SUPPLEMENTARY INFORMATION: Section 4007 of title IV of the Employee Retirement Income Security Act of 1974 (ERISA) requires pension plans covered under title IV pension insurance programs to pay premiums to PBGC. All
plans covered by title IV pay a flat-rate per-participant premium. An underfunded single-employer plan also pays a variable-rate premium based on the value of the plan’s unfunded vested benefits.

Pursuant to section 4007, PBGC has issued its regulation on Payment of Premiums (29 CFR part 4007). Under § 4007.3 of the premium payment regulation, the plan administrator of each pension plan covered by title IV of ERISA is required to file a premium payment and information prescribed by PBGC for each premium payment year. Premium information is filed electronically using “My Plan Administration Account” (“My PAA”) through PBCC’s website. Under § 4007.10 of the premium payment regulation, plan administrators are required to retain records about premiums and information submitted in premium filings.

Premium filings report (i) the flat-rate premium and related data (all plans), (ii) the variable-rate premium and related data (single-employer plans), and (iii) additional data such as identifying information and miscellaneous plan-related or filing-related data (all plans). PBGC needs this information to identify the plans for which premiums are paid, to verify whether the amounts paid are correct, to help PBGC determine the magnitude of its exposure in the event of plan termination, to help track the creation of new plans and transfer of participants and plan assets and liabilities among plans, and to keep PBGC’s insured-plan inventory up to date. That information and the retained records are also needed for audit purposes.

PBGC intends to modify the 2021 premium filing to require certain plans that transferred assets to another plan (or received assets from another plan) at the beginning of the plan year to report information about the transfer. Such plans will be required to report whether the transfer was de minimis and, in the case of a de minimis merger, whether the transferee plan had fewer assets than the transferor plan. This information is necessary to verify that the date reported as the “participant count date” (i.e., the date as of which participants are counted for premium purposes) is correct.

PBGC also intends to update the premium rates and make conforming, clarifying, and editorial changes. One such change, to conform with the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019, is adding the option of “CSEC plan” (meaning cooperative and small-employer charity plan) as a response to the question of “Plan type.”

The collection of information under the regulation has been approved through December 31, 2022, by OMB under control number 1212–0009. PBGC intends to request that OMB approve the revised collection of information for three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that it will receive 31,245 premium filings per year from 31,245 plan administrators under this collection of information. PBGC further estimates that the annual burden of this collection of information is 13,540 hours and $21,621,540.

PBGC is soliciting public comments to—

• Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

• Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;

• Enhance the quality, utility, and clarity of the information to be collected; and

• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Issued in Washington, DC.

Stephanie Cibinic,

Deputy Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation.
