The EPA determined that the Kentucky regulations are no less stringent than the corresponding federal rules and the revisions otherwise meet applicable Safe Drinking Water Act requirements. Therefore, the EPA intends to approve these revisions. If the EPA does not receive a timely and appropriate request for a hearing and the Regional Administrator does not elect to hold a hearing on her own motion, this approval shall become final and effective on September 28, 2020.

Abstract: This ICR covers the information collection activities associated with the pesticide container design and residue removal requirements and containment structure requirements. With respect to the container design and residue removal requirements, the information collection activities are associated with the requirement that businesses subject to the container regulations (pesticide registrants) and repackaging regulations (pesticide registrants and refillers)

maintain records of test data, cleaning procedures, certain data when a container is refilled, and other supporting information. These records are subject to both call-in by EPA and on-site inspection by EPA and its representatives. EPA has not established a regular schedule for the collection of these records, and there is no reporting. With respect to the containment structure requirements, the information collection activities are associated with the requirement that businesses subject to the containment structure regulations maintain records of the: (1) Monthly inspection and maintenance of each containment structure and all stationary bulk containers; (2) Duration over which non-stationary bulk containers holding pesticide and not protected by a secondary containment unit remain at the same location; and (3) Construction date of the containment structure. The businesses subject to the containment structure regulations include agrichemical retailers and refilling establishments, custom blenders and commercial applicators of agricultural pesticides. The records have to be maintained by the owners and operators of such businesses and made available to inspectors to ensure that businesses are in compliance with containment requirements. These inspections are generally conducted by the states, which enforce FIFRA regulations through cooperative agreements with EPA.

Form Numbers: None.

Respondents/Affected Entities: Pesticide registrants and businesses who formulate pesticide products or pesticide formulation intermediates (NAICS code 325320), farm supply wholesalers (NAICS code 422910), swimming pool applicators (NAICS code 561790, 453998 and 235990), and agricultural (aerial and ground) commercial applicators (NAICS code 115112).

Respondent’s obligation to respond: Mandatory under sections 3, 8, 19, 25 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) (7 U.S.C. 136f, 136q, and 136w).

Estimated number of respondents: 23,586 (total).

Frequency of response: On occasion.

Total estimated burden: 180,763 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated costs: \$ 9,033,656 (per year), includes \$335,900 annualized capital or operation & maintenance costs.

Changes in the estimates: There is an increase of 11,103 hours in the total estimated respondent burden compared with that identified in the ICR currently

approved by OMB. This increase is in response to comments received from respondents, including a comment that the development and storage of documentation associated with the DOT (Department of Transportation) authorized packaging are not included. This change is an adjustment.

Director, Regulatory Support Division.

EXPORT-IMPORT BANK OF THE UNITED STATES

[Public Notice: EIB-2020-0007]

Proposal To Adopt the 2010 Small Business Jobs Act Interim Rule as an Alternative Size Standard for Defining a Small Business for Export-Import Bank Programs

AGENCY: Export-Import Bank of the United States.

ACTION: Final notice; notification of Small Business Administration approval.

SUMMARY: This document announces that the U.S. Small Business Administration (SBA) has approved the request by the Export-Import Bank of the United States (EXIM Bank) to adopt the Interim Rule (as defined below) set forth in Section 1116 of the Small Business Jobs Act of 2010 (the Jobs Act) as an alternative size standard for defining a small business concern for all of EXIM Bank's programs. The Jobs Act mandated that until the SBA establishes a permanent tangible net worth and net income based alternative size standard, SBA shall use the following alternative size standard for applicants for business loans Section 7(a) of the Small Business Act (7(a) Loan Program) and applicants for development company loans under Title V of the Small Business Investment Act of 1958 (504 Loan Program) in addition to the use of industry based size standards: Not more than \$15 million in tangible net worth and not more than \$5 million in average net income after Federal income taxes (Interim Rule). The SBA currently uses the Interim Rule for its 7(a) and 504 Loan Programs to determine size eligibility for an applicant if such applicant does not meet the size standards that it has established for individual industries as defined under the North American Industry Classification System (NAICS). The SBA's approval of EXIM Bank's proposal permits EXIM Bank to use the Interim Rule as an alternative size

standard for identifying small business concerns participating in all EXIM Bank programs as follows: First by using the industry based size standards and then by applying the Interim Rule, if such participant does not qualify as a small business concern under the industry based size standards.

DATES: This announcement is made as of August 28, 2020.

FOR FURTHER INFORMATION CONTACT: James Burrows, Senior Vice President, Office of Small Business, Export-Import Bank of the United States, at james.burrows@exim.gov or 202-565-3801.

SUPPLEMENTARY INFORMATION:

1. Pursuant to SBA's regulations, specifically 13 CFR 121.901-.904, EXIM Bank consulted with the SBA regarding the proposal to adopt the Interim Rule to define a small business concern for purposes of EXIM Bank programs. On November 22, 2016, EXIM Bank published a notice and requested for comments regarding the proposal in the **Federal Register** (81 FR 83836). EXIM Bank did not receive any comments.

2. By letter dated August 21, 2020, the SBA Administrator approved EXIM Bank's request to adopt the Interim Rule as an alternative size standard in addition to the use of industry-based size standards subject to republication of such standard in the **Federal Register**.

3. EXIM Bank will apply the Interim Rule as an alternative size standard in addition to using size standards established by SBA for individual industries to determine whether or not participants of EXIM Bank programs can be categorized as small business concerns.

Assistant Corporate Secretary.
