- Written comments submitted by mail are temporarily suspended, and no hand deliveries will be accepted. We encourage the public to submit comments via <https://www.regulations.gov>.

Instructions: Direct your comments to EPA Docket No. CERCLA-10-2020-0142. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <https://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be CBI or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <https://www.regulations.gov> or email. The <https://www.regulations.gov> website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through <https://www.regulations.gov>, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OLEM-2019-0540 FRL-10015-15-OLEM]

Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) or Superfund, Section 128(a); Notice of Grant Funding Guidance for State and Tribal Response Programs for Fiscal Year 2021

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, authorizes a noncompetitive \$50 million grant program to establish or enhance state and tribal response programs. These response programs generally address the assessment, cleanup, and redevelopment of brownfields sites and other sites with actual or perceived contamination. For Fiscal Year (FY) 2021, the Environmental Protection Agency (EPA) will consider grant requests up to a maximum of \$1.0 million per state or tribe. This document announces the availability of guidance that will assist states and tribes in the development and submission of funding requests and these funds.

DATES: The FY 2021 section 128(a) grant funding guidance is applicable as of October 2, 2020, and EPA Regional offices will accept requests for section 128(a) noncompetitive grant awards through December 11, 2020.

FOR FURTHER INFORMATION CONTACT: Melissa Papisavvas, Office of Brownfields and Land Revitalization, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number (202) 566-0435.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be affected by this action if you administer a State or Tribal response program that oversees assessment and cleanup activities at brownfield sites across the country. Note: the CERCLA definition of "State"

includes US Territories and the District of Columbia (CERCLA section 101(27)).

B. How can I get copies of the grant funding guidance and other related information?

1. *Docket.* The docket for this action, identified by docket identification (ID) number EPA-HQ-OLEM-2019-0540, is available online at <https://www.regulations.gov>.

2. *EPA website.* To access the FY21 section 128(a) grant funding guidance on EPA’s website, please go to <https://www.epa.gov/brownfields/types-brownfields-grant-funding>.

II. Authority

CERCLA Section 128(a) (42 U.S.C. 9628(a)) authorizes a noncompetitive \$50 million grant program to “establish or enhance” state and tribal response programs. CERCLA section 128(a)(1)(B)(ii)(III) authorizes a noncompetitive \$1.5 million grant program to assist small communities, Indian tribes, rural areas, or disadvantaged areas to carry out activities outlined in CERCLA section 104(k)(7) (42 U.S.C. 9604(k)(7)) (*i.e.*, providing training, research, and technical assistance to individuals and organizations, as appropriate, to facilitate the inventory of brownfields sites, site assessments, remediation of brownfield sites, community involvement, or site preparation).

III. Background

1. *General.* State and tribal response programs oversee assessment and cleanup activities at brownfield sites across the country. The depth and breadth of these programs vary. Some focus on CERCLA-related activities, while others are multi-faceted, addressing sites regulated by both CERCLA and the Resource Conservation and Recovery Act (42 U.S.C. 6901 *et seq.*). Many states also offer accompanying financial incentive programs to spur cleanup and

redevelopment. In enacting the Small Business Liability Relief and Brownfields Revitalization Act (Pub. L. 107–118, 115 Stat. 2356), which added section 128 to CERCLA, Congress recognized the value of state and tribal response programs in cleaning up and redeveloping brownfield sites. Section 128(a) strengthens EPA’s partnerships with states and tribes and recognizes their response programs’ critical role in overseeing cleanups.

Section 128(a) response program grants are funded with categorical State and Tribal Assistance Grant (STAG) appropriations. Categorical grants are issued by Congress to fund state and local governments for narrowly defined purposes. This funding is intended for those states and tribes that have the required management and administrative capacity within their government to administer a federal grant. The primary goal of this funding is to ensure that state and tribal response programs include, or are taking reasonable steps to include, certain elements of an environmental response program and that the program establishes and maintains a public record of sites addressed.

Section 128(a) cooperative agreements are awarded and administered by the EPA regional offices. Generally, these response programs address the assessment, cleanup, and redevelopment of brownfields sites and other sites with actual or perceived contamination. Subject to the availability of funds, EPA regional personnel will provide technical assistance to states and tribes as they apply for and carry out section 128(a) cooperative agreements.

2. *Catalogue of Federal Domestic Assistance (CFDA) and EPA Funding Opportunity Number (FON).* The CFDA entry for the section 128(a) State and Tribal Response Program cooperative agreements is 66.817. The FON for FY 2021 section 128(a) funds is EPA-CEP-02. This grant program is eligible to be

included in state and tribal Performance Partnership Grants under 40 CFR part 35 Subparts A and B, with the following exceptions: Funds used to capitalize a revolving loan fund for brownfield remediation under CERCLA section 104(k)(3); funds received for a Small Technical Assistance Grant under CERCLA section 128(a)(I)(B)(ii)(III); and funds used to purchase environmental insurance or developing a risk sharing pool, an indemnity pool, or insurance mechanism to provide financing for response actions under a State or Tribal response program.

3. *Application period.* Requests for funding should be sent to the appropriate Regional EPA contact and will be accepted from October 2, 2020 through December 11, 2020. Requests EPA Regional offices receive after December 11, 2020 will not be considered for FY 2021 funding. States or tribes that do not submit the request in the appropriate manner may forfeit their ability to receive funds. First time requestors are strongly encouraged to contact their respective Regional EPA Brownfields contacts, identified in Table 1, prior to submitting their funding request. EPA will consider funding requests up to a maximum of \$1.0 million per state or tribe for FY 2021.

Requests submitted by the December 11, 2020 request deadline are preliminary; final cooperative agreement work plans and budgets will be negotiated with the EPA regional offices once final funding allocation determinations are made. As in previous years, EPA will place special emphasis on reviewing a cooperative agreement recipient’s use of prior section 128(a) funding in making allocation decisions, and unexpended balances are subject to 40 CFR 35.118 and 40 CFR 35.518 to the extent consistent with this guidance. EPA will also prioritize funding for recipients establishing their response programs.

FEDERAL COMMUNICATIONS COMMISSION

[FRS 17104]

Open Commission Meeting, Wednesday September 30, 2020

September 23, 2020.

The Federal Communications Commission will hold an Open Meeting on the subjects listed below on

Wednesday, September 30, 2020, which is scheduled to commence at 10:30 a.m. Due to the current COVID-19 pandemic and related agency telework and headquarters access policies, this meeting will be in a wholly electronic format and will be open to the public on the internet via live feed from the FCC's web page at www.fcc.gov/live and on the FCC's YouTube channel.

ITEM NO.	BUREAU	SUBJECT
1	Wireless Tele-Communications	TITLE: Facilitating Shared Use in the 3.1-3.55 GHz Band (WT Docket No. 19-348). SUMMARY: The Commission will consider a Report and Order that would remove the existing non-federal allocations from the 3.3-3.55 GHz band as an important step toward making 100 megahertz of spectrum in the 3.45-3.55 GHz band available for commercial use, including 5G, throughout the contiguous United States. The Commission will also consider a Further Notice of Proposed Rulemaking that would propose to add a co-primary, non-federal fixed and mobile (except aeronautical mobile) allocation to the 3.45-3.55 GHz band as well as service, technical, and competitive bidding rules for flexible-use licenses in the band.
2	Wireless Tele-Communications	TITLE: Expanding Access to and Investment in the 4.9 GHz Band (WT Docket No. 07-100) SUMMARY: The Commission will consider a Sixth Report and Order that would expand access to and investment in the 4.9 GHz (4940-4990 MHz) band by providing states the opportunity to lease this spectrum to commercial entities, electric utilities, and others for both public safety and non-public safety purposes. The Commission also will consider a Seventh Further Notice of Proposed Rulemaking that would propose a new set of licensing rules and seek comment on ways to further facilitate access to and investment in the band.
3	International	TITLE: Improving Transparency and Timeliness of Foreign Ownership Review Process (IB Docket No. 16-155). SUMMARY: The Commission will consider a Report and Order that would improve the timeliness and transparency of the process by which it seeks the views of Executive Branch agencies on any national security, law enforcement, foreign policy, and trade policy concerns related to certain applications filed with the Commission.
4	Wireline Competition	TITLE: Promoting Caller ID Authentication to Combat Spoofed Robocalls (WC Docket No. 17-97) SUMMARY: The Commission will consider a Report and Order that would continue its work to implement the TRACED Act and promote the deployment of caller ID authentication technology to combat spoofed robocalls.
5	Public Safety and Homeland Security.	TITLE: Combating 911 Fee Diversion (PS Docket Nos. 20-291, 09-14). SUMMARY: The Commission will consider a Notice of Inquiry that would seek comment on ways to dissuade states and territories from diverting fees collected for 911 to other purposes.
