Silicon Metal From the Republic of Kazakhstan: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable September 8, 2020.

FOR FURTHER INFORMATION CONTACT: Justin Neuman at (202) 482-0486, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On July 20, 2020, the Department of Commerce (Commerce) initiated the countervailing duty (CVD) investigation of silicon metal from the Republic of Kazakhstan (Kazakhstan).¹ Currently, the preliminary determination is due no later than September 23, 2020.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On August 24, 2020, the petitioners² submitted a timely request that

² The petitioners are Globe Specialty Metals, Inc. and Mississippi Silicon LLC.

Commerce postpone the preliminary CVD determination.³ The petitioners stated that, due to the number and nature of subsidy programs under investigation, the normal 65-day deadline for the preliminary determination would not provide sufficient time for Commerce to adequately examine the amount of subsidies that producers and exporters of subject merchandise in Kazakhstan receive.⁴ In accordance with 19 CFR 351.205(e), the petitioners have stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request. Therefore, pursuant to section 703(c)(1)(A) of the Act, we are extending the due date for the preliminary determination to no later than 130 days after the date on which this investigation was initiated, *i.e.*, to November 27, 2020. Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination will continue to be 75 days after the date of the preliminary determination.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: September 1, 2020.

Polyethylene Terephthalate Film, Sheet and Strip From the People's Republic of China and the United Arab Emirates: Continuation of Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) orders on polyethylene terephthalate film, sheet and strip (PET film) from the People's Republic of China (China) and the United Arab

Emirates (UAE) would likely lead to a continuation or recurrence of dumping, as well as material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD orders.

DATES: Applicable September 8, 2020.

FOR FURTHER INFORMATION CONTACT: Kathryn Turlo at (202) 482–3870 or Jacqueline Arrowsmith at (202) 482–2328; AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On November 10, 2008, Commerce published the AD orders on PET film from China and the UAE.¹ On January 2, 2020, Commerce initiated the second five-year (sunset) reviews of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² As a result of its review, Commerce determined that revocation of the AD *Orders* on PET film from China and the UAE would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins and net countervailable subsidy rates likely to prevail should the AD *Orders* be revoked.³ On September 1, 2020, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the AD *Orders* would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Scope of the AD Orders

The products covered by the AD *Orders* are all gauges of raw, pre-treated, or primed PET film, whether extruded or co-extruded. Excluded are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or

inorganic layer more than 0.00001 inches thick. Also excluded is roller transport cleaning film which has at least one of its surfaces modified by application of 0.5 micrometers of SBR latex. Tracing and drafting film is also excluded. PET film is classifiable under subheading 3920.62.00.90 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of the AD *Orders* is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the AD *Orders* would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the AD orders on PET film from China and the UAE. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the orders will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(a), Commerce intends to initiate the next five-year review of the AD *Orders* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Notification to Interested Parties

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: September 1, 2020.

SUPPLEMENTARY INFORMATION:

Background

On May 6, 2020, the Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of prestressed concrete steel wire strand from Indonesia, Italy, Malaysia, South Africa, Spain, Tunisia, and Ukraine.¹ Currently, the preliminary determinations are due no later than September 23, 2020.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the
