three times annually for a total annual hourly burden per fund of approximately 6 hours at a total cost of $1,002. The total annual hour burden for Form N-17f–2 is therefore estimated to be approximately 1,206 hours at a total cost of approximately $201,402.3 Form N-17f–2 does not impose any paperwork related cost burdens other than this internal hour cost.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms. Complying with the collections of information required by Form N-17f–2 is mandatory for those funds that maintain custody of their own assets. Responses will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

The Commission requests written comments on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission’s estimate of the burdens of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Title: Procedures for Transportation Workplace Drug and Alcohol Testing Programs.
Type of Review: Clearance of a renewal of an information collection.
Form Numbers: DOT F 1385; DOT F 1380.
Respondents: The information will be used by transportation employers, Department representatives, and a variety of service agents.
Abstract: Under the Omnibus Transportation Employee Testing Act of 1991, DOT is required to implement a drug and alcohol testing program in various transportation-related industries. This specific requirement is elaborated in 49 CFR part 40, Procedures for Transportation Workplace Drug and Alcohol Testing Programs. This request for a renewal of the information collection for the program includes 43 burden items including the U.S. Department of Transportation Alcohol Testing Form (ATF) [DOT F 1380] and the DOT Drug and Alcohol Testing Management Information System (MIS) Data Collection Form [DOT F 1385].

The ATF includes the employee’s name, the type of test taken, the date of the test, and the name of the employer. Data on each test conducted, including test results, is necessary to document that the tests were conducted and is used to take action, when required, to ensure safety in the workplace. The MIS form includes employer specific drug and alcohol testing information such as the reason for the test and the cumulative number of test results for the negative, positive, and refusal tests. No employee specific data is collected. The MIS data is used by each of the affected DOT Agencies (i.e., Federal Aviation Administration, Federal Transit Administration, Federal Railroad Administration, Federal Motor Carrier Safety Administration, and the Pipeline and Hazardous Materials Safety Administration) and the United States Coast Guard when calculating their industry’s annual random drug and/or alcohol testing rate.

Estimated total number of respondents: 3,593,202.
Estimated number of Responses: 11,858,782.
Frequency of Response: The information will be collected annually.
Estimated Total Number Burden Hours: 1,287,811.
