SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: This ICR covers the paperwork burden hours and costs associated with the information collection activities under the pesticide registration fee programs implemented through the Office of Pesticide Programs (OPP), Environmental Protection Agency (EPA). Pesticide registrants are required by statute to pay an annual registration maintenance fee for all products registered under Section 3 and Section 24(c) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). In addition, the Pesticide Registration Improvement Act (PRIA) amended FIFRA in 2004 to create a registration service fee system for applications for specific pesticide registration, amended registration, and associated tolerance actions (Section 33). This ICR specifically covers the activities related to the collection of the annual registration maintenance fees, the registration service fees and the burden associated with the submission of requests for fees to be waived.

Form Numbers: 8570-30.

Respondents/affected entities: North American Industrial Classification System (NAICS) codes: 3250A1—Pesticide and other agricultural chemical manufacturing; 32518—Other Basic Inorganic Chemical Manufacturing; 32519—Other Basic Organic Chemical Manufacturing and

9641—Regulation of Agricultural Marketing and Commodities.

Respondent's obligation to respond: Mandatory under FIFRA sections 4(i)(5) and 33.

Estimated number of respondents: 1,523 (total).

Frequency of response: Annually and on occasion.

Total estimated burden: 8,540 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$687,301 (per year), which includes \$3,600 annualized capital or operation & maintenance costs.

Changes in the estimates: There is an increase of 229 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This modest addition is associated with an increase in respondents for pesticide registration maintenance fees (from 1,471 to 1,523) and in refinements of the burden calculations. The total estimated annual respondent burden for service fee waivers has not changed.
