

In accordance with the Western and Central Pacific Fisheries Convention Implementation Act (16 U.S.C. 6901 *et seq.*), the Permanent Advisory Committee, or PAC, has been formed to advise the U.S. Commissioners to the WCPFC. The PAC is composed of: (i) Not less than 15 nor more than 20 individuals appointed by the Secretary of Commerce in consultation with the U.S. Commissioners to the WCPFC; (ii) the chair of the Western Pacific Fishery Management Council's Advisory Committee (or the chair's designee); and (iii) officials from the fisheries management authorities of American Samoa, Guam, and the Northern Mariana Islands (or their designees). The PAC supports the work of the U.S. National Section to the WCPFC in an advisory capacity. The U.S. National Section is made up of the U.S. Commissioners and the Department of State. NMFS Pacific Islands Regional Office provides administrative and technical support to the PAC in cooperation with the Department of State. More information on the WCPFC, established under the Convention on the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean, can be found on the WCPFC website: <http://www.wcpfc.int>.

Meeting Topics

The PAC meeting topics may include the following: (1) Outcomes of the 2019 annual meeting of the WCPFC and 2020 sessions of the WCPFC Scientific Committee, Northern Committee, and Technical and Compliance Committee; (2) issues to be considered in WCPFC 2020 annual meeting; (3) potential U.S. proposals to the WCPFC 2020 annual meeting; and (4) other issues.

Special Accommodations

The conference call is accessible to people with disabilities. Requests for sign language interpretation or other

auxiliary aids should be directed to Emily Reynolds at 808-725-5039 by September 12, 2020.

Authority: 16 U.S.C. 6902 *et seq.*

Dated: August 14, 2020.

Kelly Denit,

Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

INTERNATIONAL DEVELOPMENT FINANCE CORPORATION

[DFC-014]

Submission for OMB Review; Comments Request

AGENCY: International Development Finance Corporation (DFC).

ACTION: Notice of information collection; request for comment.

SUMMARY: Under the provisions of the Paperwork Reduction Act, agencies are required to publish a Notice in the **Federal Register** notifying the public that the agency is renewing an existing information collection for OMB review and approval and requests public review and comment on the submission. Comments are being solicited on the need for the information; the accuracy of the burden estimate; the quality, practical utility, and clarity of the information to be collected; and ways to minimize reporting the burden, including automated collected techniques and uses of other forms of technology.

DATES: Comments must be received by October 19, 2020.

ADDRESSES: Comments and requests for copies of the subject information collection may be sent by any of the following methods:

- **Mail:** Joanna Reynolds, Agency Submitting Officer, U.S. International Development Finance Corporation, 1100 New York Avenue NW, Washington, DC 20527.

- **Email:** fedreg@opic.gov.

Instructions: All submissions received must include the agency name and agency form number or OMB form number for this information collection. Electronic submissions must include the agency form number in the subject line to ensure proper routing. Please note that all written comments received in response to this notice will be considered public records.

FOR FURTHER INFORMATION CONTACT: Agency Submitting Officer: Joanna Reynolds, (202) 357-3979.

SUPPLEMENTARY INFORMATION: DFC is submitting its Application for DPA–DFC Loan Program (DFC–014) to OMB for review and approval. This collection was previously granted an emergency clearance by OMB on June 5, 2020. The emergency clearance expires on December 31, 2020 and DFC is now seeking a regular clearance.

Summary Form Under Review

Title of Collection: Application for DPA–DFC Loan Program.

Type of Review: Extension without change of a currently approved information collection.

Agency Form Number: DFC–014.

OMB Form Number: 3015–0013.

Frequency: Once per investor per project.

Affected Public: Business or other for-profit; not-for-profit institutions; individuals.

Total Estimated Number of Annual Number of Respondents: 100.

Estimated Time Per Respondent: 1 hour.

Total Estimated Number of Annual Burden Hours: 100 hours.

Abstract: DFC–014 Application for DFC–DPA Loan Program is the principal document to be used by the U.S. International Development Finance Corporation (“DFC”) to determine if the proposed transaction is eligible for DFC–DPA financing and whether it meets required underwriting criteria.

Dated: August 17, 2020.

Nichole Skoyles,

Administrative Counsel, Office of the General Counsel.

BILLING CODE 3210–01–P

DEPARTMENT OF DEFENSE

Department of the Army, Army Corps of Engineers

Notice of Early Scoping for the San Francisco Waterfront Flood Resiliency Study National Environmental Policy Act Compliance

AGENCY: Department of the Army, U.S. Army Corps of Engineers; Defense (DOD).

ACTION: Notice of Early Scoping.

SUMMARY: The San Francisco District, U.S. Army Corps of Engineers (USACE), intends to prepare a feasibility study integrated with an environmental assessment (EA) or environmental impact statement (EIS) to evaluate coastal storm and flood risk management alternatives along 7.5 miles of the San Francisco Waterfront, from

Aquatic Park to Herons Head Park, in the City of San Francisco, San Francisco County, California. The Port of San Francisco is the non-federal partner for the study. USACE will conduct early scoping to solicit public participation and input to inform the environmental analyses and to assist with determining the appropriate level of NEPA documentation required for the study.

DATES: USACE requests that written comments regarding the scope of the environmental analysis and alternatives that should be considered as part of the study and NEPA analysis should be received by October 21, 2020.

ADDRESSES: Written scoping comments or requests to be added to the mailing list can be sent by email: SFWFRS@usace.army.mil, or by mail: Ms. Anne Baker, 450 Golden Gate Avenue, 4th Floor, San Francisco, California 94102.

FOR FURTHER INFORMATION CONTACT: Ms. Anne Baker via email or mail at (see **ADDRESSES**). Study information will also be posted periodically on the internet at: <https://www.spn.usace.army.mil/Missions/Projects-and-Programs/Projects-A-Z/San-Francisco-Waterfront-Storm-Damage-Reduction/>

For inquiries from the media, please contact the USACE San Francisco District Public Affairs Officer, Mr. Brandon Beach by email: Brandon.A.Beach@usace.army.mil or by telephone: (415) 503–6958.

SUPPLEMENTARY INFORMATION: The San Francisco District, U.S. Army Corps of Engineers (USACE), intends to prepare a feasibility study integrated with an environmental assessment (EA) or environmental impact statement (EIS) to evaluate coastal storm and flood risk management alternatives along 7.5 miles of the San Francisco Waterfront, from Aquatic Park to Herons Head Park, in the City of San Francisco, San Francisco County, California. The Port of San Francisco is the non-federal partner for the study. USACE will conduct early scoping to solicit public participation and input to inform the environmental analyses and to assist with determining the appropriate level of NEPA documentation required for the study.

USACE has not yet determined that an EIS will be necessary for the study, but will conduct the appropriate scoping and public outreach required for the preparation of an EIS, since it is the more stringent process. If at any time during the NEPA analysis USACE determines that there may be the potential for significant, unmitigable effects, then an EIS will be prepared. A formal Notice of Intent (NOI) to prepare an EIS would be filed in the **Federal Register** to initiate the EIS process.

Should an EIS be necessary, written comments submitted during this early scoping period will be considered in development of the EIS. Written public comments in response to a Notice of Intent (NOI) to prepare an EIS would also be accepted and considered. USACE will substitute the public meetings associated with this Notice of Early Scoping for the scoping meetings that would normally occur after the publication of a NOI to prepare an EIS. Additional scoping meetings would therefore not be held, if an NOI to prepare an EIS is released. Written comments, including those on the scope of alternatives and impacts, will still be considered through any formal scoping period initiated by an NOI to prepare an EIS. The district would also seek to ensure that key resources agencies have had an informed opportunity to weigh in on subject proposals.

Please note that the San Francisco Planning Department (Planning Department) is the California Environmental Quality Act (CEQA) lead agency for the study. The Planning Department is conducting CEQA review under a separate process, which is not part of this early scoping effort under NEPA.

1. *Study Authorization.* The San Francisco Waterfront Flood Resiliency Study was originally authorized under Section 110 of the Rivers and Harbors Act of 1950, Public Law 515, 64 Stat. 163. The project was subsequently authorized under Section 142 of the Water Resources Development Act (WRDA) of 1976, Public Law 94–587, 90 Stat. 2917, 2930, as amended by Section 705 of WRDA of 1986, Public Law 99–662, 100 Stat. 4082, 4158. Authority for the NEPA early scoping process is provided by the Council on Environmental Quality (CEQ) Regulations (Forty Most Asked Questions Concerning CEQ’s National Environmental Policy Act Regulation, 46 FR 18026, 18030 (March 23, 1981) as amended 1986, see Question 13).

2. *Study Location.* The proposed study area being considered is approximately 7.5 miles, from Aquatic Park to Herons Head Park, in the City of San Francisco, San Francisco County, California. This area of the waterfront is highly urbanized, supporting commercial, residential, recreation, tourism, and open space land uses. The area contains a complex mix of piers, structures, and seawall—many of which are considered historic. A study area map can be found online at: <https://www.spn.usace.army.mil/Missions/Projects-and-Programs/Projects-A-Z/San-Francisco-Waterfront-Storm-Damage-Reduction/>.
