Pilatus PC–6 Aircraft Maintenance Manual
Document Number 01975, Revision 29, dated

(ii) Add Section 53–00–01, Chapter 53,
Fuselage, of the Pilatus PC–6 Aircraft
Maintenance Manual Document Number

(iii) Add Section 57–00–03, Chapter 57,
Wings, of the Pilatus PC–6 Aircraft
Maintenance Manual Document Number

(2) For all airplanes specified in paragraph
(c) of this AD except Models PC–6/B2–H2
and PC–6/B2–H4 airplanes, revise the ALS of the
existing maintenance manual or ICA for your
airplane as follows:

(i) Replace the ALS with the Airworthiness
Limitations Section of Pilatus PC–6
Airworthiness Limitations Document
Number 02334, Revision 9, dated March 6,
2020.

(ii) Add Appendix K of Pilatus PC–6
Airworthiness Limitations Document
Number 02334, Revision 9, dated March 6,
2020.

(iii) Add Appendix L of Pilatus PC–6
Airworthiness Limitations Document
Number 02334, Revision 9, dated March 6,
2020.

(3) For all airplanes specified in paragraph
(c) of this AD, after revising the ALS as
required by paragraphs (f)(1) and (2) of this
AD, remove from service each part that has
reached or exceeded its new life limit.

(g) One-Time Eddy Current Inspection

Unless already done, within 1,100 hours
time-in-service after the effective date of this
AD or within 12 months after the effective
date of this AD, whichever occurs first,
perform an eddy current inspection of each
fuselage wing fitting and each wing to
fuselage fitting using the procedures
specified in paragraphs (f)(1)(i) and (ii) of this
AD, as applicable to your airplane.

Thereafter, repeat the eddy current
inspection of each fuselage wing fitting and
each wing to fuselage fitting at the intervals
specified in the ALS identified in paragraph
(f)(1)(i) or (f)(2)(i), as applicable to your
airplane.

(h) No Alternative Actions or Intervals

After the ALS has been revised as required
by paragraph (f) of this AD, no alternative
inspection intervals or procedures may be
approved, except as provided in paragraph (i)
of this AD.

(i) Other FAA AD Provisions

Alternative Methods of Compliance (AMOCs): The Manager, International
Validation Branch, FAA, has the authority to
approve AMOCs for this AD, if requested
using the procedures found in 14 CFR 39.19.
Send information to Doug Rudolph, Aerospace Engineer, FAA, General Aviation & Rotorcraft Section, International Validation Branch, 901 Locust, Room 301, Kansas City, Missouri 64106; telephone: (816) 329–4059; fax: (816) 329–4090; email: doug.rudolph@faa.gov. Before using any approved AMOC on
any airplane to which the AMOC applies,
notify your appropriate principal inspector
(PI) in the FAA Flight Standards District
Office (FSDO), or lacking a PI, your local
FSDO.

(j) Related Information

(1) Refer to Mandatory Continuing
Airworthiness Information (MCAI) European
Union Aviation Safety Agency (EASA) AD No.
2018–0285, dated December 20, 2018,
and EASA AD No. 2020–0120, dated May 27,
2020, for related information. This MCAI

[Docket No. FAA–2020–0664; Airspace
Docket No. 20–ACE–15]

RIN 2120–AA66

Proposed Revocation and Amendment of Class E Airspace; Orange City, and
Le Mars, IA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking
(NPRM).

SUMMARY: This action proposes to
remove the Class E airspace extending upward from 700 feet above the surface
at Orange City Municipal Airport,
Orange City, IA and amend the Class E
airspace extending upward from 700 feet
above the surface at the Le Mars
Municipal Airport, Le Mars, IA. The
FAA is proposing this action; as the
result of an airspace review caused by
the decommisioning of the Orange City
(ORC) non-directional beacon (NDB),
and the Automated Weather Observing
System (AWOS) navigation aids, and the
closure of the Orange City Municipal Airport.

DATES: Comments must be received on

ADDRESSES: Send comments on this
proposal to the U.S. Department of
Transportation, Docket Operations,
West Building Ground Floor, Room
W12–140, 1200 New Jersey Avenue SE,
Washington, DC 20590; telephone (202) 366–9826, or (800) 647–5527. You
must identify FAA Docket No. FAA–2020–
0664; Airspace Docket No. 20–ACE–15,
at the beginning of your comments. You

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA’s authority to issue rules
regarding aviation safety is found in
Title 49 of the United States Code.
Subtitle I, Section 106 describes the
authority of the FAA Administrator.
Subtitle VII, Aviation Programs,
describes in more detail the scope of the
agency’s authority. This rulemaking is
promulgated under the authority
described in Subtitle VII, Part A,
Subpart I, Section 40103. Under that
section, the FAA is charged with
prescribing regulations to assign the use
of airspace necessary to ensure the
safety of aircraft and the efficient use of
airspace. This regulation is within the
scope of that authority as it would
revoke the Class E airspace extending upward from 700 feet above the surface at Orange City Municipal Airport, Orange City, IA, and amend the Class E airspace the Class E airspace at Le Mars Municipal Airport, Le Mars, IA, to support instrument flight rule operations at this airport.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters are encouraged to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to Docket No. FAA–2020–0664/Airspace Docket No. 20–ACE–15.” The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at https://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA’s web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the “ADDRESSES” section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101

Hillwood Parkway, Fort Worth, TX 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 15, 2019, and effective September 14, 2020. FAA Order 7400.11E is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by:

Removing Class E airspace extending upward from 700 feet above the surface at Orange City Municipal Airport, Orange City, IA, as the instrument procedures at this airport have been cancelled and the airport closed, so the airspace is no longer required;

And removing the Orange City Municipal Airport; exclusionary language from the Le Mars Municipal Airport, Le Mars, IA, airspace legal description.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth

ACE IA E3 Orange City, IA [Removed]

ACE IA E3 Le Mars, IA [Amended]

Le Mars Municipal Airport, IA

Lat. 42°46′11″ N., long. 96°11′37″ W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of Le Mars Municipal Airport.

Issued in Fort Worth, Texas, on September 28, 2020.

Steven T. Phillips,
Manager, Operations Support Group, ATO Central Service Center.
