

and protects investors and the public interest, because even with the decrease, the Exchange's proposed Simple Maker rebates for such orders still remain highly competitive with certain other options exchanges offering comparable pricing models, and should enable the Exchange to continue to attract order flow and maintain market share.²⁹ The Exchange believes that the amount of such fees, as proposed to be decreased, will continue to encourage those market participants to send orders to the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule changes will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed changes in the specified Simple Maker rebates for the applicable market participants should continue to encourage the provision of liquidity that enhances the quality of the Exchange's market and increases the number of trading opportunities on the Exchange for all participants who will be able to compete for such opportunities. The proposed rule changes should enable the Exchange to continue to attract and compete for order flow with other exchanges. However, this competition does not create an undue burden on competition but rather offers all market participants the opportunity to receive the benefit of competitive pricing.

The proposed decreases for certain Simple Maker rebates are intended to keep the Exchange's fees highly competitive with those of other exchanges, and to encourage liquidity and should enable the Exchange to continue to attract and compete for order flow with other exchanges. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its rebates and fees to remain competitive with other exchanges and to attract order flow. The Exchange believes that the proposed rule changes reflect this competitive environment because they modify the Exchange's fees in a manner that encourages market participants to continue to provide liquidity and to send order flow to the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,³⁰ and Rule 19b-4(f)(2)³¹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-485, OMB Control No. 3235-0547]

Submission for OMB Review; Comment Request

Extension:
"Investor Form"

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request to approve the collection of information discussed below.

Each year the Commission receives several thousand contacts from investors who have complaints or questions on a wide range of investment-related issues. To make it easier for the public to contact the agency electronically, the Commission's Office of Investor Education and Advocacy ("OIEA") created an electronic form (the Investor Form) that provides drop down options to choose from in order to categorize the investor's complaint or question, and may also

provide the investor with automated information about their issue. The Investor Form asks investors to provide information concerning, among other things, their names, how they can be reached, the names of the individuals or entities involved, the nature of their complaint or tip, what documents they can provide, and what, if any, actions they have taken. Use of the Investor Form is voluntary. Absent the forms, the public still has several ways to contact the agency, including telephone, facsimile, letters, and email. Investors can access the Investor Form through the consolidated Investor Complaint and Question web page.

The dual purpose of the Investor Form is to make it easier for the public to contact the agency with complaints, questions, tips, or other feedback and to streamline the workflow of Commission staff that record, process, and respond to investor contacts. Investors who submit complaints, ask questions, or provide tips do so voluntarily. Although the Investor Form provides a structured format for incoming investor correspondence, the Commission does not require that investors use any particular form or format when contacting the agency. Investors who choose not to use the Investor Form will receive the same level of service as those who do.

OIEA receives approximately 20,000 contacts each year through the Investor Form. Investors who choose not to use the Investor Form receive the same level of service as those who do. The Commission uses the information that investors supply on the Investor Form to review and process the contact (which may, in turn, involve responding to questions, processing complaints, or, as appropriate, initiating enforcement investigations), to maintain a record of contacts, to track the volume of investor complaints, and to analyze trends.

The staff of the Commission estimates that the total reporting burden for using the Investor Form is 5,000 hours. The calculation of this estimate depends on the number of investors who use the forms each year and the estimated time it takes to complete the forms: 20,000 respondents \times 15 minutes = 5,000 burden hours.

Members of the public should be aware that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless a currently valid OMB control number is displayed.
