Certain Glass Containers From the People's Republic of China: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that certain glass containers (glass containers) from the People's Republic of China (China) are being, or are likely to be, sold in the United States at less than fair value (LTFV).

DATES: Applicable September 18, 2020.

FOR FURTHER INFORMATION CONTACT: Lilit Astvatsatrian or Aleksandras Nakutis, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6412 or (202) 482-3147, respectively.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the *Preliminary Determination* in this investigation on

April 29, 2020.¹ In response to ministerial error comments, Commerce amended its preliminary determination on May 22, 2020.² After issuance of the amended preliminary determination, interested parties filed comments and rebuttal comments regarding Commerce's determination. For a complete description of the events that followed the preliminary determination, see the Issues and Decision Memorandum.³

Period of Investigation

The period of investigation (POI) is January 1, 2019 through June 30, 2019.

Scope of the Investigation

The products covered by this investigation are certain glass containers from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

Commerce already addressed all scope comments and rebuttal comments in a memorandum dated May 11, 2020.⁴ We made no changes to the scope since the Preliminary Determination.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice at Appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Determination

Based on our review and analysis of the comments received from parties, we made certain changes to our calculations of the dumping margins for Huaxing and Qixia Changyu. As a result of these changes, the dumping margin for separate rate companies has also changed. For a discussion of these changes, see the Issues and Decision Memorandum.

Verification

Commerce normally verifies information relied upon in making its final determination, pursuant to section 782(i) of the Tariff Act of 1930, as amended (the Act). However, during the course of this investigation, a Level 4 travel advisory was imposed for all of China, preventing Commerce personnel from traveling to China to conduct verification. Due to this, as well as the impending statutory deadline for the completion of the final determination, Commerce was unable to conduct verifications in this case. Therefore, on June 19, 2020, Commerce cancelled its verifications of the information submitted by the mandatory respondents Guangdong Huaxing Glass Co., Ltd. (Huaxing) and Qixia Changyu Glass Co., Ltd. (Qixia Changyu).⁵

Pursuant to section 776(a)(2)(D) of the Act, in situations where information has been provided but the information cannot be verified, Commerce may use "facts otherwise available" in reaching the applicable determination. Since we were unable to conduct verifications in this investigation, as facts available we relied upon the record information used in reaching our preliminary determination in reaching our final determination.

China-Wide Entity and Use of Adverse Facts Available

We continue to find that the use of facts available is warranted in determining the rate of the China-wide entity pursuant to sections 776(a)(1) and (a)(2)(A)–(C) of the Act. Further, use of adverse facts available (AFA) is warranted because the China-wide entity did not cooperate to the best of

its ability to comply with our requests for information and, accordingly, we applied adverse inferences in selecting from the facts available, pursuant to section 776(b) of the Act and 19 CFR 351.308(a). As AFA, we are assigning the China-wide entity a dumping margin of 255.68 percent, which is the highest petition rate.

Separate Rates

In addition to the mandatory respondents Huaxing and Qixia Changyu, we have continued to grant certain non-individually examined respondents a separate rate. Also, we have continued to deny certain respondents a separate rate. See the Issues and Decision memorandum for details.

In calculating the rate for non-individually examined separate rate respondents in a non-market economy AD investigation, Commerce normally looks to section 735(c)(5)(A) of the Act, which pertains to the calculation of the all-others rate in a market economy AD investigation. Pursuant to section 735(c)(5)(A) of the Act, normally this rate shall be an amount equal to the weighted average of the estimated antidumping duty (AD) rates established for those companies individually examined, excluding zero and *de minimis* rates and any rates based entirely under section 776 of the Act. Pursuant to the guidance in section 735(c)(5)(A) of the Act, we based the separate rate respondents' dumping margin on the dumping margins that we calculated for the mandatory respondents Huaxing and Qixia Changyu. See the table in the "Final Determination" section of this notice.

Combination Rates

Consistent with the *Preliminary Determination* and Policy Bulletin 05.1, we calculated combination rates for the respondents that are eligible for a separate rate.⁶

Final Determination

Commerce determines that the following weighted-average dumping margins exist:

¹ See *Certain Glass Containers From the People's Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination and Extension of Provisional Measures*, 85 FR 23759 (April 20, 2020) (*Preliminary Determination*).

⁴ See Memorandum, "Certain Glass Containers from the People's Republic of China: Final Scope Decision Memorandum" dated May 11, 2020.

⁵ See Memorandum, "Cancellation of Verification," dated June 19, 2020.

⁶ See *Preliminary Determination*; and Enforcement and Compliance's Policy Bulletin No. 05.1, regarding, "Separate-Rates Practice and Application of Combination Rates in Antidumping Investigations Involving Non-Market Economy Countries," dated April 4, 2005 (Policy Bulletin 05.1), available on Commerce's website at <http://enforcement.trade.gov/policy/bull05-1.pdf>.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this final determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all appropriate entries of certain glass containers from China, as described in the scope in Appendix I of this notice, entered, or withdrawn from warehouse, for consumption on or after April 29, 2020, the date of publication of the *Preliminary Determination* notice in the **Federal Register**.

Pursuant to section 735(c)(1)(B)(ii) of the Act, upon the publication of this notice, Commerce will instruct CBP to require a cash deposit equal to the weighted-average amount by which the normal value exceeds U.S. price as

follows: (1) The cash deposit rate for the exporter/producer combinations listed in the table above will be the rate identified in the table; (2) for all combinations of Chinese exporters/producers of subject merchandise that have not received their own separate rate, the cash deposit rate will be the cash deposit rate established for the China-wide entity; and (3) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the cash deposit rate applicable to the Chinese exporter/producer combination that supplied that non-Chinese exporter. These suspension of liquidation instructions will remain in effect until further notice.

Although Commerce normally adjusts the estimated weighted-average dumping margins by the amount of domestic subsidy pass-through and export subsidies determined in a companion countervailing duty (CVD) proceeding when CVD provisional measures are in effect, in this case, the International Trade Commission (ITC) reached a negative determination in the

companion CVD proceeding.⁷ Therefore, we have not adjusted the final cash deposit rates listed in the table above for domestic subsidy pass-through or export subsidies.

International Trade Commission Notification

In accordance with section 735(d) of the Act, Commerce will notify the ITC of its final affirmative determination of sales at LTFV. Commerce will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance. Because Commerce's final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with
