SUPPLEMENTARY INFORMATION:

Authority: 44 U.S.C. 3501-21.

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Control Number: 2900-0770.

Type of Review: Revision of a currently approved collection.

Abstract: The proposed information collection activity provides a means to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration’s commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency’s services will be unavailable.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are noncontroversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;

- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;

- Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency;

- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and

- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population.

This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential nonresponse bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published at 85 FR 142 on July 23, 2020, pages 44581 and 44582.

DEPARTMENT OF VETERANS AFFAIRS

Rental and Utility Assistance for Certain Low-Income Veteran Families

AGENCY: Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: The Supportive Services for Veteran Families (SSVF) Program has enabled grantees to augment available housing options for homeless Veterans in high-rent burden communities by increasing the rental assistance for up to 2 years before recertification. This notice will establish locations where the SSVF grantees can place Veterans in housing with this rental subsidy.

DATES: SSVF grantees can place Veterans in housing with the rental subsidy described in title 38 CFR 62.34(a)(8) effective October 1, 2019.

FOR FURTHER INFORMATION CONTACT: John Kuhn, Homeless Program Office, Supportive Services for Veteran Families Program Office, 810 Vermont Avenue NW, Washington, DC 20420, 202-632-8596. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: In a document published in the **Federal Register** on August 28, 2019, the Department of Veterans Affairs published a final rule, which revised its regulations that govern the SSVF Program, which is authorized under 38 U.S.C. 2044. 84 FR 45074. This rule, which amended 38 CFR 62.34(a)(6) and (8), extends the ability of SSVF grantees to provide rental assistance in certain areas where the limited availability of affordable housing makes it difficult to reduce a community's population of homeless Veterans. Through the provision of these subsidies, the pool of available housing can be expanded as program participants have access to a broader rental market. Section 62.34(a)(8) states that extremely low-income Veteran families and very low-income Veteran families who meet the criteria of 38 CFR 62.11 may be eligible to receive a rental subsidy for a 2-year period without recertification. Section 62.34(a)(8) further states that the applicable counties will be published annually in the **Federal Register**. As stated in the notice, a family must live in one of these applicable counties to be eligible for this subsidy. The counties will be chosen based on the cost and availability of affordable housing for both individuals and families within that county.

On February 12, 2020, VA published a list of eligible counties for Fiscal Year 2020. SSVF seeks to expand the that list to include some adjacent counties frequently used as housing options for Veteran families. On July 20, 2020, VHA issued a memorandum consistent with 42 U.S.C. 5141, which waived the limitation in section 62.34(a)(8) on the publication of eligible counties to once annually. Accordingly, SSVF may now publish applicable counties for the rental subsidy in section 62.34(a)(8) more than once annually in the **Federal Register** during the period indicated in the July 20, 2020, memorandum. This notice identifies additional counties designated for purposes of the shallow subsidy under the SSVF program.

Locations: In addition to the counties listed in 85 FR 8098, this rental subsidy will be available in the following counties:

California: Sacramento, Kings, Tulare, Ventura, Solano, Santa Cruz, Amador and San Joaquin;

Maryland: Prince Georges and Montgomery;

Virginia: Fairfax and Prince William; Washington: Pierce and Snohomish;

Hawaii: Kauai, Maui and Hawaii; and New York: Nassau, Westchester, Rockland, Putnam, Ulster, Sullivan and Suffolk.

Signing Authority

The Secretary of Veterans Affairs, or designee, approved this document and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs.
