

positive) with COVID-19, the cumulative number of clients with COVID-19, the number of clients who received services in each RWHAP service category (identified in Policy Clarification Notice 16-02 Ryan White HIV/AIDS Program Services: Eligible Individuals and Allowable Uses of Funds), and the types of services provided using telehealth technology in the COVID-19 Data Report. The information obtained in this module will assist HRSA in understanding how CARES Act RWHAP funding is being

used to support RWHAP clients and immediate household members and ensure that HRSA is compliant with federal reporting requirements.

Likely Respondents: All RWHAP providers (regardless of whether they are recipients or subrecipients) who receive CARES Act RWHAP funding.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to

develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
COVID-19 Data Report	2045	12	24,540	2	49,080
	2045	24,540	49,080

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.
