VI. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VII. Conclusion

Based upon its evaluation of the five exemption applications, FMCSA exempts the following drivers from the epilepsy and seizure disorder prohibition, § 391.41(b)(8), subject to the requirements cited above:

Diego Dasilva (MA)
Brian Duncan (IL)
Clint Honea (AL)
Daryl James (NY)
Michael Shorty (NM)

In accordance with 49 U.S.C. 31315(b), each exemption will be valid for 2 years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b).

[Docket No. FMCSA–2019–0139]

Entry-Level Driver Training: United Parcel Service, Inc. (UPS); Reconsideration of Denial of Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Application for exemption; request for comments.

SUMMARY: FMCSA announces that United Parcel Service, Inc. (UPS) seeks reconsideration of the Agency’s denial of its application for exemption from provisions in the Entry-Level Driver Training (ELDT) final rule requiring two years of experience for training instructors. UPS believes that its current process of preparing driver trainers exceeds any skill set gained merely by operating a tractor-trailer for two years. UPS also believes that a two-year experience requirement doesn’t automatically equate to success as a commercial motor vehicle (CMV) driver trainer. UPS makes this reconsideration request to ensure that it can continue to exceed the current regulatory requirements and provide proper training of its drivers and improve highway and public safety. FMCSA requests public comment on the UPS application for reconsideration.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain parts of the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the Federal Register (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews the safety analyses and the public comments, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the Federal Register (49 CFR 381.315(b)) with the reason for the grant or denial, and, if granted, the specific person or class of persons receiving the exemption, and the regulatory provision or provisions from which exemption is granted. The notice must also specify the effective period of the exemption (up to 5 years), and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Background

The Entry-Level Driver Training (ELDT) final rule was adopted pursuant to 49 U.S.C. 31305(c). The rule is based in part on consensus recommendations from the Agency’s ELDT Advisory Committee, a negotiated rulemaking committee. The rule enhances the safety of CMV operations on our Nation’s highways by establishing a minimum standard for ELDT and increasing the number of drivers who receive ELDT.

The rule revises 49 CFR part 380, Special Training Requirements, to include, among other things, driver training instructor qualifications. Under 49 CFR 380.713 a driver training instructor must have two years’ experience and have held a commercial driver’s license (CDL) for two years, as set forth in the definitions of “behind-the-wheel (BTW) instructor” and “theory instructor;” and (2) the requirement in 49 CFR 380.703(a)(7) to register each training location in order to obtain a unique Training Provider Registry (TPR) number applicable to that location.

The Agency received 112 comments, including 58 supporting the requested exemptions and 51 opposing them. Three other commenters had no position either for or against the application and provided no substantive comments.

On December 9, 2019, the Agency denied the UPS exemption request because the application did not provide an analysis of the safety impacts the requested exemptions may cause, as required by 49 CFR 381.310(c)(4), and did not explain how the exemptions would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by complying with the current regulations, as required by 49 CFR 381.310(c)(5).

IV. Request for Reconsideration of Agency Decision

On July 1, 2020, UPS requested that FMCSA reconsider its denial of the exemption from 49 CFR 380.713. UPS believes that its current process of preparing driver trainers exceeds any skill set gained merely by operating a tractor-trailer for two years. The company also believes that a two-year experience requirement doesn’t automatically equate to success as a CMV driver trainer. UPS has provided the Agency with updated information since the original denial illustrating that many of their locations have experienced turnover issues with driver trainers. UPS stated that it has had to hire 100 candidates to attempt to net the 50 trainer positions necessary across the U.S. Of the 100 hires, UPS has been able to retain only 38 trainers for the reasons explained in the request for reconsideration. A copy of the UPS application is in the docket listed at the beginning of the this notice.

V. Request for Comments

In accordance with 49 U.S.C. 31315(b)(6), FMCSA requests public comment from all interested persons on UPS’ request for reconsideration of its application for an exemption. All comments received before the close of business on the comment closing date indicated at the beginning of this notice will be considered and will be available for examination in the docket at the location set forth in Section IV of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable. In addition to late comments, FMCSA will also continue to file, in the public docket, relevant information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.
