Interest Rates

The Small Business Administration publishes an interest rate called the optional "peg" rate (13 CFR 120.214) on a quarterly basis. This rate is a weighted average cost of money to the government for maturities similar to the average SBA direct loan. This rate may be used as a base rate for guaranteed fluctuating interest rate SBA loans. This rate will be 0.88 percent for the October-December quarter of FY 2021.

Pursuant to 13 CFR 120.921(b), the maximum legal interest rate for any third party lender's commercial loan which funds any portion of the cost of a 504 project (see 13 CFR 120.801) shall be 6% over the New York Prime rate or, if that exceeds the maximum interest rate permitted by the constitution or laws of a given State, the maximum interest rate will be the rate permitted by the constitution or laws of the given State.

We are announcing an update to the previously published schedule of standard administrative fees. The updated standard fee schedule is part of our continued effort to standardize fees for non-program information requests. Standard fees provide consistency and ensure we recover the full cost of supplying information when we receive a request for a purpose not directly related to the administration of a program under the Social Security Act (Act).
