[Docket No. FR–5994–N–05]

**Operations Notice for the Expansion of
the Moving to Work Demonstration
Program**

AGENCY: Office of Public and Indian
Housing, HUD.

ACTION: Notice.

SUMMARY: This final Operations Notice for the Expansion of the Moving to Work (MTW) Demonstration Program (MTW Operations Notice) establishes requirements for the implementation and continued operation of the MTW demonstration program pursuant to the 2016 MTW Expansion Statute, which authorizes HUD to expand the MTW demonstration program from the current size of 39 agencies to an additional 100 agencies over a period of 7 years. Under the MTW program, MTW agencies have the flexibility to apply fungibility among three core funding programs' funding streams—public housing Operating Funds, public housing Capital Funds, and HCV assistance (to include both HAP and Administrative Fees) and are also permitted to waive a number of program requirements.

This notice follows prior **Federal Register** notices for public comment and, following HUD's consideration of the comments received, revises and adds waivers and activities, which are included in the three Appendices also published in today's **Federal Register**. Appendix 1, MTW Waivers, is a simplified guide for MTW agencies seeking to develop MTW initiatives that have already been executed by existing MTW agencies. MTW agencies may implement any activity contained in Appendix I without further HUD approval as long as it is included in the MTW Supplement and implemented with the associated safe harbors. Appendix II contains instructions for written impact analyses and hardship policies. Impact analyses are required for certain activities, such as Work Requirements, Term-Limited Assistance, and Stepped Rent. Appendix II also contains procedures for the written policies MTW agencies must adopt for determining when a requirement or provision of an MTW activity constitutes a financial or other hardship for the family. Appendix III contains the method for calculating the requirement that MTW agencies house substantially the same number of families as they would have absent MTW.

This notice is final and effective immediately. This final notice also

solicits additional public comments on additional activities and waivers added in this notice, and HUD will notify the public if any changes are made as a result of these additional public comments.

SUPPLEMENTARY INFORMATION:

I. Background

The Public Housing/Section 8 Moving to Work (MTW) demonstration program was first established under Section 204 of the Omnibus Consolidated Rescissions and Appropriations Act of 1996, Public Law 104–134, 110 Stat. 1321 (1996 MTW Statute) to provide statutory and regulatory flexibility to participating public housing agencies (PHAs) under three statutory objectives. Those three statutory objectives are: to reduce cost and achieve greater cost effectiveness in Federal expenditures; to give incentives to families with children whose heads of household are either working, seeking work, or are participating in job training, educational or other programs that assist in obtaining employment and becoming economically self-sufficient; and to increase housing choices for low-income families.

Section 239 of the Fiscal Year 2016 Appropriations Act, Public Law 114–113 (2016 MTW Expansion Statute), signed by the President on December 18, 2015, authorizes HUD to expand the MTW demonstration program from the current size of 39 agencies to an additional 100 agencies over a period of 7 years. This notice was originally proposed on January 23, 2017, in the **Federal Register**, at 82 FR 8056, entitled “Operations Notice for the Expansion of the Moving to Work Demonstration Program Solicitation of Comment.” On May 4, 2017, the notice was republished with three technical revisions and an extension of the comment period at 82

FR 20912. HUD took all comments received into consideration. On October 5, 2018, the notice was republished at 83 FR 50387 with revisions based on public comments and policy determinations and to provide an additional comment period.

II. The Public Comments

HUD received 17 public comments on the October 5, 2018 notice, from a wide variety of public commenters. Commenters included a Congressional representative, public housing agencies, trade associations, interest groups, and individuals, and HUD considered all comments received. HUD has also been considering during the process all comments submitted in response to the earlier notices. HUD thoroughly considered all public comments and accordingly is making some changes in this final notice, as stated in section III, "This final notice."

III. This Final Notice

HUD has reviewed and considered the feedback that was provided, and changes to this notice have been made to incorporate feedback from the three previous publications and to reflect final policy decisions. The primary changes are as follows:

- *Term of Participation:* The term of participation is now 20 years from designation.
- *Simplified Agency-Specific Waiver Request Process:* In response to feedback, the process for MTW agencies to request an Agency-Specific Waiver in order to propose additional activities that are not included as MTW Waivers has been simplified.
- *Safe Harbor Waivers:* The MTW Operations Notice describes a simplified process for MTW agencies to implement MTW activities outside of the safe harbors described in Appendix I. Additionally, certain safe harbors have been revised drawing from research of a current MDRC study on rent reform (e.g., safe harbors relating to minimum rent and gross rent activities). MTW agencies may alter the safe harbors through a Safe Harbor Waiver request.
- *Impact Analysis and Hardship Policy Requirements:* Since certain safe harbors have been revised, the MTW Operations Notice eliminated one or both of the requirements for an impact analysis and hardship policy from several of the rent reform activities. In addition, to respond to concerns about transparency, two additional questions have been added to the impact analysis, which must now be appended to the yearly MTW

Supplement (See section VI.7.a) to make them more accessible to the public. Finally, to respond to concerns about the low frequency of hardship use, MTW agencies will be required to discuss their hardship policy(s), which must also be appended to the MTW Supplement, with residents during intake, reexamination, and to consider their applicability should a potential termination of assistance occur due to an MTW activity.

- *Factors for Discontinuing an Activity:* In the MTW Operations Notice, HUD has clarified what factors may be considered when determining if a PHA should discontinue an activity.
- *Funding Cap for Local, Non-Traditional Activities:* The MTW Operations Notice provides a funding cap for local, non-traditional activities to be ten percent of an MTW agency's Housing Choice Voucher (HCV) Housing Assistant Payment (HAP) funding. MTW agencies may exceed the cap through the simplified Safe Harbor Waiver process.
- *Serving Substantially the Same Number of Households:* HUD's approach to the Substantially the Same (STS) requirement for MTW agencies has been updated so that the methodology differs for the public housing and HCV programs, since the funding calculation for each is significantly different. In the public housing program, MTW agencies must maintain a 96 percent occupancy rate to remain compliant with the STS requirement. In the HCV program, the number of families required to be housed is related to the amount of funding received. To be compliant with the STS requirement in the HCV program, the MTW agency will be required to house at least 90% of the families it would be able to house based on the HCV HAP dollars it receives each year. This method is the same concept, but simplified, from prior proposed iterations of the STS methodology.

IV. Solicitation of Public Comments

HUD has engaged in extensive public engagement in formulating this final notice, including three prior **Federal Register** publications with opportunity for public comment. Nonetheless, HUD is providing an additional opportunity to comment on the activities and waivers that are implemented in section III of this notice under the subheading "*Additional activities and waivers.*" This additional opportunity for public comment does not delay the effective date of this final notice. HUD will consider any additional comments submitted going forward and will notify the public if there are any changes to the activities and waivers as a result. HUD will allow 60 days for additional public comment on the new items. HUD will provide a further **Federal Register** Notice if additional changes are made to the "*Additional activities and waivers.*" If there are no changes, the additional items will be implemented without further notice.

V. Environmental Impact

A Finding of No Significant Impact (FONSI) with respect to the environment has been made in accordance with HUD regulations in 24 CFR part 50 that implement section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)). The FONSI is available for public inspection on www.regulations.gov.

1. Purpose and Applicability

This Moving to Work (MTW) Operations Notice (MTW Operations Notice) establishes requirements for the implementation and continued operation of the expansion of the MTW demonstration program pursuant to Section 239 of the Fiscal Year 2016 Appropriations Act, Public Law 114–113 (2016 MTW Expansion Statute). The MTW Operations Notice applies to all public housing agencies (PHAs) designated as MTW pursuant to the 2016 MTW Expansion Statute and to any previously-designated MTW agency that elects to operate under the terms of

this notice, collectively referred to in this MTW Operations Notice as an “MTW agency.”

The MTW demonstration program allows PHAs to design and test innovative, locally-designed housing and self-sufficiency strategies for low-income families by permitting PHAs to use assistance received under Sections 8 and 9 of the Housing Act of 1937, as amended, 42 U.S.C. 1437 *et seq.* (1937 Act) more flexibly and, as approved by HUD, with certain exemptions from existing public housing and HCV program requirements.

Through the MTW Amendment to the Annual Contributions Contract(s) (ACC),¹ an MTW agency agrees to comply with the program requirements and terms and conditions detailed in the MTW Operations Notice for the term of the MTW agency’s participation in the MTW demonstration. Unless otherwise explicitly provided in the MTW Operations Notice, an MTW agency’s MTW program applies to all of the MTW agency’s public housing units (including MTW agency-owned properties and units comprising a part of mixed-income, mixed finance communities), tenant-based HCV assistance, project-based HCV assistance under Section 8(o) of the 1937 Act, and homeownership units developed using Section 8(y) HCV assistance of the 1937 Act.

This MTW Operations Notice *does not* apply to HCV assistance that is required: (1) To make payments to other PHAs under HCV portability billing procedures; (2) to meet particular purposes for which HUD has expressly committed the assistance to the MTW agency;² or (3) to meet existing contractual obligations of the MTW agency to a third party (such as Housing Assistance Payment (HAP) contracts with owners under the MTW agency’s HCV program), unless a third party agrees to Project-Based Voucher (PBV) activities implemented under the MTW program with the MTW agency.

Any significant updates,³ as determined by HUD, to the MTW Operations Notice will be preceded by a public comment period. However, HUD may supplement the MTW

Operations Notice with PIH Notices without public comment if it determines a need to provide more detailed guidance, including with respect to implementing future appropriations act provisions and revisions to financial policies and procedures. Further, HUD will develop informational materials to address various program elements, which HUD will post on the MTW website at www.hud.gov/mtw.

2. Background

a. MTW Demonstration Program

The MTW demonstration program was first established under Section 204 of Title II of section 101(e) of the Omnibus Consolidated Rescissions and Appropriations Act of 1996, Public Law 104–134, 110 Stat. 1321–281; 42 U.S.C. 1437f note (1996 MTW Statute)⁴ to provide certain statutory and regulatory flexibility⁵ to participating PHAs under the following three statutory objectives:

- Reduce cost and achieve greater cost effectiveness in federal expenditures;
- Give incentives to families with children where the head of household is working, seeking work, or is preparing for work by participating in job training, educational programs, or programs that assist people to obtain employment and become economically self-sufficient; and
- Increase housing choices for eligible low-income families.

To achieve these objectives, PHAs selected for participation in the MTW demonstration are given exemptions from some existing public housing and HCV rules and are offered more flexibility with how they use their federal funds. MTW agencies use this opportunity presented by the MTW demonstration to better address local housing needs and encourage self-sufficiency among those families receiving HUD-assisted housing. HUD considers the experience of MTW agencies when developing new housing policy recommendations that can positively impact assisted housing delivery for PHAs and incentivize low-income families to gain self-sufficiency across the nation.

In addition to statutory and regulatory relief,⁶ MTW agencies have the

¹ OMB Approval Number 2577–0294.

² Mainstream Vouchers, HUD-Veterans Affairs Supportive Housing (HUD-VASH) Vouchers, Non-Elderly Disabled (NED) Vouchers, Mobility Demonstration Vouchers, Family Unification Program (FUP) Vouchers, and Foster Youth to Independence Vouchers are not part of the MTW demonstration program, however certain MTW flexibilities may be applied to these voucher types, as further described in section VI.9 of this MTW Operations Notice.

³ Significant amendments could include adding or removing MTW Waivers found in Appendix I.

⁴ “PHAs currently operating an MTW demonstration program” are PHAs with an active MTW Agreement as of December 15, 2015. “PHAs currently operating an MTW program” does not include PHAs that previously participated in the MTW demonstration and later left the demonstration.

flexibility to apply fungibility among three core funding programs' funding streams—public housing Operating Funds, public housing Capital Funds, and HCV assistance (to include both HAP and Administrative Fees)—hereinafter referred to as “MTW Funding.”⁷ Throughout participation in the MTW demonstration program, MTW agencies must continue to meet five statutory requirements established by the 1996 MTW Statute, which are described further in section VI.7.c.i of this MTW Operations Notice.

As of December 15, 2015, the date the 2016 MTW Expansion Statute was signed into law, there were 39 agencies⁸ participating in the MTW demonstration program. The administrative structure for these 39 agencies is outlined in the Standard MTW Agreement, an agreement between each existing MTW agency and HUD. The 2016 MTW Expansion Statute extended the term of the Standard MTW Agreement through each of the existing MTW agencies' 2028 fiscal year.

b. 2016 Expansion of the MTW Demonstration Program

Through the demonstration expansion authorized by the 2016 MTW Expansion Statute, HUD will extend MTW flexibility to a broader range of PHAs

existing MTW agencies, please refer to the MTW website at www.hud.gov/mtw.

⁷ Funds awarded under Sections 8(o), 9(d), and 9(e) of the 1937 Act are eligible for expanded uses pursuant to MTW fungibility, with the exception of funds provided for specific non-MTW HCV sub-programs. Other funds a PHA may receive (*i.e.* grant funds under another obligating document) are likewise not covered by MTW flexibilities and must be tracked and reported under the applicable rules and requirements.

⁸ The 39 agencies are: Alaska Housing Finance Corporation; Atlanta Housing; Housing Authority of the City of Baltimore; Boulder Housing Partners; Cambridge Housing Authority; Housing Authority of Champaign County; Charlotte Housing Authority (INLIVIAN); Chicago Housing Authority; Housing Authority of Columbus, Georgia; District of Columbia Housing Authority; Delaware State Housing Authority; Fairfax County Redevelopment and Housing Authority; Holyoke Housing Authority; Keene Housing; King County Housing Authority; Lawrence-Douglas County Housing Authority; Lexington-Fayette Urban County Housing Authority; Lincoln Housing Authority; Louisville Metropolitan Housing Authority; Massachusetts Department of Housing and Community Development; Minneapolis Public Housing Authority; Elm City Communities/Housing Authority of the City of New Haven; Oakland Housing Authority; Orlando Housing Authority; Philadelphia Housing Authority; Housing Authority of the City of Pittsburgh; Portage Metropolitan Housing Authority; Home Forward (Portland, OR); Reno Housing Authority; San Antonio Housing Authority; Housing Authority of the County of San Bernardino; San Diego Housing Commission; Housing Authority of the County of San Mateo; Housing Authority of the County of Santa Clara/City of San Jose; Seattle Housing Authority; Tacoma Housing Authority; Housing Authority of Tulare County; and Vancouver Housing Authority.

regarding diversity of size and geographic location, balancing the flexibility inherent in MTW with the need for measurement, evaluation, and prudent oversight. Overall, in expanding the MTW demonstration, HUD intends to build on the successes and lessons learned from the demonstration thus far to improve the delivery of Federally assisted housing and promote self-sufficiency among assisted low-income families across the nation.

As the 2016 MTW Expansion Statute directs, HUD is authorized to expand the MTW demonstration program from the current level of 39 agencies to an additional 100 agencies over a period of seven years, ending in 2022. The 2016 MTW Expansion Statute requires that the 100 new MTW agencies be high-performing at the time of application to the demonstration in either HUD's Public Housing Assessment System (PHAS) or its Section Eight Management Assessment Program (SEMAP), and MTW agencies must represent geographic diversity across the country.⁹ Further, the 2016 MTW Expansion Statute imposes strict size limitations¹⁰ on these 100 PHAs and requires that five of the 100 PHAs be agencies with portfolio-wide awards under the Rental Assistance Demonstration (RAD).¹¹

c. Eligibility and Selection for the Expansion of the MTW Demonstration

As required by 2016 MTW Expansion Statute, HUD intends to designate 100 new agencies for the expansion of the MTW designation in cohorts over a period of seven years, ending in 2022. For each cohort of MTW agencies selected, the 2016 MTW Expansion Statute requires HUD to direct one specific policy change to be implemented by the MTW agencies, which HUD will evaluate rigorously. MTW agencies may implement additional policy changes, as long as those policy changes do not conflict or interfere with the cohort study. As required by the 2016 MTW Expansion Statute, the HUD-appointed MTW

⁹ Geographic diversity will be considered based on both MTW agencies designated pursuant to the 2016 MTW Expansion Statute and the existing 39 MTW agencies.

¹⁰ No less than 50 with 1,000 or fewer aggregate housing voucher and public housing units; no less than 47 with 1,001–6,000 aggregate units; no more than 3 with 6,001–27,000 aggregate units; no PHA shall be granted MTW designation if it administers more than 27,000 aggregate units.

¹¹ A portfolio award is defined for these purposes as a conversion of a PHA's entire public housing inventory to RAD. All RAD conversions must be closed and the former public housing units removed from IMS/PIC in order to satisfy the portfolio-wide requirement.

Research Advisory Committee (the Committee), described further below, advised HUD on the policy changes to be tested through the new cohorts of MTW agencies and the methods of research and evaluation.

HUD is issuing separate PIH Notices for each cohort to solicit applications from eligible PHAs for participation in the MTW demonstration. These notices will outline the specific application submission requirements, evaluation criteria, and process HUD will use when selecting PHAs for MTW designation.

d. MTW Research Advisory Committee

The 2016 MTW Expansion Statute required HUD to form and consult with the Committee, which was established in May 2016.¹² The purpose of the Committee is to provide independent advice to HUD with respect to the policies and methods of research in the evaluation of the MTW expansion. The Committee is specifically charged with advising HUD on the following:

- Policy proposals and evaluation methods for the MTW demonstration to inform the one specific policy change required for each cohort of agencies;
- Rigorous research methodologies to measure the impact of policy changes studied;
- Policy changes adopted by MTW agencies that have proven successful and can be applied more broadly to all PHAs; and
- Statutory and/or regulatory changes (specific waivers and associated activities, and program and policy flexibility) necessary to implement policy changes for all PHAs.

The Committee has no role in reviewing or selecting the 100 PHAs to participate in the expansion of the MTW demonstration.

Based on the advice of the Committee, HUD will study, by cohort of MTW agencies, the following four policies (which are in no particular order except for the first two cohorts): Impact of MTW Flexibility on small sized PHAs;¹³ Rent Reform; Work Requirements; and Landlord Incentives. HUD may determine that additional policies be studied through the MTW expansion and will consider the advice of the Committee.

¹² The Committee is governed by the Federal Advisory Committee Act (5 U.S.C. Appendix 2), which sets forth standards for the formation and use of advisory committees. More information on the Committee can be found at: https://www.hud.gov/program_offices/public_indian_housing/programs/ph/mtw/expansion/rac.

¹³ For the purpose of the MTW expansion, small is defined as managing or administering 1,000 or fewer units.

3. Term of Participation

The term of each MTW agency's MTW designation will be twenty years (PHA fiscal years) starting from the time of its designation as an MTW agency. All waivers and associated activities provided through the MTW Operations Notice expire at the end of the MTW agency's term of participation, unless otherwise discontinued in accordance with section VI.4.f of this notice. However, if HUD determines that additional time beyond the end of the MTW agency's MTW term is needed to evaluate a cohort-specific policy change, or if the MTW agency requests to extend a particular waiver, HUD may approve an extension of any specific waiver(s).

Once an MTW agency has implemented an activity pursuant to the authority of the MTW Operations Notice, the MTW agency may continue to implement that activity throughout the term of its participation in the demonstration, subject to the terms of this notice regarding discontinuation of MTW activities, or, any amendments to this notice, or any successor notice. The MTW agency must end all activities requiring MTW-authorized waivers upon expiration of its MTW participation since HUD cannot guarantee that it will be able to extend any waivers and associated activities beyond that point. For this reason, when entering into contracts with third parties that draw upon MTW flexibility, the MTW agency must disclose that such flexibility is only available during the term of the MTW agency's participation in the MTW demonstration as permitted in this notice. An exception is third-party contracts that relate to the cohort-specific policy change and associated waiver(s).

4. Waivers

Pursuant to the 1996 MTW Statute and 2016 MTW Expansion Statute, Appendix I of this notice provides waivers of certain provisions of the 1937 Act as well as the implementing regulations. These waivers and associated activities afford MTW agencies the opportunity to use their MTW authority to pursue locally driven policies, procedures, and programs in order to further the goals of the demonstration. In addition, the MTW agency may request, and be granted, Safe Harbor Waivers and Agency-Specific Waivers, described further below, to implement innovative MTW activities unique to its community. MTW agencies may update their leases to reflect the MTW flexibilities used through these waivers. When implementing MTW waivers through

MTW activities, MTW agencies must ensure assisted families are made aware of the impacts the activity(s) may have on their tenancy.

The following are the categories of waivers that MTW agencies may pursue:

- **MTW Waivers**—MTW agencies may conduct any permissible activity in the MTW Waivers category within the defined range of flexibility, characterized in this notice as a “safe harbor.” Safe harbors contain the additional requirements (beyond those specified in the activity description) the agency must follow in order to implement the activity once it is included in an approved MTW Supplement to the PHA Plan. Prior to implementation, the MTW Waivers must be included in an approved MTW Supplement to the PHA Plan (see section VI.7.a). MTW Waivers are detailed in Appendix I.

- **Safe Harbor Waivers**—MTW agencies may request to implement activities in a manner inconsistent with the safe harbors of an MTW Waiver's activity through the submission of a Safe Harbor Waiver request.

- **Agency-Specific Waivers**—MTW agencies may seek an Agency-Specific Waiver in order to implement additional activities not contained in the MTW Waivers and to request to waive a statutory or regulatory requirement not included in Appendix I.

- **Cohort-Specific Waivers**—MTW agencies may be provided with Cohort-Specific Waivers if additional waivers not included in Appendix I are necessary to allow for the implementation of the required cohort study. Cohort-Specific Waivers will be detailed in the applicable Selection Notice for that cohort study.

a. MTW Waivers

Appendix I, MTW Waivers, is a simplified guide for MTW agencies seeking to adopt MTW initiatives that have been implemented by existing MTW agencies; it is not intended to be the complete listing of what an MTW agency can and cannot do (see Safe Harbor Waivers and Agency-Specific Waivers). MTW agencies may implement any activity contained in Appendix I without further activity-specific HUD review and approval as long as it is included in the MTW Supplement (described in section VI.7.a of this notice) of an approved PHA Plan and implemented within the associated safe harbor(s). MTW agencies may combine activities together at the PHA level in order to create more comprehensive initiatives.

Appendix I includes the waiver name, waiver description, statutes and

regulations waived, permissible activities, and safe harbors associated with each of the MTW Waivers. The waiver description defines the authorization provided to the MTW agency, subject to the terms of this notice. The list of statutes and regulations waived details the citations of the 1937 Act requirements that may be waived by an MTW agency in order to implement an activity. The list of waivers and list of activities are organized by program type (*i.e.*, public housing and/or HCV program). The safe harbors section contains the additional requirements (beyond those specified in the activity description) that the MTW agency must follow in implementing activities without further HUD approval.

b. Safe Harbor Waivers

Since the safe harbors, as written in Appendix I, may not align with local priorities or market conditions at some MTW agencies, MTW agencies may request to expand an activity that is in Appendix I outside of the listed safe harbor(s).¹⁴ Elements that are required to be provided in the request to waive Appendix I safe harbors will be identified in the MTW Supplement form.¹⁵

MTW agencies must work closely with their residents and stakeholders when developing the Safe Harbor Waivers; therefore, when submitting a Safe Harbor Waiver, the MTW agency must, in addition to following the PHA Plan public process requirements, also hold a meeting to specifically discuss the Safe Harbor Waivers. The MTW agency must consider, in consultation with the Resident Advisory Board (RAB) and tenant association, as applicable, all of the comments received at the public hearing. The comments received by the public, RABs, and tenant associations must be submitted by the MTW agency, along with the MTW agency's description of how the comments were considered, as a required attachment to the MTW Supplement. This public comment and review period affords the residents and community stakeholders the opportunity to provide input on the proposed Safe Harbor Waivers prior to its submission to HUD.

Following approval of the PHA Plan and MTW Supplement, an MTW agency must update its Administrative Plan and Admissions and Continued Occupancy Policy (ACOP), as applicable, prior to implementing the Safe Harbor Waiver. Disapproval of Safe Harbor Waivers will

¹⁴ Certain safe harbors, such as impact analyses and hardship policies, are not waivable, as noted in Appendix I.

¹⁵ See 83 FR 50676 (October 9, 2018). HUD will publish the final form in the future.

be communicated via the approval letter of the PHA Plan and MTW Supplement. The MTW agency must follow the instructions provided by the field office in the letter regarding updating the MTW Supplement. Any such disapproval would only apply to a specific Safe Harbor Waiver, as noted in the approval letter, and would not apply to the entire PHA Plan. Where additional review time may be needed by HUD, the approval letter of the PHA Plan and MTW Supplement will state that the waiver decision is pending and the MTW agency must await further instructions from HUD prior to implementing the Safe Harbor Waiver.

Reasons that HUD may object to a Safe Harbor Waiver include, but are not limited to, the following:

- The information required in the MTW Supplement, or equivalent form as approved by OMB, is not provided or is deemed insufficient;
- The MTW agency's proposed Safe Harbor Waiver is inconsistent with requirements outside of the 1937 Housing Act or is otherwise not permissible under MTW authority;
- There are other good cause factors for objection, such as material misrepresentation, in the submission;
- The Safe Harbor Waiver conflicts with any of the five statutory MTW requirements, as determined by HUD; or
- The Safe Harbor Waiver is determined to have potential significant negative impacts on families or the MTW agency's operation of its assisted housing programs using Section 8 and 9 funds, as determined by HUD.

c. Agency-Specific Waivers

The MTW demonstration program is intended to foster innovation and HUD encourages MTW agencies, in consultation with their residents and stakeholders, to be creative in their approach to solving affordable housing issues facing their local communities. For this reason, flexibilities beyond those provided for in Appendix I may be needed. Agency-Specific Waivers may be requested if an MTW agency wishes to implement additional activities, waive a statutory or regulatory requirement not included in Appendix I.¹⁶

In order to pursue an Agency-Specific Waiver, an MTW agency must include the Agency-Specific Waiver request in the MTW Supplement to its PHA Plan, for HUD review and approval. In order to pursue an Agency-Specific Waiver, an MTW agency must include an

Agency-Specific Waiver request, an impact analysis, and a hardship policy (if the activity poses a potential risk to the continued tenancy of households), in the MTW Supplement to its PHA Plan. Other required elements to be provided in the request will be identified in the MTW Supplement form.

Specific requirements for conducting impact analyses and creating hardship policies are provided in Appendix II. When developing Agency-Specific Waiver requests, an agency must determine whether to implement additional hardship criteria beyond the criteria contained in Appendix II. Any additional hardship criteria must be included in the waiver request.

MTW agencies must work closely with their residents and stakeholders when developing the Agency-Specific Waivers; therefore, similar to submitting Safe Harbor Waivers, when submitting an Agency-Specific Waiver, the MTW agency must not only follow the PHA Plan public process requirements, but it must also have an additional public meeting to specifically discuss the Agency-Specific Waivers.¹⁷ The MTW agency must consider, in consultation with the RAB and tenant association, as applicable, all of the comments received at the public hearing. The comments received by the public, RABs, and tenant associations must be submitted by the MTW agency, along with the MTW agency's description of how the comments were considered, as a required attachment to the MTW Supplement. This public comment and review period provides the residents and community stakeholders the opportunity to provide input on the proposed Agency-Specific Waiver prior to its submission to HUD.

Following approval of the PHA Plan and MTW Supplement, an MTW agency must update its Administrative Plan and ACOP, as applicable, prior to implementing the Agency-Specific Waiver. Disapproval of Agency-Specific Waivers will be communicated via the approval letter of the PHA Plan and MTW Supplement; the MTW agency must follow the instructions provided by the field office in the letter regarding updating the MTW Supplement. HUD may object to an Agency-Specific Waiver for the same reasons it may object to a Safe Harbor Waiver. Any disapproval would only apply to a discrete Agency-Specific Waiver, as noted in the approval letter, and would not apply to the entire PHA Plan. In rare instances where additional review time

may be needed, the approval letter of the PHA Plan and MTW Supplement will state that the waiver decision is pending and the MTW agency must await further instructions from HUD prior to implementing the Agency-Specific Waiver.

Statutory and/or regulatory waiver(s) derived from the 1937 Act or its implementing regulations that are outside those listed in Appendix I cannot be granted by the MTW Office alone; therefore, the MTW Office will coordinate the approval of those waivers with the appropriate signatory (e.g., Assistant Secretary, General Deputy Assistant Secretary, etc.). HUD is committed to providing a timely review of Agency-Specific Waivers.

d. Cohort-Specific Waivers

Cohort-Specific Waivers include statutory and/or regulatory waivers and associated activities, outside of those included in Appendix I, that are unique to a specific cohort to allow them to complete their required cohort evaluation. Depending upon the evaluation design, HUD may restrict certain activities within the MTW Waivers or provide additional Cohort-Specific Waivers that are not included in Appendix I, and this would be articulated in the Selection Notice for the applicable cohort. Any restriction would only be in place during the evaluation period, as specified in the Selection Notice, and once the evaluation is concluded, the MTW agency would have access to all of the MTW Waivers. Specific policy changes to be tested through a given cohort may not require any Cohort-Specific Waivers. Any MTW activities that would impact or conflict with the cohort-specific policy change will be identified in the respective Selection Notice so that the MTW agency is aware of this potential restriction on its use of waivers before it enters the MTW demonstration program. Cohort-Specific Waivers and the associated MTW activities may only be used to the extent allowed under the applicable evaluative framework provided by HUD in the applicable Selection Notice.

e. Requirements Outside of the Scope of MTW Waiver Authority

The MTW demonstration program may only waive certain provisions of the 1937 Act and its implementing regulations. The MTW demonstration program does not permit waivers of statutes outside of the 1937 Act or regulations and requirements promulgated under authority outside of the 1937 Act. Accordingly, HUD and the MTW agencies may not waive or

¹⁶ The MTW demonstration program may only waive certain provisions of the 1937 Act and its implementing regulations.

¹⁷ This can be the same meeting to discuss Safe Harbor Waivers (i.e., a combined meeting).

otherwise deviate from compliance with Fair Housing and Civil Rights laws and regulations, discrimination laws, labor standards, or environmental statutes and executive orders, or any other applicable statutes and regulations. Other subject matter prohibited from waivers or restricted with respect to waivers is discussed in section VI.10 of this notice. All applicable federal, state, and local requirements shall continue to apply even in the event of a conflict between such a requirement and a waiver or activity granted by this notice.

Additionally, the five statutory requirements established under the 1996 MTW Statute, hereinafter referred to as the “five statutory MTW requirements,” cannot be waived. The following are the five statutory MTW requirements: Very low-income requirement, reasonable rent policy, substantially the same requirement, comparable mix requirement, and housing quality standards. In implementing MTW activities, MTW agencies remain subject to all other terms, conditions, and obligations under this notice, and all other federal requirements applicable to the public housing program, the HCV program, federal funds, and PHAs.

f. Discontinuation of MTW Activity

To the extent any MTW activity conflicts with any of the five statutory MTW requirements or other applicable requirements, as determined by HUD, HUD reserves the right to require the MTW agency to discontinue the activity or to revise the activity to comply with such applicable contemporary requirements.

HUD also reserves the right to require an MTW agency to discontinue any activity derived from a waiver should it have significant negative impacts on families or the MTW agency’s operation of its assisted housing programs using Section 8 and 9 funds, as determined by HUD. The factors that may be considered when determining whether an activity should be discontinued include, but are not limited to, the following: Rate of port-outs, attrition rates, occupancy and/or utilization levels, voucher leasing success rates, rent burdens, local market conditions, impact analyses, and number of hardship requests. Prior to requiring a discontinuation of an activity, HUD may take intermediary steps to work with the MTW agency and its residents to provide technical assistance, discuss the activity, and determine whether a discontinuation is in fact necessary.

In the event the MTW Operations Notice is updated to remove a specific Appendix I waiver, the MTW agency

may continue to implement any activity that has been implemented related to that waiver through the term of the PHA’s MTW designation, so long as it does not conflict with any of the five statutory MTW requirements (see section VI.7.c.i) or other applicable current requirements or have significant negative impacts on families or the MTW PHA’s operation of its assisted housing programs using funds provided under Section 8 and 9 of the 1937 Act, as determined by HUD, as described in the preceding paragraph.

5. MTW Funding Flexibility and Financial Reporting

During the term of the demonstration, subject to changes in future years’ appropriations, HUD will provide an MTW agency with public housing Operating Fund Program (OFP) grants, public housing Capital Fund Program (CFP) grants, and/or HCV HAP and Administrative Fee assistance as detailed in this notice. CFP grants may include Formula grants; Demolition or Disposition Transitional Funding (DDTF), which are included in regular Formula grants; and/or funds from older Replacement Housing Factor (RHF) grants (a program later superseded by DDTF). The HCV funding amount for MTW agencies may be increased by additional allocations of vouchers that the MTW agency is awarded over the term of its participation in the MTW demonstration. MTW Funding provided to an MTW agency, including public housing OFP grants, public housing CFP grants, and HCV HAP and Administrative Fee assistance, is subject to any laws promulgated in future years, which include without limitation: Statutes, appropriations acts, notices implementing appropriations acts, regulations, and executive orders.

a. MTW Funding Flexibility

MTW agencies will have the flexibility to apply fungibility among public housing Operating Fund, public housing Capital Fund, and HCV HAP and Administrative Fee assistance. These flexibilities expand the eligible uses of each covered funding stream, but do not negate the need for both the PHA and HUD to be able to account for the funding from its original source to the date of its ultimate eligible use¹⁸ by the PHA, comply with federal grant and financial management requirements, and use funds effectively and efficiently for their eligible purposes. As HUD

¹⁸ The date of the “ultimate eligible use” means the date of disbursement by the PHA for an eligible purpose, which would remove the funding from the PHA’s account and the PHA’s control.

continues to implement program-specific financial management policies in its core housing programs, MTW agencies will be subject to the same requirements and procedures as non-MTW agencies. Therefore, the requirements and procedures described in this notice may change as new financial management policies are implemented over time. HUD will update existing guidance and issue new reporting requirements, as appropriate, to allow HUD to meet its monitoring and oversight responsibilities while ensuring MTW agencies fully utilize and benefit from the flexibilities established by Congress for these funds pursuant to the MTW demonstration and the 2016 MTW expansion. HUD will also update existing guidance and issue new reporting requirements, as appropriate, to ensure compliance with 2 CFR part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, including with respect to Federal financial management.

An MTW agency participating in the MTW demonstration program may flexibly use public housing Operating and Capital Funds provided under Sections 9(d) and 9(e) of the 1937 Act and HCV HAP and Administrative Fee program funds provided under Section 8 of the 1937 Act, referred to collectively as MTW Funding. Certain provisions of Sections 8 and 9 of the 1937 Act and implementing requirements are waived as necessary to implement this flexibility. Once the MTW agency receives its MTW designation through the execution of the MTW ACC Amendment, this flexibility in the use of MTW Funding does not require prior HUD approval.

The MTW agency may use MTW Funding covered by MTW flexibility for any eligible activity under Sections 9(d)(1), 9(e)(1) and Section 8(o) of the 1937 Act and for the local, non-traditional activities specified in Appendix I of this notice. All MTW agency expenditures must be consistent with the MTW agency’s charter, approved 5-Year and Annual PHA Plans, and the approved MTW Supplement to the Annual PHA Plan.

Under permanent law, any reserves the MTW agency has accumulated prior to signing an MTW ACC Amendment (including public housing Operating and Capital Reserves and HCV HAP and Administrative Fee Reserves) must be used for their originally appropriated purposes and shall not be used flexibly. In HUD’s fiscal year 2020 appropriations act, Congress provided temporary relief from this requirement, providing that an MTW agency may use

reserves accumulated prior to the MTW designation flexibly.¹⁹ This additional flexibility will expire at the end of Federal fiscal year 2020 (on September 30, 2020) unless Congress includes it again in subsequent appropriations acts. MTW agencies should be aware that this relief is not permanent and may not continue into the future. MTW agencies are responsible for being aware of each year's appropriations act and shall maintain careful recordkeeping to ensure they remain in compliance with the requirement. HUD will monitor the status of this flexibility closely, and will maintain an updated web page at https://www.hud.gov/program_offices/public_indian_housing/programs/ph/mtw/MTW-flex-reserves-status to inform MTW agencies if this flexibility is continued by Congress.

b. Calculation of Funding

i. Public Housing Operating Grants

(a) *Funding Calculation.* The calculation of an MTW agency's Operating Fund subsidy grant eligibility will continue in accordance with operating subsidy formula law, regulations, and appropriations act requirements, as they may be amended.

(b) *Eligible Uses.* The MTW agency may use these funds for any eligible activity permissible under Section 9(e)(1) of the 1937 Act or, if the agency proposes to use the funding under its MTW flexibility, it may also use these funds for any eligible activity permissible under Section 8(o), Section 9(d)(1), and for the local, non-traditional activities specified in Appendix I of this notice.

(c) *Central Office Cost Center (COCC).* For an MTW agency's COCC, which collects fees for administrative services, an MTW agency may freely use the earned fees for any eligible activity but cannot move non fee-based funds into the COCC.

¹⁹ Section 238 of title II, division H of the *Further Consolidated Appropriations Act, 2020* (Pub. L. 116-94, approved December 20, 2019) provides: "Any public housing agency designated as a Moving to Work agency pursuant to section 239 of (Pub. L. 114-113) may, upon such designation, use funds (except for special purpose funding, including special purpose vouchers) previously allocated to any such public housing agency under section 8 or 9 of the United States Housing Act of 1937, including any reserve funds held by the public housing agency or funds held by the Department of Housing and Urban Development, pursuant to the authority for use of section 8 or 9 funding provided under such section and section 204 of title II of the Departments of Veterans Affairs and Housing and Urban Development and Independent Agencies Appropriations Act, 1996 (Pub. L. 104-134), notwithstanding the purposes for which such funds were appropriated."

ii. Public Housing Capital Fund Formula and Grants

(a) *Funding Calculation.* The MTW agency's public housing Capital Fund formula characteristics and grant amounts, including DDTF and RHF, will continue to be calculated in accordance with public housing law, regulations, and appropriations act requirements, as they may be amended.

(b) *Financial Management Requirements Apply.* MTW agencies must continue to follow the immediate need requirements applicable to all Capital funds and may not accelerate their drawdown of Capital funds for the purpose of funding reserves or for any other purpose.²⁰ All Capital funds, including funds in Budget Line Item (BLI) 1410 (Administrative Costs) and BLI 1492 (MTW), must be drawn down only when funds are due and payable.

(c) *Eligible Uses.* The MTW agency may use these funds for any eligible activity permissible under Section 9(d)(1) of the 1937 Act or, if the MTW agency proposes to use the funding under its MTW flexibility, it may also use these funds for any eligible activity permissible under Section 8(o), Section 9(e)(1), and for the local, non-traditional activities specified in Appendix I of this notice. CFP funds used for activities under Section 9(d)(1) are subject to all requirements relevant to non-MTW agency CFP funding, including eligible activities and cost limits.

(d) *Requisitioning Funds.* In requisitioning Capital Fund grant funds, the MTW agency will request funds using traditional Capital Fund BLIs for funds to be used for activities under section 9(d) and using the available MTW Budget Line (BLI 1492) items for activities under section 9(e), section 8(o), or local, non-traditional activities. MTW agencies shall not use the Transfer to Operations Budget Line (BLI 1406) since funds for all non-Section 9(d) activities shall be included in the MTW Budget Line (BLI 1492). The MTW agency will provide to HUD information on all capital activities funded by the MTW Funding as necessary to ensure compliance with requirements outside the scope of MTW, including environmental review requirements and Energy and Performance Information Center (EPIC) reporting requirements.

(e) *Obligation and Expenditure Requirements.* The MTW agency remains subject to the requirements of

²⁰ HUD will publish a rule that will govern the establishment and maintenance of a Capital Reserve pursuant to Section 109 of HOTMA that may give PHAs authorization to draw down funds in advance of need in certain limited circumstances.

Section 9(j) of the 1937 Act with respect to Capital Fund grants. Section 9(d) funds remain subject to the obligation and expenditure deadlines and requirements provided in Section 9(j) despite the fact that they may be used flexibly. Capital Funds awarded to MTW agencies must be obligated within two years and expended within four years of award. Funds not obligated or expended within those timeframes will be subject to recapture. As with all agencies, an MTW agency may requisition CFP funds from HUD only when such funds are due and payable, unless HUD approves another payment schedule.

iii. Housing Choice Voucher Funding

(a) *Funding Calculation.* As is the case for non-MTW PHAs under current appropriations law, the HAP renewal funding eligibility for MTW agencies will be calculated based on each MTW agency's actual expenses for the previous calendar year (known as the re-benchmark year). Unique to MTW agencies, however, the MTW agency's actual expenses are: (1) The previous Calendar Year's HAP expenses reported in the Voucher Management System (VMS), and (2) the previous CY's eligible non-HAP MTW expenses reported in VMS.²¹ For both HAP and non-HAP MTW expenses, the reported expenses must have been paid from an eligible source of funds as described in paragraph (c) below in order to be included in the HAP renewal funding formula. In addition, MTW HAP renewal funding is subject to an MTW Renewal Eligibility Cap derived from the number of units authorized under the MTW agency's ACC, as described in paragraph (d) below. The lower of the total combined HAP and non-HAP expenses or the MTW Renewal Eligibility Cap will then be adjusted by the Renewal Funding Inflation Factor (RFIF) and any national proration that applies to the HCV renewal appropriation to determine the MTW agency's actual CY HAP renewal funding.

• *Example:* An MTW agency executes its MTW ACC Amendment in September 2020. In CY 2020, the MTW agency expended \$3,600,000 on HAP and \$400,000 on eligible non-HAP MTW expenses. The MTW agency's HCV HAP renewal funding for CY 2021 will be \$4 million (assuming the HAP Renewal Eligibility Cap is greater than

²¹ MTW funds awarded to an MTW agency under Sections 8, 9(d), and 9(e) of the 1937 Act can be utilized per statute and regulation on the eligible activities listed at Sections 9(d)(1), 9(e)(1), and 8(o) of the 1937 Act and for local, non-traditional activities.

\$4 million), adjusted by the RFIF and any applicable national proration.

(b) *Eligible Uses.* The MTW agency may use these funds for any eligible activity permissible under Section 8(o) of the 1937 Act or, if the MTW agency proposes to use the funding under its MTW flexibility, it may also use these funds for any eligible activity permissible under Section 9(e)(1), Section 9(d)(1), and for the local, non-traditional activities specified in Appendix I of this notice.

(c) *HAP Renewal Sources of Funds.* The only HAP and non-HAP MTW expenses that will be included in the MTW HAP renewal formula are those paid for with the same sources of funds that would be included in the non-MTW HAP renewal formula for a non-MTW agency except as otherwise provided herein (see PIH Notice 2013–28 and any future successor notices). Accordingly, HAP expenses and non-HAP MTW expenses must be paid from the following sources of funds to be included in the HAP renewal formula calculation:

- (i) HCV budget authority,
- (ii) HUD-held HAP reserves (undisbursed budget authority),
- (iii) PHA-held HAP reserves (*i.e.*, Restricted Net Position (RNP)),
- (iv) Any funds from the HAP Set-aside (if available after PHA application and approval), and
- (v) For HAP expenses only:

Administrative fee reserves (*i.e.*, Unrestricted Net Position). The administrative fee reserve is an eligible source of funds to be included in the MTW agency's MTW HAP renewal calculation, but only if the administrative fee reserve is used for HAP expenses. If the MTW agency is using administrative fee reserves for HAP expenses, the MTW agency must enter the amount of the administrative fee reserves used for HAP expenses in the comments section in VMS. Non-HAP MTW expenses paid from the administrative fee reserve are not eligible for renewal funding. Furthermore, when determining HAP renewal eligibility, the use of the administrative fee reserves is always first attributed to the MTW agency's non-HAP MTW expenses incurred during the calendar year before the expenditure of those reserves may be considered to be the source of funds for HAP expenses. If HAP expenses covered by the MTW Agency's administrative fee reserve exceed non-HAP MTW expenses for the calendar year, then the difference is applied to the HAP renewal calculation. Note that there is no restriction against using administrative fee reserves for non-HAP

MTW expenses, just that those non-HAP MTW expenses are not eligible for inclusion in the MTW HAP renewal calculation.

HAP expenses or non-HAP MTW expenses that were paid for with any other funding source (for example, public housing Operating Funds and Capital Funds, and current year HCV Administrative Fee funds) will not be included in the MTW agency's HCV renewal funding calculation.

(d) *HAP Renewal Eligibility Cap.* The MTW agency's renewal eligibility for all MTW Years will be limited by the HAP Renewal Eligibility Cap. The calculation multiplies (1) the MTW agency's total number of MTW-eligible ACC authorized units²² in the re-benchmark year (the CY immediately preceding the CY for which the MTW agency's renewal eligibility is being calculated)²³ by (2) the MTW agency's pre-MTW monthly per-unit cost (PUC) inflated to the re-benchmark year.

(i) The number of MTW-eligible ACC authorized units is measured in unit months available (UMAs).²⁴

(ii) The inflated pre-MTW PUC is projected using, as a base, the monthly PUC for the CY in which the MTW agency signed its MTW ACC Amendment. HUD applies the RFIF to this base PUC to estimate what the MTW agency's HCV PUC would be, had the MTW agency not joined the MTW program, as of the re-benchmark year.

After the calculation of the HAP Renewal Eligibility Cap, it is compared with the MTW agency's actual total combined HAP and non-HAP MTW expenses. The lower of these two amounts—(1) the HAP Renewal Eligibility Cap or (2) the MTW agency's actual total combined HAP and non-HAP MTW expenses adjusted by the RFIF and any national proration factor—

²² "MTW-eligible ACC authorized units" means the MTW agency's number of ACC authorized units, regardless of whether the units are leased, after excluding the number of authorized units that would not be subject to the MTW renewal formula. In other words, special purpose vouchers that are renewed separately and are not part of the MTW HAP renewal formula are not included in the formula used to calculate the HAP Renewal Eligibility Cap. See section VI.9 of this Notice for further information on these special purpose vouchers that are renewed separately outside the MTW renewal formula.

²³ As noted above, the re-benchmark year is also the source year for the actual expense data used in the MTW agency's HAP renewal formula.

²⁴ Authorized units in the HCV program context are measured in terms of unit months available. For example, if an authorized unit is under ACC as of January 1, the authorized unit equals twelve unit months available for that CY. On the other hand, if the authorized unit was added to the ACC under a new funding increment effective March 1, the authorized unit is equal to ten unit months available for that CY.

is then used to determine the MTW agency's CY renewal funding.

(iii) Example: If an MTW agency signs its MTW ACC Amendment in September 2020, CY 2021 will be the MTW agency's first full Calendar Year in the MTW demonstration. In calculating the MTW agency's HCV renewal funding for CY 2021, the following information applies:

- The MTW PHA's average monthly PUC for CY 2019 was \$700.
- The CY 2020 inflation rate is two percent.
- The number of MTW-eligible ACC authorized units during CY 2020 is 800 units. (In this example all units were under ACC as of 1/1/2020, so the number of UMAs is simply 800 units multiplied by twelve months, or 9,600 UMAs).

• The HAP Renewal Eligibility Cap for CY 2021 is calculated by first determining the estimated PUC for CY 2020, which is \$714 (the monthly PUC for CY 2019 inflated for CY 2020, or $\$700 \times 1.02$). The estimated PUC for CY 2020 is then multiplied by the MTW agency's CY 2020 MTW-eligible ACC authorized UMAs²⁵ ($\$714 \times 9,600$ UMAs) to determine the HAP Renewal Eligibility Cap, which is \$6,854,400.

• The HAP Renewal Eligibility Cap (\$6,854,400) is then compared to the MTW agency's total combined HAP and non-HAP MTW expenses for the re-benchmark year that originated from the eligible funding sources described earlier in this notice. If the total combined HAP and non-HAP MTW expenses do not exceed \$6,854,400, the MTW agency's CY 2021 renewal funding will be the total combined HAP and non-HAP MTW expenses adjusted by the RFIF and any national proration. If the total combined HAP and non-HAP MTW expenses exceed \$6,854,400, the MTW agency's CY 2021 renewal funding will be \$6,854,400, adjusted by the RFIF and any national proration.

(e) *Financial Management Requirements Apply.* The same financial management requirements that apply to non-MTW agencies also apply to MTW agencies (*e.g.*, Cash Management Requirements for the HCV Program with Notice PIH 2017–06 and successor notices).

(f) *Administrative Fees.* The Administrative Fee rates used to calculate fee eligibility for MTW agencies shall be established according to the same methodology used to

²⁵ As noted earlier, these are the MTW agency's CY 2019 UMAs that are subject to the MTW renewal formula. UMAs attributable to special purpose vouchers such as HUD-VASH and FUP that are renewed separately are not included in this count.

establish Administrative Fee rates for all agencies, including non-MTW agencies. Under current appropriations law, as is the case for all agencies, administrative fees will be calculated on the basis of units leased as of the first day of each month; this data will be extracted from VMS at the close of each reporting cycle. Administrative fees for MTW agencies are also subject to the national proration factor and any other appropriations act requirements.

(g) *Adjustments for the First-Time Renewal of Certain Vouchers.* If the MTW agency receives incremental HCV vouchers and funding (including tenant protection vouchers), other than special purpose vouchers, renewal funding for those vouchers will be included in the MTW HCV renewal funding eligibility calculation for the following year. (See section VI.9 of this notice for further discussion of tenant protection and other special purpose vouchers.) The renewal amount for the following year is based on HAP costs reported for these increments in VMS in the prior year, which will be adjusted by the RFIF. Should the initial increment(s) be funded for less than twelve months due to lack of appropriations, HUD will adjust for the missing months upon renewal, by selecting the funded PUC for the initial increment times the number of units,²⁶ then adjusted by the RFIF. The aggregate renewal eligibility is always subject to the national proration factor.

(h) *Applicable Inflation Factor and Proration.* The same applicable RFIFs that apply to non-MTW agencies will be applied each CY to determine the MTW agency's HAP funding renewal eligibility. Likewise, the MTW agency's HAP funding renewal eligibility is subject to the same national proration as non-MTW agencies' renewal eligibility.

(i) *Reserves.* Reserves are subject to offsets as part of future Congressional appropriations acts.

(j) *Local, Non-Traditional Activities.* The MTW agency may spend up to ten percent of its HCV HAP funding on local, non-traditional activities, as described in Appendix I, without prior HUD approval. The MTW agency may spend more than ten percent of its HCV HAP funding on local, non-traditional activities by seeking HUD approval through a Safe Harbor Waiver.

(k) *Rental Assistance Demonstration (RAD).* Any vouchers received as part of a RAD Component I conversion shall be added to the ACC for the remainder of

the CY in which they are awarded. HUD will issue a new increment of voucher funding in support of those vouchers for the first full CY following a RAD Component I conversion. In subsequent years, voucher funding for RAD-converted units will be renewed under the MTW HCV renewal funding calculation, adjusted by the Operating Cost Adjustment Factor (OCAF) and the applicable proration factor. Tenant protection vouchers provided for RAD Component II conversions are renewed in accordance with section VI.5.b.iii.g of this notice, Adjustment for the first-time renewal of certain vouchers, above. Administrative fees for RAD vouchers will be calculated based on the same methodology used to establish administrative fees for non-MTW agencies. Fees for RAD vouchers will be prorated at the same level that applies to all non-MTW agencies.

(l) *Voucher Programs Not Included in MTW Program.* Vouchers and funding provided for the following special purpose vouchers, or any new special purpose vouchers provided in future appropriations acts, whether for new allocations or renewal of existing increments, shall not be included in the HCV MTW renewal calculation: HUD-VASH, FUP, FYI, NED, and Mainstream. These vouchers will be renewed under the regular voucher renewal requirements as provided under the appropriations acts. Special purpose vouchers are discussed in more detail in section VI.9 of this notice. In addition, funding provided for the Section 8 Moderate Rehabilitation Program is not part of the MTW program and may not be used for MTW activities.

c. Financial Reporting and Auditing

MTW agencies must submit year-end unaudited financial information to the Department no later than two months after their fiscal year end using the Financial Data Schedule (FDS) contained in the Real Estate Assessment Center's (REAC) Financial Assessment Subsystem (FASS-PH), or its successor system. Current financial reporting requirements for MTW agencies are posted on the REAC website at: https://www.hud.gov/sites/documents/DOC_11833.PDF. These requirements may be updated in the future.

MTW agencies are also required to electronically submit their audited financial information, if applicable, to HUD no later than nine months after their fiscal year end. MTW agencies must include public housing project level financial information in the FDS and must follow the Asset Management guidelines established in PIH Notice 2007-9 Supplement to Financial

Management Handbook Office of Public and Indian Housing (PIH) Revised April 2007, and any subsequent updates to this Handbook or PIH Notice. MTW agencies will conform to the cost requirements of 2 CFR part 200 and any HUD implementation thereof.

MTW agencies must procure an Independent Public Accountant (IPA) to perform an annual audit pursuant to federal requirements at 2 CFR part 200 and 24 CFR 990.190, or successor, as well as any audit compliance supplements developed specifically for use with the MTW demonstration.

Completed IPA audits must be submitted to HUD in accordance with current HUD regulations. HUD will review the IPA audits of MTW agencies to determine appropriate action relative to any findings, prepare recommendations for audit finding resolution, and follow up with MTW agencies to assure finding closure. If there are audit findings related to the MTW program itself, HUD will monitor the resolution of all audit findings.

6. Evaluation

As a condition of participating in the MTW demonstration, MTW agencies agree to cooperate fully with HUD and its contractors in the monitoring and evaluation of the MTW demonstration. MTW agencies shall keep records and submit reports and other information as required by HUD. This includes any data collection required for the use of waivers and associated activities, for the uses of MTW funds within and across funding streams, and any evaluation efforts that HUD undertakes. Any additional information requests will follow the Paperwork Reduction Act requirements. HUD envisions three types of evaluation: program-wide evaluation, cohort-specific evaluation, and ad hoc evaluation.

a. Program-Wide Evaluation

An MTW demonstration-wide evaluation would seek to assess whether or not, and to what extent, MTW agencies achieve the statutory objectives of the MTW demonstration by using federal dollars more efficiently, helping residents find employment and become self-sufficient, and/or increasing housing choices for low-income families. Program-wide evaluation would also seek to determine any effects, positive or negative, of MTW waivers and funding flexibilities on residents. HUD intends to develop a method for program-wide evaluation that is based, to the extent possible, on information already being collected through existing HUD administrative data systems, although additional

²⁶ The MTW PUC is equal to MTW HAP expenses divided by the number of MTW units leased. (Non-HAP MTW expenses are not included in the MTW PUC calculation).

reporting may be necessary to effectively evaluate MTW.

b. Cohort-Specific Evaluation

The specific evaluation methods and requirements for participating MTW agencies will vary in each cohort based on the policy changes to be tested in that cohort.²⁷ The cohort-specific policy change and evaluation methods will be described in the applicable Selection Notice such that the MTW agency is aware, in advance of application to the MTW demonstration program, of the policy it will be required to implement and the evaluation requirements. The MTW agency is required to participate in the evaluation for the full timeframe designated by HUD. HUD's Office of Policy Development and Research will take the lead on evaluating cohort-specific policy changes, and separate funds are appropriated by Congress for these evaluations. In all cases, the purpose of the evaluation will be to measure the outcomes associated with the specific policy change(s) in order to offer policy recommendations for implementing the policy change(s) across all PHAs.

c. Ad Hoc Evaluation

HUD reserves the right to request, and the MTW agency shall provide, any additional information required by law or required for the sound administration or evaluation of the MTW agency.

7. Program Administration and Oversight

In general, MTW agencies will be subject to the same planning and reporting protocols as non-MTW agencies, including the PHA Plan (5-Year Plan and Annual PHA Plan) and Capital Fund planning. MTW agencies must also report data into HUD data systems, as required.

New protocols and instruments will be developed for assessing an MTW agency's performance and will be incorporated into PHAS and SEMAP, or successor assessment systems, or an alternative assessment system developed by HUD, explained further in section VI.7.b of this MTW Operations Notice. In addition, HUD will employ standard program compliance and monitoring approaches including assessment of relative risk and on-site monitoring conducted by HUD or by entities contracted by HUD.

²⁷ For example, some cohorts of MTW agencies may be required to participate in randomized control trials, while others may be required to participate in detailed process studies or ethnographic research.

a. Planning and Reporting

i. The Annual PHA Plan

MTW agencies must adhere to Annual PHA Plan regulations at 24 CFR part 903, any implementing HUD Notices and guidance, as well as any succeeding regulations. The Annual PHA Plan consists of the 5-Year Plan that a PHA must submit to HUD once every five PHA fiscal years and the Annual PHA Plan that the PHA must submit to HUD for each PHA fiscal year. Annual and 5-Year Plans must be submitted in a format prescribed by HUD. Currently, submission format requirements are outlined in Notice PIH 2015-18, issued October 23, 2015, which is effective until amended, superseded or rescinded.

Any HUD assistance that the MTW agency is authorized to use under the MTW demonstration must be used in accordance with the Annual PHA Plan, as applicable.

ii. MTW Supplement to the Annual PHA Plan (Under Development)

As an MTW agency, all Annual PHA Plan information must be provided in the context of the agency's participation in the MTW demonstration. This includes taking into account the MTW Waiver(s), Safe Harbor Waiver(s), Agency-Specific Waiver(s) and Cohort-Specific Waiver(s), and associated activity(s), afforded to the MTW agency. To this end, MTW agencies will submit an MTW Supplement to the Annual PHA Plan.²⁸ The MTW Supplement form has not been finalized at the time of the publication of this MTW Operations Notice; it has been made available for public review and comment, per PRA requirements.²⁹

Non-MTW PHAs that are qualified under 24 CFR 903.3(c) and that are not designated as troubled under PHAS and that do not have a failing score under SEMAP are exempt from the requirement to submit the Annual PHA Plan. Per this MTW Operations Notice, while MTW agencies that are qualified under 24 CFR 903.3(c) are not required to submit the Annual PHA Plan, they are required to submit the MTW Supplement on an annual basis.

MTW agencies must submit to HUD the Annual PHA Plan, including any required attachments, and the MTW Supplement no later than 75 days prior to the start of the agency's fiscal year. HUD will notify the MTW agency in writing if HUD objects to any provisions

²⁸ MTW agencies designated pursuant to the 2016 Expansion Statute are not required to submit the Annual MTW Plan or Annual MTW Report (*i.e.*, Form 50900).

²⁹ 83 FR 50676 (October 9, 2018)

or information in the Annual PHA Plan or the MTW Supplement. When the MTW agency submits its Plan 75 days in advance of its fiscal year, HUD will respond to the MTW agency within 75 days or the Annual PHA Plan and the MTW Supplement are automatically approved.

Prior to submitting to HUD, the MTW Supplement must go through a public process along with the Annual PHA Plan. This will allow the MTW agency to inform the community of any programmatic changes and give the public an opportunity to comment. The MTW agency must have at least a 45-day public review period of its plan, after publishing a notice informing the public of its availability and conducting reasonable outreach to encourage participation in the plan process, followed by a public hearing. MTW agencies must consider, in consultation with the RABs and tenant associations, as applicable, all of the comments received at the public hearing. The comments received by the public and RABs and tenant associations must be submitted by the agency as a required attachment to the Plan. MTW agencies must also include a narrative describing their analysis of the recommendations and any decisions made based on these recommendations.

iii. Admissions and Continued Occupancy Policy and Administrative Plan

The MTW agency must update its ACOP and/or Administrative Plan, as applicable, to be consistent with the MTW activities and related waivers that it implements. The MTW agency may not implement an MTW activity or waiver until the relevant sections of the ACOP and/or Administrative Plan are updated. MTW agencies must provide HUD with electronic versions of the ACOP and/or Administrative Plan upon request. If the MTW agency implements an activity using the local, non-traditional uses of funds waiver, the MTW agency must create and update an implementing document specifically for such activity. Additionally, the MTW agency must update its ACOP and/or Administrative Plan upon terminating an MTW activity.

iv. Capital Planning and Reporting

MTW agencies must adhere to CFP regulations at 24 CFR part 905, any implementing HUD Notices and guidance, as well as any successor regulations. As noted previously, MTW agencies are funded in accordance with CFP regulations and formula funds are calculated and distributed in the same manner as non-MTW agencies.

MTW agencies have the authority and flexibility to utilize their CFP funds for expanded uses as part of their MTW funding flexibility. HUD will award Capital Fund grants to MTW agencies in keeping with the standard process for all PHAs. The Department will spread budget line items in eLOCCS in accordance with Annual Statements/Budgets submitted in EPIC for Capital Fund grants awarded. As with all PHAs, an MTW agency may draw down Capital Funds from HUD only when such funds are due and payable, unless HUD approves another payment schedule.³⁰ To the extent that the MTW agency plans to use CFP funding for other MTW-eligible (non-CFP) activities, the agency must create a separate work activity (or activities) in the EPIC system that select the "MTW (1492)" work category. CFP funds entered on BLI 1492 would not need to be broken out and itemized in the part II supporting pages of the HUD-50075.1. However, regardless of the BLI utilized, funds may not be drawn down until the PHA has an immediate need for the funds. An MTW agency may not accelerate drawdowns of funds in order to fund reserves or to otherwise increase locally held amounts, as discussed in section 5.a. of this notice.

An MTW agency is not required to use all or any portion of its CFP grant for non-CFP activities. To the extent that the MTW agency wishes to dedicate all or a portion of its CFP grant to specific capital improvements, the agency shall record CFP funding in work activities in EPIC as in the standard program.

v. Inventory Management System/PIH Information Center Reporting

Data from HUD's Inventory Management System/PIH Information Center (IMS/PIC), or successor systems, is critical to all aspects of program administration, including HUD monitoring and tracking of MTW agency progress in meeting the MTW statutory objectives. IMS/PIC data is used to establish funding eligibility levels for both Operating Subsidy Fund and Capital Fund grants. Further, HUD relies on IMS/PIC data to provide a thorough and comprehensive view of PHA program performance and compliance.

MTW agencies are required to submit the following information to HUD via IMS/PIC (or its successor system):

- Family data to IMS/PIC using Form HUD-50058 MTW Expansion (or successor forms) or Form HUD-50058

for special purpose voucher purposes, and in compliance with HUD's standard 50058 submission requirements for MTW agencies. MTW agencies must report information on all families receiving some form of tenant-based or project-based housing assistance, either directly or indirectly, as well as all public housing families, to be current to at least a 95 percent level.

- Current building and unit information in the development module of IMS/PIC (or successor system).

- Basic data about the PHA (address, phone number, email address, etc.).

HUD will monitor MTW agency reporting to IMS/PIC (or successor system) to ensure compliance and provide technical assistance to MTW agencies as needed. In order to participate in the MTW expansion, PHAs must have the information technology capability to upgrade their IMS/PIC software to accommodate MTW flexibilities. PHAs that currently use HUD Family Reporting Software (FRS) must upgrade their software to an approved system that supports the submission of MTW IMS/PIC data. HUD does not anticipate modifying the FRS to accommodate the submission of MTW data.

vi. Voucher Management System Reporting

MTW agencies are required to report voucher utilization in VMS, or its successor system. There are several areas in which VMS reporting is different for MTW agencies. These areas are highlighted in the VMS User's Manual (<http://portal.hud.gov/hudportal/documents/huddoc?id=instructions.pdf>) which details the VMS reporting requirements.

HUD will monitor each MTW agency's VMS reporting to ensure compliance and provide technical assistance to MTW agencies as needed.

vii. General Reporting Requirement

In addition to the reporting requirements outlined in this MTW Operations Notice, MTW agencies are required to comply with any and all HUD reporting requirements not specifically waived by HUD for participation in the MTW demonstration program.

b. Performance Assessment

Assessing the performance of PHAs (both MTW and non-MTW) helps with the delivery of services in the public housing and voucher programs and enhances trust among PHAs, assisted households, HUD, and the general public. To facilitate this effort, HUD will provide management tools for

effectively and fairly assessing the performance of a PHA in essential housing operations and program administration.

Currently, HUD uses PHAS and SEMAP to assess risk and identify underperforming PHAs in the traditional public housing and voucher programs. However, since some of the MTW flexibilities make it difficult to accurately assess the performance of MTW agencies under the existing systems, HUD will develop an alternative, MTW-specific assessment system, which may be incorporated into PHAS and SEMAP (or successor assessment system(s)). MTW agencies may not opt out of the MTW-specific successor system(s). Until the successor system is implemented, HUD will monitor MTW agency performance through PHAS sub-scores. Additionally, HUD may consider data provided through other HUD systems in its assessment of an MTW agency's activities.

i. Public Housing Assessment System

MTW agencies will not be scored in PHAS unless and until such time as HUD develops an MTW-specific system that is incorporated into PHAS, or successor system, but they can elect to be scored if they choose to opt in. (MTW agencies continue to receive PHAS sub-scores even if they do not to receive the overall score.) An MTW agency will maintain its PHAS performance designation (*i.e.*, high performer, standard performer, substandard performer, troubled, Capital Fund-troubled) at the time of MTW designation, up until a successor system is established. If an MTW agency elects to receive its overall PHAS score, the agency must continue to be scored for the duration of the demonstration, or until the agency is assessed under the alternative, MTW-specific assessment system(s), whichever comes first. Once developed, all MTW agencies, including MTW agencies that elect not to receive an overall PHAS score, must be assessed under the MTW-specific assessment system(s).

Pursuant to the 1996 MTW Statute, when providing public housing, the MTW agency must ensure that the housing is safe, decent, sanitary, and in good repair, according to the physical inspection protocols established and approved by HUD. Thus, MTW agencies continue to be subject to HUD physical inspections. To the extent that HUD physical inspections reveal deficiencies, the MTW agency must continue to address these deficiencies in accordance with existing physical inspection requirements. If an MTW agency does

³⁰ HUD will publish a rule that will govern the establishment and maintenance of a Capital Reserve pursuant to Section 109 of HOTMA that may give PHAs authorization to draw down funds in advance of need in certain limited circumstances.

not maintain public housing adequately, as evidenced by the physical inspection performed by HUD, and is determined to be troubled in this area, HUD will determine appropriate remedial actions.

ii. Section 8 Management Assessment Program

MTW agencies will not be scored in SEMAP unless and until such time as HUD develops an MTW-specific system that is consistent with SEMAP, or successor system, but they can elect to be scored if they choose to opt in. An MTW agency will maintain its SEMAP performance designation (*i.e.*, high performer, standard performer, troubled) at the time of MTW designation, up until a successor system is established. If an MTW agency elects to receive its overall SEMAP score, the agency must continue to be scored for the duration of the demonstration, or until the agency is assessed under the MTW-specific assessment system, whichever comes first. Once developed, all MTW agencies, including MTW agencies that opt out of SEMAP, must be assessed under the MTW-specific assessment system(s).

c. Monitoring and Oversight

MTW agencies remain subject to the full range of HUD monitoring and oversight efforts including, but not limited to, annual risk assessments, on-site monitoring reviews, monitoring reviews relating to VMS reporting and rent reasonableness, review of the accuracy of data reported into HUD data systems, and use of HUD data systems to assess agency program performance, among other activities.

i. Five Statutory MTW Requirements

Throughout participation in the MTW demonstration program, all MTW agencies must continue to meet five statutory MTW requirements established under the 1996 MTW Statute. Specific enforcement processes of the five statutory MTW requirements will be included in the MTW ACC Amendment (see also, section VI.12 of this notice). HUD will monitor and determine MTW agencies' compliance with these five statutory MTW requirements as follows:

(a) *Very Low-Income Requirement.* MTW agencies must ensure that at least 75 percent of the families assisted are very low-income families, in each fiscal year, as defined in Section 3(b)(2) of the 1937 Act.

- *HUD Verification Approach:* Initial household certification data recorded in IMS/PIC will be used for both the PH and HCV programs for compliance monitoring purposes. The initial

certification is comprised only of new admissions in the MTW agency's given fiscal year. Initial household certification data for families housed through local, non-traditional activities will be provided in a manner specified by the Department. An MTW agency's portfolio will then be weighted with respect to the number of households being served by each housing program type (*i.e.*, public housing, HCV, and local, non-traditional). While the verification approach for this statutory requirement will be conducted based on initial certification in the MTW agency's given fiscal year, MTW agencies must continue to assist low-income families, which MTW agencies must monitor through the reexamination process, as may be amended per Appendix I.

(b) *Reasonable Rent Policy.* MTW agencies must establish a reasonable rent policy which shall be designed to encourage employment and self-sufficiency by participating families, consistent with the purpose of this demonstration, such as by excluding some or all of a family's earned income for purposes of determining rent.

- *HUD Verification Approach:* HUD defines rent reform as any change in the regulations on how rent is calculated for a household. Upon designation into the MTW demonstration, MTW agencies are to submit their planned policy to implement a reasonable rent policy in the MTW Supplement. All activities falling under any of the activities in the Tenant Rent Policies waiver or the Alternate Reexamination Schedule waiver, as detailed in Appendix I, meet the definition of a reasonable rent policy because these activities constitute a change from regulations on how rent is calculated for a household. In addition, implementation of any voluntary alternative rent calculation that is available for all PHAs would count towards meeting this statutory requirement. Finally, an MTW agency may propose, for HUD's approval, an Agency-Specific Waiver to establish a rent policy that is different from those listed in Appendix I. If approved, this alternate rent policy approved through an Agency-Specific Waiver would also meet this statutory requirement. An MTW agency must implement one or multiple reasonable rent policies during the term of its MTW designation.³¹

(c) *Substantially the Same Requirement.* MTW agencies must continue to assist substantially the same total number of eligible low-income

families as would have been served absent the MTW demonstration.

- *HUD Verification Approach:* Appendix III details the requirements for the Substantially the Same (STS) methodology which: Ensures substantially the same number of families are housed; allows for local flexibility; is responsive to changing budgetary climates; is feasible for HUD to administer; is easy for MTW agencies to predict compliance; is straightforward to understand; is calculated each year; and has publicly available results. Please refer to Appendix III for the specific requirements.

(d) *Comparable Mix Requirement.* MTW agencies must maintain a comparable mix of families (by family size) as would have been provided had the amounts not been used under the demonstration.

- *HUD Verification Approach:* In order to establish a comparable mix baseline, HUD will pull data, by family size, for occupied public housing units and leased vouchers at the time of entry into the demonstration. HUD will rely upon MTW agency-reported data into HUD systems (*i.e.*, IMS/PIC, VMS). This information will be used to establish baseline percentages, by family size, to which the agency is measured by for the remainder of participation. Following entry into the demonstration, agencies will provide comparable mix data and, if applicable, associated justifications in the MTW Supplement. HUD deems an acceptable level of variation to be no more than 10 percent from the baseline. Justifications or explanations for fluctuations greater than 10 percent are required and subject to HUD's review.

(e) *Housing Quality Standards (HQS).* MTW agencies must ensure that housing assisted under the demonstration meets HQS established or approved by the Secretary.

- *HUD Verification Approach:* In order to demonstrate that the MTW agency meets housing quality standards, HUD will verify compliance for each housing program type as follows:

- *HCV—Program regulations at 24 CFR part 982 set forth basic HQS for housing assisted under the HCV program. These housing quality standards, or successor regulations, are the standards used to determine if the MTW agency is fulfilling its responsibilities to ensure owners are maintaining the units in accordance with HQS in the evaluation of an agency. MTW agencies with an HCV program must certify in the MTW Supplement that they have fulfilled their responsibilities to comply with and ensure enforcement of HQS under*

³¹ MTW agencies in the rent reform cohort may have prescribed deadlines to implement their reasonable rent policies.

this requirement in accordance with the HQS regulations in 24 CFR part 982, as modified where applicable through the implementation of the discrete MTW Waivers approved by HUD provided in Appendix 1 or through an Agency-Specific Waiver.

- **Public Housing**—HUD will verify this requirement through its review of public housing physical inspection scores. Overall scores falling below 60 percent will be identified as non-compliant with the statutory requirement.

- **Local, Non-Traditional**—In the MTW Supplement, MTW agencies must certify that local, non-traditional units meet HQS performance requirements (as provided in 24 CFR 982.401) as required in PIH Notice 2011–45, or successor notice.

ii. Income Integrity and Enterprise Income Verification System (EIV) Reviews

MTW agencies are required to comply with the final rule regarding EIV issued December 29, 2009, or successor, and utilize EIV for all income and employment verifications. EIV has been modified for MTW agencies so that family information submitted in IMS/PIC will not expire for 40 months in order to accommodate agencies choosing to extend recertification periods for up to three years.

MTW agencies are subject to HUD review to ensure compliance with EIV requirements as well as monitor the accuracy and integrity of the MTW agencies' income and rent determination policies, procedures, and outcomes.

iii. MTW Site Visit

HUD will periodically conduct site visits to monitor the implementation of MTW flexibilities provided under the MTW Operations Notice, provide guidance, discuss the MTW agency's activities, and offer any needed technical assistance regarding its program. The purpose of a site visit will be to monitor agency-reported MTW activities, to review the status and effectiveness of the MTW agency's strategies, to provide technical assistance, to problem-solve regarding any local barriers the agency is facing, and to identify and resolve outstanding MTW related issues.

The MTW agency shall give HUD access, at reasonable times and places, to all requested sources of information including access to files, access to units, and an opportunity to interview agency staff and assisted participants.

Where travel funding or staff resources are not available to facilitate

in-person site visits, HUD may exercise the option to conduct remote site visits via telephone, videoconference, or webinar. To the extent possible, HUD will coordinate the MTW site visit with other site visits to be conducted by HUD.

iv. Housing Choice Voucher Utilization

HUD will monitor HCV utilization at MTW agencies and will ensure that HCV funds are utilized in accordance with section VI.5.b.iii and Appendix III of this notice. At its discretion, HUD may take any appropriate actions to direct an MTW agency to increase HCV leasing and utilization.

v. Public Housing Occupancy

HUD will monitor public housing occupancy rates for MTW agencies. In instances where the MTW agency's public housing occupancy rate falls below 96 percent, HUD may require, at its discretion, that the MTW agency enter into an Occupancy Action Plan to address the occupancy issues. The Occupancy Action Plan will include the cause of the occupancy issue, the intended solution, and reasonable timeframes to address the cause of the occupancy issue.

vi. Additional Monitoring and Oversight

HUD may, based on the MTW agency's risks and at HUD's discretion, conduct management, programmatic, financial, or other reviews of the MTW agency. The MTW agency shall respond to any findings with appropriate corrective action(s).

In addition, HUD will make use of all HUD data systems and available information to conduct ongoing remote monitoring and oversight actions for MTW agencies, consistent with the results of the PIH risk assessment.

8. Rental Assistance Demonstration Program

MTW agencies converting public housing program units to Section 8 assistance under the RAD program are able to retain MTW regulatory and statutory flexibilities in the management of those units, subject to RAD requirements, if the conversion is to Section 8 PBV assistance. MTW agencies converting projects under RAD to PBV may continue to undertake flexibilities except to the extent limited by RAD, as described in the RAD Notice, Notice PIH 2012–32, REV–4 or its successor notice.³²

³² Notices and laws related to RAD can be found at <https://www.hud.gov/RAD/library/notices>.

9. Applying MTW Flexibilities to Special Purpose Vouchers

Special Purpose Vouchers (SPVs) are specifically provided for by Congress in line item appropriations. Except for enhanced vouchers and tenant-protection vouchers (described below), SPVs are not part of the MTW demonstration and are not part of the MTW agency's total available flexible MTW Funding. The funding is renewed outside of the MTW HAP renewal formula and the funding (both the initial increment and renewal funding) for the SPVs may only be used for eligible SPV purposes. There are no MTW flexibilities available for using MTW funds to cover SPV shortfalls; MTW agencies may use non-HAP sources to cover shortfalls, following the procedures outlined in Notice PIH 2013–28, or successor. Despite SPV funding restrictions to cover regular voucher shortfalls, MTW agencies do have the ability/are permitted to use HAP reserve funds, including HAP originated reserves subject to fungibility provisions, to address SPV instances of shortfalls; where the SPVs are under the same appropriations allocation for renewal as their Section 8 vouchers.³³

a. HUD-Veterans Affairs Supportive Housing (VASH) Vouchers

HUD–VASH vouchers have separate operating requirements and must be administered in accordance with the requirements listed at www.hud.gov/program_offices/public_indian_housing/programs/hcv/vash. The operating requirements waive and alter many of the standard HCV statutes and regulations at 24 CFR part 982. Unless stated in the HUD–VASH operating requirements, however, the regulatory requirements at 24 CFR part 982 and all other HUD directives for the HCV program are applicable to HUD–VASH vouchers. MTW agencies may submit a request to HUD to operate HUD–VASH vouchers in accordance with MTW administrative flexibilities.

b. Family Unification Program (FUP) Vouchers

The FUP NOFA language allows vouchers to be administered in accordance with MTW flexibilities unless MTW provisions are inconsistent with the appropriations act or requirements of the FUP NOFA. In the event of a conflict between the MTW Operations Notice and the appropriations act or FUP NOFA language, the act and NOFA govern.

³³ https://portal.hud.gov/hudportal/documents/huddoc?id=DOC_10495.pdf.

c. Foster Youth to Independence (FYI) Vouchers

The FYI NOFA language allows vouchers to be administered in accordance with MTW flexibilities unless MTW provisions are inconsistent with the appropriations act or requirements of the FYI NOFA. In the event of a conflict between the MTW Operations Notice and the appropriations act or FYI NOFA language, the act and NOFA govern.

d. Non-Elderly Persons With Disabilities (NED) Vouchers

The NED NOFA language allows vouchers to be administered in accordance with MTW operations unless MTW provisions are inconsistent with the appropriations act or requirements of the NED NOFA. In the event of a conflict between the MTW Operations Notice and the appropriations act or NED NOFA language, the act and NOFA govern.

e. Mainstream Vouchers

The Mainstream NOFA language allows vouchers to be administered in accordance with MTW flexibilities unless MTW provisions are inconsistent with the appropriations act or requirements of the Mainstream NOFA. In the event of a conflict between the MTW Operations Notice and the appropriations act or Mainstream NOFA language, the act and NOFA govern.

f. Enhanced Vouchers and Tenant Protection Vouchers

MTW agencies may apply any MTW flexibilities as authorized by this notice to replacement TPVs to the extent that the MTW flexibilities used do not infringe upon the protections applied to those families.³⁴ However, funding fungibility may only be applied to replacement TPV funds once the initial funding increment is renewed. No MTW flexibilities may be applied to relocation TPVs. MTW agencies should review PIH Notice 2020–04 and any future successor notices for more information on re-issuance of TPVs.

The statutory enhanced voucher requirements under Section 8(t) of the 1937 Act (*e.g.*, the HAP calculation) apply to an enhanced voucher family until the family either moves from the project or leaves the HCV tenant-based program for any reason. MTW agencies must follow the procedures described in Notice PIH 2013–27, or its successor

notice, for a recipient of an enhanced voucher to voluntarily agree to relinquish their tenant-based assistance in exchange for PBV assistance. When an enhanced voucher family moves from the project, either after initially receiving the voucher or anytime thereafter, the Section 8(t) enhanced voucher requirements no longer apply. The voucher is then administered in accordance with the regular HCV program requirements, as modified by the agency's individual MTW waivers and MTW policies for its tenant-based HCV program.

10. Applicability of Other Federal, State, and Local Requirements

Notwithstanding the waivers and associated activities provided in this MTW Operations Notice, the following provisions of the 1937 Act continue to apply to MTW agencies and the assistance received pursuant to the 1937 Act:

- The terms “low-income families” and “very low-income families” shall continue to be defined by reference to Section 3(b)(2) of the 1937 Act (42 U.S.C. 1437a(b)(2));
- Section 12 of the 1937 Act (42 U.S.C. 1437j), as amended, shall apply to housing assisted under the demonstration, governing labor standards and community service requirements, other than housing assisted solely due to occupancy by families receiving tenant-based assistance;
- Section 18 of the 1937 Act (42 U.S.C. 1437p, as amended by Section 1002(d) of Public Law 104–19, Section 201(b)(1) of Public Law 104–134, and Section 201(b) of Public Law 104–202), governing demolition and disposition, shall continue to apply to public housing notwithstanding any use of the housing under MTW; and
- Section 8(r)(1) of the 1937 Act on HCV portability shall continue to apply unless provided as a cohort-specific waiver and associated activity(s) in an evaluative cohort as necessary to implement comprehensive rent reform and occupancy policies. Such a cohort-specific waiver and associated activity(s) would contain, at a minimum, exceptions for requests to port due to employment, education, health and safety and reasonable accommodation.

Notwithstanding anything contained in this notice, federal, state and local requirements applicable to public housing or HCV assistance other than those provisions of the 1937 Act or its implementing requirements that are specifically waived pursuant to the MTW Operations Notice will apply.

MTW authority may also be limited by any laws promulgated in future years, which include without limitation: Statutes, appropriations acts, notices implementing appropriations acts, regulations, and executive orders.

The MTW ACC Amendment will place in HUD the authority and discretion to determine whether any future law conflicts with any MTW-related agreement or notice. If a future law conflicts, the future law shall be implemented. Additionally, no money damages are contemplated for action by HUD with respect to the MTW demonstration program.

If any requirement applicable to PHAs, public housing, or HCV assistance other than those provisions of the 1937 Act or its implementing requirements that may be waived pursuant to MTW authority and that are specifically waived pursuant to the MTW Operations Notice, contains a provision that conflicts or is inconsistent with any MTW Waiver, Safe Harbor Waiver, and/or Agency-Specific Waiver granted by HUD, the MTW agency remains subject to the terms of that requirement. Such requirements include, but are not limited to:

- *Requirements for Federal Funds:* Notwithstanding the flexibilities described in this notice, the public housing and voucher funding provided to MTW agencies remain federal funds and are subject to any and all other federal requirements outside of the 1937 Act (*e.g.*, including but not limited to competitive HUD NOFAs under which the MTW agency has received an award, state and local laws, federal statutes other than the 1937 Act (including appropriations acts), and OMB Circulars and requirements), as modified from time to time. The MTW agency's expenditures must comply with 2 CFR part 200 and other applicable federal requirements, which provide basic guidelines for the use of federal funds, including the requirements of this notice.

- *National Environmental Policy Act (NEPA):* MTW agencies must comply with NEPA, 24 CFR part 50 or part 58, as applicable, and other related federal laws and authorities identified in 24 CFR part 50 or part 58, as applicable. Information and guidance on the environmental review process and requirements is provided in PIH Notice 2016–22, or successor notice.

- *Fair Housing and Equal Opportunity:* As with the administration of all HUD programs and all HUD-assisted activities, fair housing, and civil rights issues apply to the administration of MTW demonstration

³⁴ For examples of restrictions in applying MTW flexibilities to tenant protection vouchers, please visit the MTW Special Purpose Voucher Q&A at <https://www.hud.gov/sites/dfiles/PIH/documents/SpecialPurposeVouchersQA.pdf>.

programs. This includes actions and policies that may have a discriminatory effect on the basis of race, color, sex, national origin, religion, disability, or familial status (see 24 CFR part 1 and part 100 subpart G) or that may impede, obstruct, prevent, or undermine efforts to affirmatively further fair housing. Annual PHA Plans must include a civil rights certification required by Section 5A of the 1937 Act and implemented by regulation at 24 CFR 903.7(o) and 903.15, as well as a statement of the MTW agency's strategies and actions to achieve fair housing goals outlined in an approved Assessment of Fair Housing consistent with 24 CFR 5.154. If the MTW agency does not have a HUD-accepted Assessment of Fair Housing (AFH), it must still provide a civil rights certification and statement of the MTW agency's fair housing strategies, which would be informed by the corresponding jurisdiction's AFH and the MTW agency's assessment of its own operations.

All PHAs, including MTW agencies, are obligated to comply with non-discrimination and equal opportunity laws and implementing regulation, including those in 24 CFR 5.105. Specific laws and regulations must be viewed in their entirety for full compliance, as this MTW Operations Notice does not incorporate a complete discussion of all legal authorities. For example, PHAs, including MTW agencies, are required to comply with the Fair Housing Act, Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, Architectural Barriers Act of 1968, Executive Order 11063: Equal Opportunity in Housing, Executive Order 13166: Improving Access to Services for Persons with Limited English Proficiency, HUD's Equal Access Rule (24 CFR 5.105(a)(2)), Age Discrimination Act of 1975, and Title IX of the Education Amendments Act of 1972, as well as HUD and government-wide regulations implementing these authorities. MTW agencies should review PIH Notice 2011-31, or its successor, for more details.

• **Court Orders and Voluntary Compliance Agreements:** MTW agencies must comply with the terms of any applicable court orders or Voluntary Compliance Agreements that are in existence or may come into existence during the term of the MTW ACC Amendment. The MTW agency must cooperate fully with any investigation by the HUD Office of Inspector General or any other investigative and law enforcement agencies of the U.S. Government.

11. MTW Agencies Admitted Prior to 2016 MTW Expansion Statute

The 39 MTW agencies that entered the MTW demonstration prior to the 2016 MTW Expansion Statute adhere to an administrative structure outlined in the Standard MTW Agreement, an agreement between each current agency and HUD. The 2016 MTW Expansion Statute extended the term of the Standard MTW Agreement for these existing MTW agencies through each agency's 2028 fiscal year.

Some agencies that entered the MTW demonstration prior to the 2016 MTW Expansion Statute may wish to opt out of their Standard MTW Agreement and administer their MTW program pursuant to the MTW Expansion and the requirements in this MTW Operations Notice. HUD will support an existing MTW agency's request to join the MTW Expansion provided that the agency:

- Makes the change at the end of its fiscal year, so that it does not have part of a fiscal year under the Standard Agreement and part under the MTW Operations Notice;
- follows the same public comment and Board resolution process as would be required for amending the Standard MTW Agreement;
- executes its MTW ACC Amendment to authorize participation in the MTW demonstration consistent with the MTW Operations Notice; and
- executes the MTW ACC Amendment and terminates its Standard MTW Agreement, thereby becoming subject to all the terms and conditions that apply to MTW agencies admitted pursuant to the 2016 MTW Expansion Statute, including all of the provisions of this Operations Notice and the accompanying MTW ACC Amendment.

Should an existing MTW agency elect to administer its MTW program pursuant to the framework described in this MTW Operations Notice, it will not be required to implement the cohort-specific policy change associated with any of the MTW cohorts and it will not be required to participate in the evaluation of that specific policy change. All other requirements in this MTW Operations Notice will apply.

12. Sanctions, Terminations, and Default

If the MTW agency violates any of the requirements outlined in this notice, HUD is authorized to take any corrective or remedial action permitted by law. Sanctions, terminations, and default are covered in the agency's MTW ACC Amendment.

Appendix I

Appendix I, MTW Waivers, is a simplified guide for MTW agencies seeking to develop MTW initiatives that have already been executed by existing MTW agencies. MTW agencies may implement any activity contained in Appendix I without further HUD approval as long as it is included in the MTW Supplement (described in section VI.7 of this Notice) of an approved PHA Plan and implemented within the associated safe harbor(s). MTW activities are listed by specific waiver name in Appendix I; however, MTW agencies may use the MTW Supplement to combine activities together in order to create more comprehensive initiatives.

This appendix contains the MTW Waivers and their associated activities. The appendix includes the waiver name, waiver description, statutes and regulations waived, permissible activities, and safe harbors. The waiver description defines the authorization provided to the MTW agency, subject to the terms of this notice. The statutory and regulatory citations that may be waived by an MTW agency in order to implement an activity are included below the activity. The list of waivers and list of activities are organized by program type. The safe harbors contain the additional requirements (beyond those specified in the activity description) the agency must follow in order to implement the activity without additional HUD approval once it is included in an approved MTW Supplement to the PHA Plan. Consistent with applicable federal,

state, and local lease requirements, MTW agencies should update their leases as necessary to adopt MTW flexibilities authorized by these MTW Waivers.

Appendix I is an exclusive list of activities an MTW agency can implement without further HUD approval once it is included in the MTW Supplement of an approved PHA Plan; however, is not intended to be the complete listing of what an MTW agency can and cannot do. If an MTW agency wishes to request the ability to implement an activity in a manner inconsistent with the safe harbor(s) of an MTW activity in this appendix, the MTW agency must go through the Safe Harbor Waiver request process explained in section VI.4 of the MTW Operations Notice. If an MTW agency wishes to implement activities or request waivers not included in this appendix, it must go through the Agency-Specific Waiver process explained in section VI.4 of the MTW Operations Notice. As described in Appendix II, the MTW agency shall submit an impact analysis for all Safe Harbor Waiver requests, and the MTW agency shall describe any hardship policy, as applicable.

Safe harbors marked with an asterisk () cannot be waived through either the Safe Harbor Waiver process or the Agency-Specific Waiver process.*

The agency is authorized to implement a requirement that a specified segment of its PH and/or HCV residents work or engage in an acceptable substitute for work as a condition of tenancy, subject to all applicable fair housing and civil rights requirements and the mandatory admission and prohibition requirements imposed by sections 576–578 of the Quality Housing and Work Responsibility Act of 1998 and Section 428 of Public Law 105–276. Work requirements shall not apply to persons with disabilities or the elderly. However, persons with disabilities or the elderly, and families that include persons with disabilities or the elderly, must have equal access to the full range of program services and other incentives. The agency must update its Administrative Plan and/or Admissions and Continued Occupancy Plan (ACOP) to include a description of the circumstances in which families shall be exempt from the requirement. The Administrative Plan and/or ACOP should include a description of what is considered work as well as acceptable substitutes for work. The PHA Executive Director or Board may suspend the sanctions policy due to negative local economic conditions.

Individuals who are the primary caretaker for a child under 6 years of age or who are pregnant must also be exempt from the agency’s work requirement. ix. Supportive services shall be provided, either through the agency or a partner organization, to assist families in obtaining employment or an acceptable substitute, as defined by the MTW agency’s policy. x. 15. Acquisition Without Prior HUD Approval

Activity	15. <i>Acquisition without Prior HUD Approval (PH)</i> —The agency is authorized to acquire public housing sites without prior HUD approval. This activity allows MTW agencies flexibility around the timing of HUD's approval, but not the content of the approval. When acquiring the sites, the agency must have all submission materials in place as if HUD were approving the acquisition proposal prior to acquisition. The agency must provide the materials to the Field Office for approval within 30 days of acquisition. 17. Local, Non-Traditional Activities

MTW Funding can be utilized per statute and regulation on the eligible activities listed at sections 9(d)(1), 9(e)(1), and 8(o) of the 1937 Act. Any authorized use of these funds outside of the allowable uses listed in the 1937 Act constitutes a local, non-traditional activity. The agency is authorized to implement the local, non-traditional activities listed below to provide a rental subsidy to a third-party entity to provide housing and supportive services to eligible low-income participants, and to contribute MTW Funding to the development of affordable housing. Families served through the activities described below must be at or below 80% of Area Median Income. Implemented activities must meet one of the three MTW statutory objectives of increasing the efficiency of federal expenditures, incentivizing self-sufficiency of participating families, and increasing housing choice for low-income families. The use of MTW Funding must be consistent with the requirements of 24 CFR 200 and other basic requirements for the use of federal assistance. The agency must determine the eligibility of families in accordance with 24 CFR 5.609 and with section 3(b)(2) of the Act. Local, non-traditional activities must fall within one of the three categories below and comply with PIH Notice 2011-45 or any successor notice/and or guidance.

17.a. Rental Subsidy Programs

Statutes and Regulations Waived.	<i>Local, Non-Traditional Activities</i> —MTW Funding can be utilized per statute and regulation on the eligible activities listed at sections 9(d)(1), 9(e)(1), and 8(o) of the 1937 Act. 17.b. Service Provision

Activity	17.b. <i>Service Provision</i> —The provision of HUD-approved self-sufficiency or supportive services using MTW Funding that are not otherwise permitted under the public housing and HCV programs, or that are provided to eligible low-income individuals who do not receive either public housing or HCV assistance from the PHA. Eligible activities may include: services for participants of other PHA-owned or managed affordable housing that is not public housing or HCV assistance; services for low-income non-participants; services and/or incentives to attract applicants to developments, or portions thereof, which can be difficult to market; or supportive services.
Statutes and Regulations Waived.	<i>Local, Non-Traditional Activities</i> —MTW Funding can be utilized per statute and regulation on the eligible activities listed at sections 9(d)(1), 9(e)(1), and 8(o) of the 1937 Act. Families receiving housing or services through local, non-traditional activities must meet the HUD definition of low-income.* v. The agency is subject to Notice PIH 2011-45 or any successor notice and/or guidance.* vi. Any MTW Funding awarded to a third-party provider must be competitively bid.*

17.c. Housing Development Programs

Activity	17.c. <i>Housing Development Programs</i> —Programs that use MTW Funding to acquire, renovate and/or build affordable units for low-income families that are not public housing units. Eligible activities may include: Gap financing for non-PHA development of affordable housing, development of project-based voucher units or tax credit partnerships.
Statutes and Regulations Waived.	<i>Local, Non-Traditional Activities</i> —MTW Funding can be utilized per statute and regulation for the eligible activities listed at sections 8(o), 9(d)(1), and 9(e)(1) of the 1937 Act. Any MTW Funding awarded to a third-party provider must be competitively bid.*

¹ In the HCV tenant-based program, the housing assistance payment (HAP) is the lower of: (1) The payment standard minus the family's TTP, or (2) the gross rent minus the TTP. The TTP is the minimum amount the family will pay as the family share. If the gross rent exceeds the payment standard, the family will pay TTP and the difference between the gross rent and the payment standard as the family share. In the HCV project-based program, the family always pays TTP minus any utility allowance (UA) as the tenant rent.

Appendix II

Specific requirements on safe harbors related to impact analyses and hardship policies are provided in this Appendix.

Impact Analysis

The MTW agency must complete a written analysis of the various impacts of the MTW activity. The MTW agency must prepare this analysis: (1) Prior to implementation of the MTW activity, if required as a safe harbor; (2) for certain activities (Work Requirements, Term-Limited Assistance, and Stepped Rent)

on an annual basis during the implementation of the MTW activity; (3) prior to any Safe Harbor Waiver or Agency-Specific Waiver requests; and (4) at the time the MTW activity is closed out, if an impact analysis was previously required.

This analysis must consider the following factors, as applicable:

1. Impact on the agency's finances (e.g., how much will the activity cost, any change in the agency's per family contribution);
2. Impact on affordability of housing costs for affected families (e.g., any change in how

much affected families will pay towards their housing costs);

3. Impact on the agency's waitlist(s) (e.g., any change in the amount of time families are on the waitlist);

4. Impact on the agency's termination rate of families (e.g., any change in the rate at which families non-voluntarily lose assistance from the agency);

5. Impact on the agency's current occupancy level in public housing and utilization rate in the HCV program;

6. Impact on meeting the MTW statutory goals of cost effectiveness, self-sufficiency, and/or housing choice;

7. Impact on the agency's ability to meet the MTW statutory requirements;

8. Impact on the rate of hardship requests and the number granted and denied as a result of this activity; and

9. Across the other factors above, the impact on protected classes (and any associated disparate impact).

The MTW agency must have the initial impact analysis, which analyzes potential impacts of the MTW activity, attached to the MTW Supplement during the applicable public review period prior to implementation of the MTW activity. For certain activities (Work Requirements, Term-Limited Assistance, and Stepped Rent), an updated impact analysis must be provided in each subsequent year. While MTW activities are listed by waiver and specific activity name in Appendix I, MTW agencies may combine activities together at the PHA level in order to create more comprehensive initiatives. For such comprehensive initiatives an MTW agency may submit a single impact analysis. Should a larger initiative undergo a substantial change, such as adding an activity, the MTW agency must reevaluate its impact with a new impact analysis. This information must be retained by the agency for the duration of the agency's participation in the MTW demonstration program and available for public review and inspection at the agency's principal office during normal business hours.

Hardship Policy

The MTW agency must adopt a written policy for determining when a requirement or provision of an MTW activity constitutes a financial or other hardship for the family. The agency must include this policy as an attachment to its MTW Supplement to the Annual PHA Plan. The agency may use a single hardship policy, as applicable, for multiple MTW waivers or develop different

hardship policies for different MTW waivers as it finds appropriate. The agency must review its hardship policy(s) with residents during its intake and recertification processes. The agency must consider if a resident qualifies for a hardship exemption at the time of a potential termination of assistance that is due to an MTW activity.

When a resident requests a hardship exemption from a required MTW activity, the agency must suspend the activity for the household, beginning the next month after the request, until the MTW agency has determined if the request is warranted. The agency shall make the determination of whether a financial or other hardship exists within a reasonable time after the family's request. If the agency determines that a financial or other hardship exists, the MTW agency must continue to provide an exemption from the MTW activity at a reasonable level and duration, according to the agency's written policy. If an agency determines that the request did not meet its hardship standards, they must resume the MTW activity and collect any retroactive rent, if applicable, through a reasonable repayment agreement.

The agency's written policy(s) for determining what constitutes financial hardship must include the following situations:

- The family has experienced a decrease in income because of changed circumstances, including loss or reduction of employment, death in the family, or reduction in or loss of earnings or other assistance;
- The family has experienced an increase in expenses, because of changed circumstances, for medical costs, childcare, transportation, education, or similar items; and
- Such other situations and factors determined by the agency to be appropriate.

The agency's written policies shall include a grievance procedure that a family may request for second level review of denied hardship requests.

The agency shall keep records of all hardship requests received and the results of these requests and supply them at HUD's request. This information must be retained by the agency for the duration of the agency's participation in the MTW demonstration program and available for public review and inspection at the agency's principal office during normal business hours.

Appendix III

The statutory requirement that MTW agencies continue to "serve substantially the same number of families" throughout participation in the MTW demonstration program (STS Requirement) will be monitored for MTW agencies in the MTW Expansion through the following methodology, which adheres to the main themes and principles described in the MTW Operations Notice. Since the funding calculation for public housing (including Operating and Capital Funds) is significantly different than the funding calculation in the Housing Choice Voucher (HCV) program, the methodology for calculating the STS Requirement for the public housing and HCV programs will differ.

Public Housing

As described in Section 7.c.i of the MTW Operations Notice, HUD will monitor public housing occupancy rates for MTW agencies. The public housing occupancy rate will be determined by dividing the total number of "occupied" units by the total number of "standing" units:

$$\text{TOTAL OCCUPIED UNITS} \div \text{TOTAL STANDING} = \text{MTW AGENCY OCCUPANCY RATE}$$

The table below shows what public housing unit categories³⁷ are currently included in the numerator and what public housing unit categories are currently included in the denominator:³⁸

Public housing unit category/sub-category	Total occupied units (numerator)	Total standing units (denominator)
Occupied—Assisted Tenant	X	X
Occupied—Employee	X	X
Occupied—Non-Assisted Tenant Over Income	X	X

³⁷ Public housing unit categories and unit reporting in IMS/PIC is provided in PIH Notice 2011-07, or successor notice.

³⁸ Current monitoring of public housing occupancy rates for all agencies is conducted according to the current HUD Agency Priority Goal (APG) reporting categories. Should this change,

MTW agencies would be subject to the same monitoring of public housing occupancy rates as all non-MTW agencies.

Public housing unit category/sub-category	Total occupied units (numerator)	Total standing units (denominator)
Vacant—Vacant	X

Annual Public Housing STS Compliance

To be compliant with the public housing portion of the STS Requirement, the MTW agency’s public housing occupancy rate must be at or above 96%, unless otherwise approved by HUD. HUD may consider the MTW agency’s efforts to reposition its public housing as an allowable reason to temporarily dip below 96% occupancy. Any allowable dips must be time-limited and described in the MTW Supplement to the Public Housing Agency (PHA) Plan.

Each year, HUD will advise the MTW agency of its compliance under the STS Requirement in the public housing program for the prior calendar year. This information will also be made available on HUD’s website. In instances where the MTW agency’s public housing occupancy rate falls below 96%, HUD may require, at its discretion, that the MTW agency enter into an Occupancy Action Plan to address the occupancy issues. The Occupancy Action Plan will include at a minimum: The cause of the occupancy issue, the intended solution, and reasonable timeframes to address the cause of the occupancy issue.

The exception to the above is for MTW agencies that are below 96% public housing occupancy when they receive MTW designation. MTW agencies that are below 96% occupied when they are designated have two years, or more as determined by HUD, to come into compliance before they are required to enter into and adhere to an Occupancy Action Plan as described above.

Failure to adhere to the Occupancy Action Plan may result in enforcement processes detailed in the MTW amendment to the MTW agency’s Annual Contributions Contract (ACC Amendment).

Housing Choice Voucher Program

To be compliant with the STS Requirement in the HCV program, the MTW agency will be required to house at least 90% of the families it would be able to house based on the HCV Housing Assistance Payment (HAP) dollars it receives each year.

Establishing the Annual HCV STS Target

In the first full calendar year that the agency is an MTW agency, the Annual HCV Capacity of the MTW agency will be calculated based on the total Budget Authority of HCV HAP funds (including Special Purpose Vouchers) in that year and the per unit cost (PUC) from the calendar year prior to the agency’s entry into the MTW Demonstration Program, adjusted for inflation.

First Full Calendar Year in MTW—Step 1

HCV PUC FROM CALENDAR YEAR PRIOR TO $MTW \times ANNUAL INFLATION FACTOR(S) = “ADJUSTED BASELINE YEAR PUC”$

First Full Calendar Year in MTW—Step 2

TOTAL BUDGET AUTHORITY OF HCV HAP FUNDS + ADJUSTED BASELINE YEAR PUC = “ANNUAL HCV CAPACITY”

For all subsequent MTW years, the PUC established from the calendar year prior to MTW designation will continue to be inflated annually to determine each MTW year’s Annual Adjusted PUC. The Annual HCV Capacity of the MTW agency will be calculated based on the total Budget Authority of HCV HAP funds in that year and the Annual Adjusted PUC from the prior calendar year, adjusted for inflation.

Subsequent Calendar Year in MTW—Step 1

“ADJUSTED BASELINE YEAR PUC” (from prior year) $\times ANNUAL INFLATION FACTOR = “ANNUAL ADJUSTED BASELINE YEAR PUC”$ (new for current year)

Subsequent Calendar Year in MTW—Step 2

TOTAL BUDGET AUTHORITY OF HCV HAP FUNDS IN CALENDAR YEAR + ANNUAL ADJUSTED BASELINE YEAR PUC” (new for current year) = “ANNUAL HCV CAPACITY” (new for current year)

Because MTW agencies must serve at least 90% of the current year Annual HCV Capacity to be compliant with the HCV portion of the STS Requirement, the Annual HCV STS Target will then be established.

“ANNUAL HCV CAPACITY” $\times 90\% = “ANNUAL HCV STS TARGET”$

Establishing the Number of Families Housed in the HCV Program

To determine the number of families that count towards the STS Requirement in the HCV program each year, HUD will consider families housed through both the HCV program and any local, non-traditional program.

The calculation for determining total families housed in the HCV program is the total unit months leased divided by twelve.

The calculation for determining total families housed in the local, non-traditional housing program includes two types of housing as provided in the waivers appendix of the MTW Operations Notice. These are also discussed in detail in PIH Notice 2011–45 (or its successor) titled “Parameters for Local, Non-Traditional Activities under the Moving to Work Demonstration Program.”

- The first type of housing is a local, non-traditional rental subsidy program. Here, the total unit months of housing provided over the calendar year will be utilized and divided by twelve. Families that receive services only will not be included.

- The second type of housing is a local, non-traditional housing development program. Here, HUD will first take the total investment of MTW funds in developing these types of units. This total dollar amount

will be divided by the applicable HUD-published Total Development Cost (TDC). The resulting number of units will then count as families housed each year from when a certificate of occupancy is issued through the term of the affordability restrictions. Families that receive services only will not be included.

Annual HCV STS Compliance

Consistent with the statutory language of serving “substantially” the same number of families, the MTW agency will be considered compliant with the STS Requirement in the HCV program if it houses families through the HCV and local, non-traditional program at or above the Annual HCV STS Target. Again, the Annual HCV STS Target is 90% of the Annual HCV Capacity.

The MTW agency may dip below the Annual HCV STS Target for certain circumstances, as approved by HUD. Any allowable dips must be time-limited and described in the MTW Supplement to the PHA Plan.

Each year, HUD will advise the MTW agency of its compliance under the STS Requirement in the HCV program for the prior calendar year. This information will also be made available on HUD’s website.

In the event an MTW agency does not meet the Annual HCV STS Target, the MTW agency will have two years from the date it is notified to come into compliance. If, two years after notification of the deficiency the MTW agency still does not meet the Annual HCV STS Target, then the MTW agency will be required to expend all HAP dollars only on HAP. Once the MTW agency achieves 93% expenditures of Budget Authority on HAP, the MTW agency will be able to again use its HCV HAP funds flexibly. Failure to adhere to this may result in enforcement processes detailed in the MTW amendment to the MTW agency’s Annual Contributions Contract (ACC Amendment).

Adjustments to the HCV Annual Capacity

If the MTW agency believes that its Annual Adjusted Baseline Year PUC is no longer accurate, it may request an adjustment to this figure. Such a request may not be made more than once every three calendar years. The MTW agency must submit such a request to HUD along with a justification for the adjustment (for example, rising costs, special market conditions, public housing repositioning). HUD will then review the request and either approve or deny it. If approved, HUD will change the PUC appropriate to the circumstances of the MTW agency (as determined by HUD). This new PUC will then be adjusted by the inflation factor every year and used to determine compliance with the HCV portion of the STS Requirement going forward.
