

express their views in writing on the standards enumerated in paragraph 7 of the Act.

Comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors, Ann E. Misback, Secretary of the Board, 20th Street and Constitution Avenue NW, Washington, DC 20551-0001, not later than September 10, 2020.

A. *Federal Reserve Bank of Chicago* (Colette A. Fried, Assistant Vice President) 230 South LaSalle Street, Chicago, Illinois 60690-1414:

1. *Graham A. Werner Descendants Trust, Graham A. Werner, as trustee, Graham A. and Barbara B. Werner Revocable Trust, Graham A. Werner and Barbara B. Werner, as trustees, Barbara B. Werner, all of Naples, Florida; Michael D. Werner Declaration of Trust, Michael D. Werner as trustee, both of Key West, Florida; Lisbeth W. Bax Stock Trust, Lisbeth Bax, as trustee, Jeffrey Werner, all of Appleton, Wisconsin; David Werner, Neenah, Wisconsin; Ann Kreiter, Oak Park, Illinois; Gregory Werner, Barrington, Illinois; Jonathan Bax, Louisville, Kentucky; Ryan Werner Bille, Eden Prairie, Minnesota; Judson Werner, Waupun, Wisconsin; Brooke Werner, Nathan Werner, both of Waupaca, Wisconsin; Hunt Werner, Charlotte, North Carolina; Andrew Bax, Pensacola, Florida; and Lindsey Bax, Huntsville, Alabama; as a group acting in concert, to join the Werner Family Control Group and retain voting shares of First State Bancshares, Inc., and thereby indirectly retain voting shares of First State Bank, both of New London, Wisconsin.*

B. *Federal Reserve Bank of Minneapolis* (Chris P. Wangen, Assistant Vice President), 90 Hennepin Avenue, Minneapolis, Minnesota 55480-0291:

1. *The Ella Elizabeth Meyerson 2008 Irrevocable GST Trust dated December 22, 2008, Atwater, Minnesota; Ella Meyerson and David A. Gutzke, as trustees, both of Minneapolis, Minnesota; the Ella E. Meyerson Revocable Trust, u/a/d September 23, 2011, and Ella Meyerson, as trustee, both of Minneapolis, Minnesota; to retain and acquire voting shares of Cattail Bancshares, Inc., Atwater, Minnesota, and thereby retain and acquire voting shares of Harvest Bank, Kimball, Minnesota, and Citizens State Bank of Waverly (Incorporated), Waverly, Minnesota, and, as a group acting in concert, to join the Meyerson family shareholder group, which controls voting shares of Cattail Bancshares, Inc.*

C. *Federal Reserve Bank of St. Louis* (David L. Hubbard, Senior Manager) P.O. Box 442, St. Louis, Missouri 63166-2034. Comments can also be sent electronically to

Comments.applications@stls.frb.org;

1. *Aaron C. Espinoza, individually and as owner of ACE Investments LLC, Newburg, Missouri; and Kyle Espinoza, Mount Juliet, Tennessee, as members of a family control group that includes Charles G. Bollinger, Hernando, Florida (in his capacities as the trustee of the Charles G. Bollinger Revocable Trust, Rolla, Missouri, Velma Bollinger Marital Trust, and general partner of the Faith Limited Partnership, both of Springfield, Missouri); to retain voting shares of Newburg Insurance Agency, Inc., Rolla, Missouri.*

Board of Governors of the Federal Reserve System, August 21, 2020.

Yao-Chin Chao,

Assistant Secretary of the Board.

BILLING CODE P

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The public portions of the applications listed below, as well as other related filings required by the Board, if any, are available for immediate inspection at the Federal Reserve Bank(s) indicated below and at the offices of the Board of Governors. This information may also be obtained on an expedited basis, upon request, by contacting the appropriate Federal Reserve Bank and from the Board's Freedom of Information Office at <https://www.federalreserve.gov/foia/request.htm>. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)).

Comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors, Ann E. Misback, Secretary of the Board, 20th

Street and Constitution Avenue NW, Washington, DC 20551-0001, not later than September 25, 2020.

A. *Federal Reserve Bank of Kansas City* (Dennis Denney, Assistant Vice President) 1 Memorial Drive, Kansas City, Missouri 64198-0001:

1. *First York Ban Corp, York, Nebraska; to acquire Tilden Bancshares, Inc., and thereby indirectly acquire The Tilden Bank, both of Tilden, Nebraska. In addition, Cornerstone Bank, York, Nebraska, to become a bank holding company for a moment in time by acquiring Tilden Bancshares, Inc., and thereby indirectly acquiring The Tilden Bank.*

Board of Governors of the Federal Reserve System, August 21, 2020.

Yao-Chin Chao,

Assistant Secretary of the Board.

BILLING CODE 6210-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-20-20PR; Docket No. CDC-2020-0074]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Improving Safety of Human-Robot Interaction. The purpose of this data collection is to gather experimental information in the CDC Division of Safety Research Virtual Reality Laboratory on the effects of robot characteristics (e.g. size, movement speed, and movement trajectory) on human behavior, perceived safety, mental workload, and trust. This information will be used to improve the design and modeling of robots and robot functions to reduce human-robot collisions as a result of improved robot

navigation, reduced human workers' workload, and increased trust.

DATES: CDC must receive written comments on or before October 26, 2020.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2020-0074 by any of the following methods:

- *Federal eRulemaking Portal:*

Regulations.gov. Follow the instructions for submitting comments.

- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to *Regulations.gov.*

Please note: Submit all comments through the Federal eRulemaking portal (*regulations.gov*) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329; phone: 404-639-7570; Email: *omb@cdc.gov.*

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

5. Assess information collection costs.

Proposed Project

Improving Safety of Human-Robot Interaction—NEW—National Institute of Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The mission of the National Institute for Occupational Safety and Health (NIOSH) is to promote safety and health at work for all people through research and prevention. NIOSH has initiated a study among manufacturing workers to improve safety of workers that work in close proximity with robots. Study results will be used to improve safety standards and lead to better design guidelines for industrial robots.

Rapid growth of advanced collaborative and mobile robots warrants investigation on safe human-robot interaction for their potential injurious energy transmission from a robot to a worker. Traditional safety measures for industrial robots, such as protective barriers, are no longer valid for the emerging collaborative and mobile robots. Physical contacts between human workers and robots are inevitable and even desired when they share a common workspace or work directly with each other under

collaborative operations. Therefore, NIOSH is proposing a study to evaluate the effects of different characteristics of robots on human behaviors, perceived safety, workload, and trust.

The study will take advantage of virtual reality technology to simulate human-robot interaction during data collection sessions. Participants will conduct two related experiments that will involve performing simulated warehouse tasks (e.g. loading/unloading boxes from shelves) in a virtual reality laboratory. Participants will interact with a mobile robot in the first experiment and a collaborative robot arm in the second. They will wear glasses that will allow them to see virtual 3D images of the robots and other objects in the environment. During each experiment task, we will use motion capture technology to track the movement and location of the participants and the virtual robots. This will allow us to track movement speed and separation distance from the virtual robots. After each experiment task, we will administer three questionnaires to the participants that will ask them about their perceived safety, mental workload, and trust in the robots. We will analyze how these measures change based on the virtual robot's operating speed, size, and movement trajectory.

Data collections will occur at the NIOSH facility in Morgantown, West Virginia. The target study population will be workers who currently work or had worked in the manufacturing industry, with varying job experiences. The burden table below accounts for 111 respondents over a three-year data collection period. Respondents will complete all forms only once, besides the Virtual Reality Sickness Questionnaire, which will be administered at the beginning and end of the data collection, and the three questionnaires (NASA Task Load Index, Perceived Safety Questionnaire, and Robot Trust Questionnaire), which will be administered after each of the 63 combined experiment trials. The total estimated burden hours are 217. There are no costs to the respondents other than their time.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
Manufacturing Workers ..	Simulator Sickness Susceptibility Questionnaire	37	1	1/60	1
	Consent Form	37	1	10/60	6
	Participant Data Collection Form	37	1	1/60	1
	Virtual Reality Sickness Questionnaire	37	2	1/60	1

ESTIMATED ANNUALIZED BURDEN HOURS—Continued

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
	Robot Experience Questionnaire	37	1	6/60	4
	Actual Experiment 1—Mobile Robot	37	1	1.16	43
	Actual Experiment 2—Collaborative Robot	37	1	1.16	43
	NASA Task Load Index	37	63	1/60	39
	Perceived Safety Questionnaire	37	63	1/60	39
	Robot Trust Questionnaire	37	63	1/60	39
Total	217

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS–R–21]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS’ intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency’s functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by September 25, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS’ website address at website address at <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing.html>.

2. Call the Reports Clearance Office at (410) 786–1326.

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786–4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes

the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Withholding Medicare Payments to Recover Medicaid Overpayments and Supporting Regulations in 42 CFR 447.31; *Use:* Certain Medicaid providers that are subject to offsets for the collection of Medicaid overpayments may terminate or substantially reduce their participation in Medicaid, leaving the state Medicaid agency unable to recover the amounts due. Recovery procedures allow for determining the amount of overpayments and offsetting the overpayments by withholding the provider’s Medicare payments. To effectuate the withholding, the state agency must provide their respective CMS regional office with certain documentation that identifies the provider and the Medicaid overpayment amount. The agency must also demonstrate that the provider was notified of the overpayment and that demand for the overpayment was made. An opportunity to appeal the overpayment determination must be afforded to the provider by the Medicaid state agency. Lastly, Medicaid state agencies must notify CMS when to terminate the withholding; *Form Number:* CMS–R–21 (OMB control number: 0938–0287); *Frequency:* Occasionally; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 54; *Total Annual Responses:* 27; *Total Annual Hours:* 81. (For policy questions regarding this collection contact Stuart Goldstein at 410–786–0694.)

Dated: August 21, 2020.

William N. Parham, III,
Director, Paperwork Reduction Staff, Office of Strategic Operations and Regulatory Affairs.
