

with a high degree of confidence. In this way, NSCC believes this proposed change is also consistent with Rule 17Ad-22(e)(4)(i) under the Act.³⁶

Rule 17Ad-22(e)(6)(i) under the Act requires, in part, that NSCC establish, implement, maintain and enforce written policies and procedures reasonably designed to cover its credit exposures to its participants by establishing a risk-based margin system that, at a minimum, considers, and produces margin levels commensurate with, the risks and particular attributes of each relevant product, portfolio, and market.³⁷

The Required Fund Deposits are made up of risk-based components (as margin) that are calculated and assessed daily to limit NSCC's credit exposures to Members, including the VaR Charge. NSCC's proposed change to introduce an MLA charge is designed to more effectively address the risks presented by large Net Unsettled Positions in the same asset group. NSCC believes the addition of the MLA charge would enable NSCC to assess a more appropriate level of margin that accounts for these risks. This proposed change is designed to assist NSCC in maintaining a risk-based margin system that considers, and produces margin levels commensurate with, the risks and particular attributes of portfolios that contain large Net Unsettled Positions in the same asset group and may be more difficult to liquidate in the event of a Member default. Therefore, NSCC believes the proposed change is consistent with Rule 17Ad-22(e)(6)(i) under the Act.³⁸

Furthermore, NSCC believes that including the bid-ask spread risk charge within the calculation of the final VaR Charge would provide NSCC with a better assessment of its risks related to market price. This proposed change would enable NSCC to assess a more appropriate level of margin that accounts for this risk at the portfolio level. As such, each Member portfolio would be subject to a risk-based margining system that, at minimum, considers, and produces margin levels commensurate with, the risks and particular attributes of each relevant product, portfolio, and market, consistent with Rule 17Ad-22(e)(6)(i) under the Act.³⁹

III. Date of Effectiveness of the Advance Notice, and Timing for Commission Action

The proposed change may be implemented if the Commission does not object to the proposed change within 60 days of the later of (i) the date that the proposed change was filed with the Commission or (ii) the date that any additional information requested by the Commission is received. The clearing agency shall not implement the proposed change if the Commission has any objection to the proposed change.

The Commission may extend the period for review by an additional 60 days if the proposed change raises novel or complex issues, subject to the Commission providing the clearing agency with prompt written notice of the extension. A proposed change may be implemented in less than 60 days from the date the advance notice is filed, or the date further information requested by the Commission is received, if the Commission notifies the clearing agency in writing that it does not object to the proposed change and authorizes the clearing agency to implement the proposed change on an earlier date, subject to any conditions imposed by the Commission.

The clearing agency shall post notice on its website of proposed changes that are implemented.

The proposal shall not take effect until all regulatory actions required with respect to the proposal are completed.

September 1, 2020.

On May 15, 2020, Cboe BZX Exchange, Inc. ("Exchange" or "BZX") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend BZX Rule 14.11(d) to

permit Exchange listing and trading of Options-Linked Securities. The proposed rule change was published for comment in the **Federal Register** on June 3, 2020.³

On July 9, 2020, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁵ The Commission has received no comment letters on the proposed rule change.

The Commission is issuing this order to institute proceedings pursuant to Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.

I. Description of the Proposal

Exchange Rule 14.11(d) provides for Exchange listing and trading of Securities Linked to the Performance of Indexes and Commodities (Including Currencies) (“Linked Securities”).⁷ The Exchange proposes to amend Rule 14.11(d) to add Options-Linked Securities to the type of Linked Securities permitted to list and trade on the Exchange.

The proposed amendment would add Options-Linked Securities to the list of Linked Securities set forth in paragraph (d) of Rule 14.11. Additionally, the proposal would provide that the payment at maturity with respect to Options-Linked Securities is based on the performance of U.S. exchange-traded options on any one or combination of the following: (a) Index Fund Shares; (b) Managed Fund Shares, (c) Exchange-Traded Fund Shares; (d) Linked Securities; (e) securities defined in Rule 14.11; (f) the S&P 100 Index, the S&P 500 Index, the Nasdaq 100 Index, the Dow Jones Industrial Average, the MSCI EAFE Index, the MSCI Emerging Markets Index, the NYSE FANG Index, the Russell 2000 Index, the Russell 1000 Index, the Russell 1000 Growth Index, the Russell 1000 Value Index, the Cboe Volatility Index, Communication

Services Select Sector Index, the Consumer Discretionary Select Sector Index, the Consumer Staples Select Sector Index, the Energy Select Sector Index, the Financial Select Sector Index, the Health Care Select Sector Index, the Industrial Select Sector Index, the Materials Select Sector Index, the Real Estate Select Sector Index, the Technology Select Sector Index, or the Utilities Select Sector Index; or (g) a basket or index of any of the foregoing (“Options Reference Asset”).

The Exchange proposes that Option-Linked Securities⁸ must meet both of the following initial listing criteria: (1) The value of the Options Reference Asset must be calculated and widely disseminated by one or more major market data vendors on at least a 15-second basis during the Exchange’s regular market session; and (2) in the case of Options-Linked Securities that are periodically redeemable, the indicative value of the subject Options Linked Securities must be calculated and widely disseminated by the Exchange or one or more major market data vendors on at least a 15-second basis during the Exchange’s regular market session. In addition, the Exchange will consider the suspension of trading in, and will initiate delisting proceedings pursuant to Rule 14.12 if any of the initial listing criteria described above are not continuously maintained. The Exchange also will consider the suspension of trading in, and will initiate delisting proceedings pursuant to Rule 14.12 under any of the following circumstances:

(A) If the aggregate market value or the principal amount of the Options-Linked Securities publicly held is less than \$400,000;

(B) If an interruption to the dissemination of the value of the Options Reference Asset persists past the trading day in which it occurred or is no longer calculated or available and a new Options Reference Asset is substituted, unless the new Options Reference Asset meets the requirements of Rule 14.11(d)(2)(K); or

(C) If such other event shall occur or condition exists which in the opinion of the Exchange makes further dealings on the Exchange inadvisable.⁹

⁸ The proposal would move existing Rule 14.11(d)(2)(K)(v) (Multifactor Index-Linked Securities Listings Standards) to Rule 14.11(d)(2)(K)(vi), and would set forth the Option-Linked Securities Listing Standards in Rule 14.11(d)(2)(K)(v).

⁹ According to the Exchange, the proposed continued listing criteria for Options-Linked Securities are substantially the same as existing Rules 14.11(d)(2)(K)(ii)(b) (Commodity-Linked Securities), 14.11(d)(2)(K)(iii)(c) (Fixed Income-Linked Securities), and 14.11(d)(2)(K)(iv)(c)

According to the Exchange, the proposed standards would continue to ensure transparency surrounding the listing process for Linked Securities. The Exchange also believes that the standards for listing and trading Options-Linked Securities are reasonably designed to promote a fair and orderly market for such securities. The proposed addition of Options Reference Assets, as described above, would also work in conjunction with the initial and continued listing criteria related to surveillance procedures and trading guidelines for Linked Securities. The Exchange further believes that its surveillance procedures are adequate to properly monitor the trading of Options-Linked Securities in all trading sessions and to deter and detect violations of Exchange Rules.

II. Proceedings To Determine Whether To Approve or Disapprove SR–CboeBZX–2020–042 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act¹⁰ to determine whether the proposed rule change should be approved or disapproved. Institution of such proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide comments on the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act,¹¹ the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings to allow for additional analysis of the proposed rule change’s consistency with Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be “designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, . . . to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.”¹²

(Futures-Linked Securities). The proposal would also add Options Reference Assets to the permitted types of Multifactor Reference Assets.

⁵ See Securities Exchange Act Release No. 89267, 85 FR 42933 (July 15, 2020). The Commission designated September 1, 2020 as the date by which the Commission shall approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change.

⁶ 15 U.S.C. 78s(b)(2)(B).

⁷ Rule 14.11(d) currently accommodates Exchange listing and trading of Equity Index-Linked Securities, Commodity-Linked Securities, Fixed Income Index-Linked Securities, Futures-Linked Securities, and Multifactor Index-Linked Securities (collectively referred to as “Linked Securities”).

III. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposed rule change is consistent with Section 6(b)(5) or any other provision of the Act, or the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4, any request for an opportunity to make an oral presentation.¹³

Interested persons are invited to submit written data, views, and arguments regarding whether the proposed rule change should be approved or disapproved by September 25, 2020. Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by October 9, 2020.

The Commission asks that commenters address the sufficiency of the Exchange's statements in support of the proposal, which are set forth in the Notice,¹⁴ and any other issues raised by the proposed rule change under the Act. As discussed above, the Exchange proposes to adopt generic listing standards for Options-Linked Securities. The Exchange takes the position that the proposed Options-Linked Securities generic listing standards would continue to ensure transparency surrounding the listing process for Linked Securities. The Exchange also states that the standards for listing and trading Options-Linked Securities are reasonably designed to promote a fair and orderly market for such securities.

The Commission seeks commenters' views regarding whether the proposal is designed to protect investors and the public interest, and, in particular, whether there is adequate transparency and disclosure related to the options to

which Options-Linked Securities or Multifactor Index-Linked Securities are proposed to be linked. In addition, the Commission seeks comment regarding whether additional requirements, either qualitative or quantitative, relating to either the generic listing standards for Options Linked Securities or the definition of Options Reference Assets, would help to ensure that the proposal is designed to prevent fraudulent and manipulative acts and practices.
