

The Exchange believes that the proposed change would not affect the competitive landscape among the national securities exchanges, as the Hot Hands service is solely charged within co-location to existing Users, and would be temporary.

For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹³ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁴ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁵ of the Act to determine whether the proposed rule change should be approved or disapproved.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to add Phlx's CAT industry member compliance rules (the "CAT Compliance Rules") to the list of minor rule violations in IM-9216, in Options 11, and in its Equity Minor Rule Violations. This proposal is based upon the Financial Industry Regulatory Authority, Inc. ("FINRA") filing to amend FINRA Rule 9217 in order to add FINRA's corresponding CAT Compliance Rules to FINRA's list of rules that are eligible for minor rule violation plan treatment.³

Proposed Rule Change

The Exchange adopted the CAT Compliance Rules in General 7 in order to implement the National Market System Plan Governing the Consolidated Audit Trail (the "CAT NMS Plan" or "Plan").⁴ The CAT NMS Plan was filed by the Plan Participants to comply with Rule 613 of Regulation NMS under the Exchange Act,⁵ and each Plan Participant accordingly has adopted the same compliance rules as the Exchange's General 7. The common compliance rules adopted by each Plan Participant are designed to require industry members to comply with the provisions of the CAT NMS Plan, which broadly calls for industry members to record and report timely and accurately customer, order, and trade information relating to activity in NMS Securities and OTC Equity Securities.

IM-9216 sets forth the list of rules specific to the Exchange's trading floor under which a member, member organization, or any partner, officer, director or person employed by or associated with any member organization (hereinafter, "associated person") may be subject to a fine. Exchange Rule 9216(b) permits the Exchange to impose a fine (not to exceed \$2,500) on any member, member organization, or associated person with respect to any rule listed under IM-9216. The Exchange proposes to amend IM-9216 to add the CAT Compliance Rules in General 7 to the list of rules in IM-9216 eligible for disposition

pursuant to a minor fine under Rule 9216(b). In addition, Options 11 sets forth the minor rule violation plan ("MRVP") for members and member organizations on the Exchange's options market. Accordingly, the Exchange proposes to make conforming changes in Options 11 to add the CAT Compliance Rules to the list of rules therein, and specify that for failures to comply with the Consolidated Audit Trail Compliance Rule requirements under General 7, the Exchange may impose a minor rule violation fine of up to \$2,500. Lastly, the Exchange proposes to make similar amendments to the Equity Minor Rule Violations, which sets forth the MRVP for members and member organizations on the Exchange's equities market. In particular, the Exchange proposes to add General 7 to the list of rules in the Equity Minor Rule Violations and provide that failures to comply with the CAT Compliance Rule requirements may be subject to fines of up to \$2,500.⁶

The Exchange is coordinating with FINRA and other Plan Participants to promote harmonized and consistent enforcement of all the Plan Participants' CAT Compliance Rules. The Commission recently approved a Rule 17d-2 Plan under which the regulation of CAT Compliance Rules will be allocated among Plan Participants to reduce regulatory duplication for industry members that are members of more than one Participant ("common members").⁷ Under the Rule 17d-2 Plan, the regulation of CAT Compliance Rules with respect to common members that are members of FINRA is allocated to FINRA. Similarly, under the Rule 17d-2 Plan, responsibility for common members of multiple other Plan Participants and not a member of FINRA will be allocated among those other Plan Participants, including to the Exchange. For those non-common members who are allocated to the Exchange pursuant

to the Rule 17d-2 Plan, the Exchange and FINRA entered into a Regulatory Services Agreement ("RSA") pursuant to which FINRA will conduct surveillance, investigation, examination, and enforcement activity in connection with the CAT Compliance Rules on the Exchange's behalf. We expect that the other exchanges would be entering into a similar RSA.

FINRA, in connection with its proposed amendment to FINRA Rule 9217 to make FINRA's CAT Compliance Rules MRVP eligible, has represented that it will apply the minor fines for CAT Compliance Rules in the same manner that FINRA has for its similar existing audit trail-related rules.⁸ Accordingly, in order to promote regulatory consistency, the Exchange plans to do the same. Specifically, application of a minor rule fine with respect to the CAT Compliance Rules will be guided by the same factors that FINRA referenced in its filing. However, more formal disciplinary proceedings may be warranted instead of minor rule dispositions in certain circumstances such as where violations prevent regulatory users of the CAT from performing their regulatory functions. Where minor rule dispositions are appropriate, the following factors help guide the determination of fine amounts:

- Total number of reports that are not submitted or submitted late;
- The timeframe over which the violations occur;
- Whether violations are batched;
- Whether the violations are the result of the actions of one individual or the result of faulty systems or procedures;
- Whether the firm has taken remedial measures to correct the violations;
- Prior minor rule violations within the past 24 months;
- Collateral effects that the failure has on customers; and
- Collateral effects that the failure has on the Exchange's ability to perform its regulatory function.⁹

Upon effectiveness of this rule change, the Exchange will publish a regulatory alert notifying its members, member organizations, and associated persons of the rule change and the specific factors that will be considered in connection with assessing minor rule fines described above.

For the foregoing reasons, the Exchange believes that the proposed

⁶ FINRA's maximum fine for minor rule violations under FINRA Rule 9216(b) is \$2,500. The Exchange will apply an identical maximum fine amount for eligible violations of General 7 to achieve consistency with FINRA and also to amend its MRVP to include such fines. Like FINRA, the Exchange would be able to pursue a fine greater than \$2,500 for violations of General 7 in a regular disciplinary proceeding or an acceptance, waiver, and consent ("AWC") under the Rule 9000 Series as appropriate. Any fine imposed in excess of \$2,500 or not otherwise covered by Rule 19d-1(c)(2) of the Act would be subject to prompt notice to the Commission pursuant to Rule 19d-1 under the Act. As noted below, in assessing the appropriateness of a minor rule fine with respect to CAT Compliance Rules, the Exchange will be guided by the same factors that FINRA utilizes. See text accompanying notes 8-9, *infra*.

⁹ See *id.*

rule change will result in a coordinated, harmonized approach to CAT compliance rule enforcement across Plan Participants that will be consistent with the approach FINRA has taken with the CAT rules.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,¹⁰ in general, and furthers the objectives of Section 6(b)(5),¹¹ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system and, in general, to protect investors and the public interest.

Minor rule fines provide a meaningful sanction for minor or technical violations of rules when the conduct at issue does not warrant stronger, immediately reportable disciplinary sanctions. The inclusion of a rule in the Exchange's MRVP does not minimize the importance of compliance with the rule, nor does it preclude the Exchange from choosing to pursue violations of eligible rules through an AWC if the nature of the violations or prior disciplinary history warrants more significant sanctions. Rather, the Exchange believes that the proposed rule change will strengthen the Exchange's ability to carry out its oversight and enforcement responsibilities in cases where full disciplinary proceedings are unwarranted in view of the minor nature of the particular violation. Rather, the option to impose a minor rule sanction gives the Exchange additional flexibility to administer its enforcement program in the most effective and efficient manner while still fully meeting the Exchange's remedial objectives in addressing violative conduct. Specifically, the proposed rule change is designed to prevent fraudulent and manipulative acts and practices because it will provide the Exchange the ability to issue a minor rule fine for violations of the CAT Compliance Rules in General 7 where a more formal disciplinary action may not be warranted or appropriate consistent with the approach of other Plan Participants for the same conduct.

The Exchange further believes that the proposed amendments to IM-9216,

Options 11, and the Equity Minor Rule Violations are consistent with Section 6(b)(6) of the Act,¹² which provides that a member, member organization, or associated person shall be appropriately disciplined for violation of the provisions of the rules of the exchange, by expulsion, suspension, limitation of activities, functions, and operations, fine, censure, being suspended or barred from being associated with a member, or any other fitting sanction. As noted, the proposed rule change would provide the Exchange ability to sanction minor or technical violations of General 7 pursuant to the Exchange's rules.

The Exchange also believes that the proposed changes are designed to provide a fair procedure for the disciplining of a member, member organization, or associated person, consistent with Sections 6(b)(7) and 6(d) of the Act.¹³ IM-9216, Options 11, and the Equity Minor Rule Violations do not preclude a member, member organization, or associated person from contesting an alleged violation and receiving a hearing on the matter with the same procedural rights through a litigated disciplinary proceeding.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended to address competitive issues but rather is concerned solely with making the CAT Compliance Rules in General 7 eligible for a minor rule fine disposition, thereby strengthening the Exchange's ability to carry out its oversight and enforcement functions and deter potential violative conduct.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Solicitation of Comments

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁴ In particular, the

¹⁴ In approving this proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹⁰ 15 U.S.C. 78f(b).

¹¹ 15 U.S.C. 78f(b)(5).

¹² 15 U.S.C. 78f(b)(6).

¹³ 15 U.S.C. 78f(b)(7) and 78f(d).

Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹⁵ which requires that the rules of an exchange be designed to promote just and equitable principles of trade, to remove impediments and to perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission also believes that the proposal is consistent with Sections 6(b)(1) and 6(b)(6) of the Act¹⁶ which require that the rules of an exchange enforce compliance with, and provide appropriate discipline for, violations of Commission and Exchange rules. Finally, the Commission finds that the proposal is consistent with the public interest, the protection of investors, or otherwise in furtherance of the purposes of the Act, as required by Rule 19d-1(c)(2) under the Act,¹⁷ which governs minor rule violation plans.

As stated above, the Exchange proposes to add the CAT Compliance Rules to the list of minor rule violations in IM-9216, Options 11, and the Equity Minor Rule Violations to be consistent with the approach FINRA has taken for minor violations of its corresponding CAT Compliance Rules.¹⁸ The Commission has already approved FINRA's treatment of CAT Compliance Rules violations when it approved the addition of CAT Compliance Rules to FINRA's MRVP.¹⁹ As noted in that order, and similarly herein, the Commission believes that Exchange's treatment of CAT Compliance Rules violations as part of its MRVP provides a reasonable means of addressing violations that do not rise to the level of requiring formal disciplinary proceedings, while providing greater flexibility in handling certain violations. However, the Commission expects that, as with FINRA, the Exchange will continue to conduct surveillance with due diligence and make determinations based on its findings, on a case-by-case basis, regarding whether a sanction under the rule is appropriate, or

whether a violation requires formal disciplinary action. Accordingly, the Commission believes the proposal raises no novel or significant issues.

For the same reasons discussed above, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,²⁰ for approving the proposed rule change prior to the thirtieth day after the date of publication of the notice of the filing thereof in the **Federal Register**. The proposal merely adds the CAT Compliance Rules to the Exchange's MRVP and harmonizes its application with FINRA's application of CAT Compliance Rules under its own MRVP. Accordingly, the Commission believes that a full notice-and-comment period is not necessary before approving the proposal.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act²¹ and Rule 19d-1(c)(2) thereunder,²² that the proposed rule change (SR-PHLX-2020-40) be, and hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²³

Assistant Secretary.
