Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (85 FR 35946, June 12, 2020) required by 44 U.S.C. 3506(c)(2). We received one comment in response to our 60 day notice. The commenter expressed their support for the collection of information stating that the USCG should be allowed to collect the necessary information from all U.S. vessels and vessels with no nationality transiting these waters. The commenter also stated that this rule not only will reinforce the embargo, but it will increase security.

The U.S. Coast Guard enforces these requirements on all applicable vessels. Under existing authority, the Coast Guard can request this information from operators of vessels identified as being without nationality or stateless. No changes have been made to the information collection request in response to the comment.

Information Collection Request

Title: Unauthorized Entry Into Cuban Territorial Waters.

OMB Control Number: 1625–0106.

Summary: The Coast Guard, pursuant to Presidential proclamation and order of the Secretary of Homeland Security, is requiring U.S. vessels, and vessels without nationality, less than 100 meters, located within the internal waters or the 12 nautical mile territorial sea of the United States, that thereafter enter Cuban territorial waters, to apply for and receive a Coast Guard permit.

Need: The information is collected to regulate departure from U.S. territorial waters of U.S. vessels, and vessels without nationality, and entry thereafter into Cuban territorial waters. The need to regulate this vessel traffic supports ongoing efforts to enforce the Cuban embargo, which is designed to bring about an end to the current government and a peaceful transition to democracy. Accordingly, only applicants that demonstrate prior U.S. government approval for exports to and transactions with Cuba will be issued a Coast Guard permit.

The permit regulation requires that applicants hold United States Department of Commerce, Bureau of

Industry and Security (BIS) and U.S. Department of Treasury the Office of Foreign Assets Control (OFAC) licenses that permit exports to and transactions with Cuba. The USCG permit process thus allows the agency to collect information from applicants about their status vis-à-vis BIS and OFAC licenses and monitor compliance with BIS and OFAC regulations. These two agencies minister statutes and regulations that proscribe exports to (BIS) and transactions with (OFAC) Cuba. Accordingly, in order to assist BIS and OFAC in the enforcement of these license requirements, as directed by the President and the Secretary of Homeland Security, the Coast Guard is requiring certain U.S. vessels, and vessels without nationality, to demonstrate that they hold these licenses before they depart for Cuban waters.

Forms: CG–3300, Application for Permit to Enter Cuban Territorial Seas.

Respondents: Owners and operators of vessels.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden has been decreased to 5 hours per year due to the reinforced restrictions and current status of diplomatic relations between the United States and Cuban governments resulting in fewer individuals are attempting to travel to Cuba via the maritime realm.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended.

Dated: August 21, 2020.

Kathleen Claffie,

Chief, Office of Privacy Management, U.S. Coast Guard.
