SUPPLEMENTARY INFORMATION:

Background

On November 10, 2008, Commerce published the AD orders on PET film from China and the UAE.¹ On January 2, 2020, Commerce initiated the second five-year (sunset) reviews of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² As a result of its review, Commerce determined that revocation of the AD *Orders* on PET film from China and the UAE would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins and net countervailable subsidy rates likely to prevail should the AD *Orders* be revoked.³ On September 1, 2020, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the AD *Orders* would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Scope of the AD Orders

The products covered by the AD *Orders* are all gauges of raw, pre-treated, or primed PET film, whether extruded or co-extruded. Excluded are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or

inorganic layer more than 0.00001 inches thick. Also excluded is roller transport cleaning film which has at least one of its surfaces modified by application of 0.5 micrometers of SBR latex. Tracing and drafting film is also excluded. PET film is classifiable under subheading 3920.62.00.90 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of the AD *Orders* is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the AD *Orders* would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the AD orders on PET film from China and the UAE. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the orders will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(a), Commerce intends to initiate the next five-year review of the AD *Orders* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Notification to Interested Parties

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

SUPPLEMENTARY INFORMATION:

Background

On May 6, 2020, the Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of prestressed concrete steel wire strand from Indonesia, Italy, Malaysia, South Africa, Spain, Tunisia, and Ukraine.¹ Currently, the preliminary determinations are due no later than September 23, 2020.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the

investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On August 19, 2020, the petitioners² submitted a timely request that Commerce postpone the preliminary determinations in these LTFV investigations.³ The petitioners stated that they request postponement because the petitioners have identified deficiencies in the questionnaire responses filed on the records of the investigations that must be remedied in advance of the preliminary determinations, and postponing the preliminary determinations allows Commerce to seek clarification on the initial responses and accurately conduct the investigations.⁴

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations no later than November 12, 2020. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

² See Petitioners' Letter, "Countervailing Duty Order on Stainless Steel Sheet and Strip from the People's Republic of China—Petitioners' Request for Initiation of Third Administrative Review," dated April 30, 2020.

On May 6, 2020, pursuant to this request, and in accordance with 19 CFR 351.221(c)(1)(i), Commerce published a notice initiating an administrative review of the countervailing duty order on SS sheet and strip from China for 152 Chinese producers and/or exporters.³ On June 10, 2020, the petitioners timely withdrew their request for an administrative review of all 152 companies.⁴

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party or parties that requested a review withdraws the request within 90 days of the publication date of the notice of initiation of the requested review. The petitioners withdrew their request for review within the requisite 90 days. No other parties requested an administrative review of the order. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this review in its entirety.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties on all appropriate entries of SS sheet and strip from China. Countervailing duties shall be assessed at rates equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice in the **Federal Register**.

This notice also serves as a reminder to all parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested.
