Western Area Power Administration; Notice of Filing

Take notice that on August 31, 2020, Western Area Power Administration submitted tariff filing: 2021 base charge and rates for electric service to be effective 10/1/2020 for Boulder Canyon Project.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225

Wilkins Avenue, Rockville, Maryland 20852.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP18–260–000]

Transcontinental Gas Pipe Line Company, LLC; Notice of Request for Extension of Time

Take notice that on August 31, 2020, Transcontinental Gas Pipe Line Company, LLC (Transco) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time, until October 23, 2021, to complete abandonment of its North Padre Island (NPI) Lateral from NPI Block 956 to approximately 3.5 miles from shore, Offshore Texas, and its NPI Block “B” Platform (Project), as originally authorized in the October 24, 2018 Order Issuing Certificate (October 24 Order).¹ On October 21, 2019, FERC approved Transco's October 17, 2019 request for a waiver of Ordering Paragraph (B) of the Order and granted an extension of time until and including

October 23, 2020 to complete abandonment of Project facilities.²

On May 19, 2020 FERC approved Transco's May 14, 2020 request for notice to proceed with Project construction activities.³ On August 21, 2020 Transco provided notice that construction activities commenced for the Project.⁴ Transco states that among other factors, offshore weather systems including Hurricane Hanna have caused significant delays for construction start, and Hurricanes Marco and Laura suspended construction activities and caused de-mobilizations from the construction site in the Gulf of Mexico. Weather permitting, the offshore construction window generally runs from May 1st through September 30th of each year allowing for a very limited window to safely complete activities offshore. Transco states that with the offshore construction window closing soon, Transco intends to complete the platform decommissioning and pipeline abandonment this year and anticipates deferring the platform and jacket removal scope to next year.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on the applicant's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10).⁵

As a matter of practice, the Commission itself generally acts on requests for extensions of time to complete construction for Natural Gas Act facilities when such requests are contested before order issuance. For those extension requests that are contested,⁶ the Commission will aim to issue an order acting on the request

within 45 days.⁷ The Commission will address all arguments relating to whether the applicant has demonstrated there is good cause to grant the extension.⁸ The Commission will not consider arguments that re-litigate the issuance of the certificate order, including whether the Commission properly found the project to be in the public convenience and necessity and whether the Commission's environmental analysis for the certificate complied with the National Environmental Policy Act.⁹ At the time a pipeline requests an extension of time, orders on certificates of public convenience and necessity are final and the Commission will not re-litigate their issuance.¹⁰ The OEP Director, or his or her designee, will act on all of those extension requests that are uncontested.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the “eLibrary” link.
