Electronic Submission of Applications:
We are participating as a partner in the Government-wide Grants.gov site. Submit applications electronically using Grants.gov and do not email them unless explicitly allowed. A Grants.gov applicant must apply online using Workspace, a shared environment where members of a grant team may simultaneously access and edit different web forms within an application. An applicant can create an individual Workspace for each application and establish for that application a collaborative application package that allows more than one person in the applicant’s organization to work concurrently on an application. The Grants.gov system also enables the applicant to reuse forms from previous submissions, check them in and out to complete them, and submit the application package. For access to further instructions on how to apply using Grants.gov, refer to: www.grants.gov/web/grants/applicants/apply-for-grants.html.

You may also access the electronic grant applications at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number’s alpha suffix in your search (e.g., search for 84.184, not 84.184D).

Please note the following:
Applicants needing assistance with Grants.gov may contact the Grants.gov Support Center either by calling 1-800-518-4726 or by sending an email to support@grants.gov. The Grants.gov Support Center is available 24 hours a day, seven days a week, except for Federal holidays. Applicants needing assistance from Principal Office staff with their applications should contact the Department as directed under FOR FURTHER INFORMATION CONTACT section specified in this notice during normal business hours and no later than 5:00 p.m., Eastern Time, on the application deadline date.

The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your internet connection. Therefore, we recommend that you leave yourself plenty of time to complete your submission.

Applications received by Grants.gov are date- and time-stamped upon submission. Your application must be fully uploaded and submitted and date- and time-stamped by the Grants.gov system no later than 11:59:59 p.m., Eastern Time, on September 30, 2020. Except as specified in the Department’s Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768) and available at https://www.federalregister.gov/d/2019-02206, we will not accept your application if it is received—that is, date- and time-stamped by the Grants.gov system—after 11:59:59 p.m., Eastern Time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we receive your application from Grants.gov, we will notify you if we are rejecting your application because it was late. Receipt of a date- and time-stamp does not mean that your application meets program eligibility requirements described in the application package.

After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt containing a Grants.gov tracking number. Grants.gov also will notify you automatically by email if your application met all of the Grants.gov validation requirements or if there were any errors (such as submission of your application by someone other than a registered Authorized Organization Representative (AOR), issues with your Data Universal Numbering System (DUNS) number, or inclusion of an attachment with a file name that contains special characters). You will be given an opportunity to correct any errors and resubmit, but you must still meet the deadline for submission of your application.

Once your application is successfully validated by Grants.gov, the Department will retrieve your application from Grants.gov and send you an email with a unique PR/Award number for your application.

Email confirmations and receipts from Grants.gov do not indicate receipt by the Department, nor do they mean that your application is complete or has met all application requirements. While your application may have been successfully validated by Grants.gov, it also must be reviewed in accordance with the Department’s application requirements as specified in the Certification and Agreement and in these application instructions. It is your responsibility to ensure that your submitted application has met all of the Department’s requirements. Additionally, we may request that you provide us original signatures on forms at a later date.

Accessible Format: Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to the Department as directed under FOR FURTHER INFORMATION CONTACT.
