

order. This action does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). “Burden” is defined at 5 CFR 1320.3(b). Executive Order 12898 (59 FR 7629, February 16, 1994) establishes Federal executive policy on environmental justice. Its main provision directs Federal agencies, to the greatest extent practicable and permitted by law, to make environmental justice part of their mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of their programs, policies, and activities on minority populations and low-income populations in the United States. Because this action proposes authorization of pre-existing State rules which are at least equivalent to, and no less stringent than existing Federal requirements, and imposes no additional requirements beyond those imposed by State law, and there are no anticipated significant adverse human health or environmental effects, this proposed rule is not subject to Executive Order 12898.

West Virginia: Final Approval of State Underground Storage Tank Program Revisions, Codification, and Incorporation by Reference

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Pursuant to the Solid Waste Disposal Act of 1965, as amended (commonly known as the Resource Conservation and Recovery Act (RCRA)), the Environmental Protection Agency (EPA) is proposing to approve revisions to the State of West Virginia’s Underground Storage Tank (UST) program submitted by West Virginia. This action is based on EPA’s determination that these revisions satisfy all requirements needed for program approval. This action also proposes to codify EPA’s approval of West Virginia’s state program and to incorporate by reference those provisions of West Virginia’s regulations and statutes that we have determined meet the requirements for approval. The provisions will be subject to EPA’s inspection and enforcement authorities under sections 9005 and 9006 of RCRA Subtitle I and other applicable statutory and regulatory provisions. In the “Rules and Regulations” section of this **Federal Register**, EPA is approving this action by a direct final rule, without a prior proposed rulemaking. If no significant negative comment is received, EPA will not take further action on this proposed rulemaking, and the direct final rule will be effective 60 days from the date of publication in this **Federal Register**. If you want to comment on EPA’s proposed approval of West Virginia’s revisions to its state UST program, you must do so at this time.
