E. Application Review Information

1. Criteria

All eligible and complete applications will be evaluated and scored based on the selection criteria and weights contained in 7 CFR part 4280, subpart A. Failure to address any one of the criteria by the application deadline will result in the application being determined ineligible, and the application will not be considered for funding.

2. Review and Selection Process

The State Offices will review applications to determine if they are
eligible for assistance based on requirements contained in 7 CFR part 4280, subpart A. If determined eligible, your application will be submitted to the National Office. Funding of projects is subject to the Intermediary’s satisfactory submission of the additional items required by that subpart and the USDA Rural Development Letter of Conditions. The Agency reserves the right to award additional discretionary points under 7 CFR 4280.43.

In order to distribute funds among the greatest number of projects possible, applications will be reviewed, prioritized, and funded by ranking each State’s highest scoring Project in highest to lowest score order. The highest scoring Project from each State will be considered that State’s Priority One Project. Priority One projects from each State will be ranked by the National Office according to score from highest to lowest. The second highest scoring Project from each State will be considered the State’s Priority Two Project and all Priority Two projects will be ranked according to score from highest to lowest and so forth until all projects have been scored and ranked in priority order. All Priority One projects will be funded before any Priority Two projects and funding until funds are depleted, so as to ensure broad geographic distribution of funding.

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Household Pulse Survey

On July 31, 2020, the Department of Commerce received emergency clearance from the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act of 1995 (PRA), Emergency Processing to continue collection for the Household Pulse Survey (OMB No. 0607–1013, Exp. 10/31/20). This notice serves to inform of the Department’s submission of an Information Collection Request (ICR) to OMB for the purposes of obtaining regular (non-emergency) clearance for the Household Pulse Survey, with the intention of administering the survey through December, 2021. The Department invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the Federal Register on May 19, 2020 (in response to notice of the Household Pulse Survey as a new, 90-day collection) and again on June 3, 2020 (in response to subsequent notice of the Department’s intention to continue the Household Pulse Survey beyond the initial 90 days) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau.
Title: Household Pulse Survey.
OMB Control Number: 0607–1013.
Form Number(s): None.
Type of Request: New Request for Regular Clearance for Collection; Collection is Currently Active Under Emergency Clearance Approval.
Number of Respondents: 3,150,000.
Average Hours per Response: 20 minutes.
Burden Hours: 1,039,500.
Needs and Uses: Data produced by the Household Pulse Survey are designed to inform on a range of dimensions that American households are experiencing during the Coronavirus (COVID–19) pandemic, including employment, facility to telework, travel patterns, income loss, spending patterns, food and housing security, access to benefits, mental health and access to care, and educational disruption (K–12 and post-secondary). The Household Pulse Survey was initially launched in April 2020 as an experimental project (see https://www.census.gov/data/experimental-data-products.html) slated to last 90 days; the Office of Management and Budget (OMB) granted emergency clearance for this effort on April 19, 2020. However, as the pandemic has continued and the survey’s data have proven useful to government officials and policy makers managing pandemic response and recovery efforts, the Department requested and OMB approved an extension of the emergency clearance on July 31, 2020, which will permit the collection to continue through October 31, 2020. As this will exhaust the emergency clearance authority (180 days), the Department of Commerce is preparing a new Information Collection Request (ICR) to request regular clearance for the continuation of this collection beyond October 31, 2020.
