Certain Frozen Warmwater Shrimp From India: Notice of Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is initiating a changed circumstances review (CCR) to determine if Hyson Exports Private Limited (Hyson Exports) is the successor-in-interest to Hyson Logistics and Marine Exports Private Limited (Hyson Logistics) in the context of the antidumping duty order on certain frozen warmwater shrimp (shrimp) from India. We preliminarily determine that Hyson Exports is the successor-in-interest to Hyson Logistics.

DATES: Applicable September 15, 2020.

FOR FURTHER INFORMATION CONTACT: Adam Simons, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6172.

SUPPLEMENTARY INFORMATION:

Background

On February 1, 2005, Commerce published in the **Federal Register** an antidumping duty (AD) order on shrimp

from India.¹ On July 23, 2020, Hyson Exports requested that, pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), 19 CFR 351.216, and 19 CFR 351.221(c)(3), Commerce conduct a CCR of the *Order* to confirm that Hyson Exports is the successor-in-interest to Hyson Logistics and, accordingly, to assign it the cash deposit rate of Hyson Logistics.² In its submission, Hyson Exports stated that Hyson Logistics undertook a name change to Hyson Exports but is otherwise unchanged.³

Scope of the Order

The merchandise subject to the order is certain frozen warmwater shrimp.⁴ The product is currently classified under the following Harmonized Tariff Schedule of the United States (HTSUS) item numbers: 0306.17.00.03, 0306.17.00.06, 0306.17.00.09, 0306.17.00.12, 0306.17.00.15, 0306.17.00.18, 0306.17.00.21, 0306.17.00.24, 0306.17.00.27, 0306.17.00.40, 1605.21.10.30, and 1605.29.10.10. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description remains dispositive.

Initiation and Preliminary Results of CCR

Pursuant to section 751(b)(1) of the Act, Commerce will conduct a CCR upon receipt of information concerning, or a request from, an interested party for a review of an AD order which shows changed circumstances sufficient to warrant a review of the order. The information submitted by Hyson Exports supporting its claim that it is the successor-in-interest to Hyson Logistics demonstrates changed circumstances sufficient to warrant such a review.⁵ Therefore, in accordance with section 751(b)(1)(A) of the Act and 19 CFR 351.216(d) and (e), we are initiating a CCR based upon the information contained in Hyson Exports' submission.

Section 351.221(c)(3)(ii) of Commerce's regulations permits Commerce to combine the notice of

initiation of a CCR and the notice of preliminary results if Commerce concludes that expedited action is warranted.⁶ In this instance, because the record contains information necessary to make a preliminary finding, we find that expedited action is warranted and have combined the notice of initiation and the notice of preliminary results.⁷

In this CCR, pursuant to section 751(b) of the Act, Commerce conducted a successor-in-interest analysis. In making a successor-in-interest determination, Commerce examines several factors, including, but not limited to, changes in the following: (1) Management; (2) production facilities; (3) supplier relationships; and (4) customer base.⁸ While no single factor or combination of factors will necessarily provide a dispositive indication of a successor-in-interest relationship, generally, Commerce will consider the new company to be the successor to the previous company if the new company's resulting operation is not materially dissimilar to that of its predecessor.⁹ Thus, if the record evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, Commerce may assign the new company the cash deposit rate of its predecessor.¹⁰

In accordance with 19 CFR 351.216, we preliminarily determine that Hyson Exports is the successor-in-interest to Hyson Logistics. Record evidence, as submitted by Hyson Exports, indicates that Hyson Exports operates as essentially the same business entity as Hyson Logistics with respect to the subject merchandise.¹¹ For the complete successor-in-interest analysis, including discussion of business proprietary information, refer to the accompanying successor-in-interest memorandum.¹² Commerce will issue its final results of the review in accordance with the time limits set forth in 19 CFR 351.216(e).

Department of the Navy

Notice of Intent To Prepare an Environmental Impact Statement for a Submarine Dry Dock and Waterfront Production Facility at the Pearl Harbor Naval Shipyard and Intermediate Maintenance Facility, Oahu, Hawaii, and To Announce the Public Scoping Meeting

AGENCY: Department of the Navy, Defense (DoD).

ACTION: Notice.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality Regulations, the Department of the Navy (Navy) announces its intent to prepare an Environmental Impact Statement (EIS) to evaluate the potential environmental effects associated with construction and operation of a submarine dry dock (DD) replacement and waterfront production facility (WPF) at the Pearl Harbor Naval Shipyard and Intermediate Maintenance Facility (PHNSY & IMF) at Joint Base Pearl Harbor-Hickam (JBPHH), Oahu, Hawaii. PHNSY & IMF is situated on the eastern shore of Pearl Harbor on the south side of the island of Oahu. The DD and WPF will provide required capability to perform depot-level maintenance on current and future classes of fast-attack submarines and improve operational readiness. An EIS is considered the appropriate document for comprehensively analyzing the proposed action, which is to demolish existing facilities and construct new facilities, utilities, and infrastructure at PHNSY & IMF.
