**I. Introduction**

On September 18, 2020, the Postal Service filed a request to add a new product, International Competitive Multi-Service Commercial Contracts 1, to the competitive product list within the Mail Classification Schedule (MCS), pursuant to 39 U.S.C. 3642 and 39 CFR 3040.130–135.<sup>1</sup> As part of the Request, the Postal Service proposes a revised filing process for adding outbound international negotiated service agreement (NSA) contracts to the competitive product list. Request at 1.

Under this process, the Postal Service proposes to file almost all future customized outbound international NSAs within the International Competitive Multi-Service Commercial Contracts 1 product. *Id.* at 4. The Postal Service asserts that the Commission is capable of achieving this objective. *Id.* The Postal Service also claims that its customers “would benefit

Notice at 5–6; *see id.* Attachments 2–6.
