

HEARTH Act pervasively cover all aspects of leasing. *See* 25 U.S.C. 415(h)(3)(B)(i) (requiring Tribal regulations be consistent with BIA surface leasing regulations). Furthermore, the Federal government remains involved in the Tribal land leasing process by approving the Tribal leasing regulations in the first instance and providing technical assistance, upon request by a Tribe, for the development of an environmental review process. The Secretary also retains authority to take any necessary actions to remedy violations of a lease or of the Tribal regulations, including terminating the lease or rescinding approval of the Tribal regulations and reassuming lease approval responsibilities. Moreover, the Secretary continues to review, approve, and monitor individual Indian land leases and other types of leases not covered under the Tribal regulations according to the Part 162 regulations.

Accordingly, the Federal and Tribal interests weigh heavily in favor of preemption of State and local taxes on lease-related activities and interests, regardless of whether the lease is governed by Tribal leasing regulations or Part 162. Improvements, activities, and leasehold or possessory interests may be subject to taxation by the Wilton Rancheria, California.

Tara Sweeney,

Assistant Secretary—Indian Affairs.

SUPPLEMENTARY INFORMATION: Effective February 24, 2020, the Commission established a general schedule for the conduct of the final phase of its investigation on glass containers from China,¹ following a preliminary determination by the U.S. Department of Commerce (“Commerce”) that countervailable subsidies were being provided to producers and exporters of glass containers from China.² Notice of the scheduling of the final phase of the Commission's investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of March 6, 2020 (85 FR 13183). In light of the restrictions on access to the Commission building due to the COVID–19 pandemic, and in accordance with 19 U.S.C. 1677c(a)(1), the Commission conducted its hearing scheduled for May 6, 2020 through submissions of written testimony and written responses to questions, as well as Commissioner questions and answers, closing arguments, and rebuttal remarks via video conference; all persons who requested the opportunity were permitted to participate. The Commission subsequently determined that an industry in the United States was not materially injured or threatened with material injury by reason of subsidized imports of glass containers from China.³ On September 18, 2020, Commerce determined that certain glass containers from China are being, or are likely to be, sold in the United States at less than fair value (LTFV).⁴ Accordingly, the Commission currently is issuing a supplemental schedule for its antidumping duty investigation on imports of glass containers from China.
