

designed to provide the minimum necessary for the maintenance of fair and orderly markets in the event of the activation of such plans, thereby promoting intermarket competition between exchanges in furtherance of the principles of Section 11A(a)(1) of the Act.¹³

With respect to intramarket competition, the proposed rule change seeks to reduce the burdens on Equity Members by only designating Equity Members who are likely already participating in the industry-wide test by virtue of their trading activities on other exchanges. Under the proposed rule change, the Exchange will designate firms that have already established connections to the Exchange's backup systems. Consequently, the Exchange does not believe that the proposed rule change would impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁴ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁵

A proposed rule change filed under Rule 19b-4(f)(6)¹⁶ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁷ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public

interest. The Exchange has asked the Commission to waive the 30-day operative delay to permit the Exchange to notify Members of their designation earlier than would be possible without a waiver of the operative delay. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because it would provide designated members additional time to receive notice of their designation, and thus prepare for disaster recovery testing with the Exchange's backup systems. Accordingly, the Commission waives the 30-day operative delay and designates the proposal operative upon filing.¹⁸

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
