Multifamily Accelerated Processing

(MAP) is designed to establish uniform national standards for Federal Housing Administration (FHA) approved lenders to prepare, process and submit loan applications for FHA multifamily mortgage insurance. The MAP Guide provides—in one volume with appendices—guidance for HUD staff, lenders, third party consultants, borrowers, and other industry participants. Topics include mortgage insurance program descriptions, borrower and lender eligibility requirements, application requirements, underwriting standards for all technical disciplines and construction loan administration requirements. The MAP Guide applies only to FHA multifamily mortgage insurance programs. Except to the extent lender monitoring or enforcement activities overlap, Section 232 and other programs administered by the Office of Healthcare Programs are not addressed by the MAP Guide.

The Guide has been updated to reflect various organizational, policy and processing changes implemented since the last edition was published in 2016. Examples include electronic submission of data in a standardized format, the consolidation of HUD Field Offices to Regional Centers and Satellite Offices, workload sharing, and a “risk-based” underwriting approach. The goal of MAP is to provide a consistent, expedited mortgage insurance application process at each HUD Multifamily Regional Center or Satellite Office. All MAP eligible projects must be submitted using MAP processing unless a waiver is granted to process under Traditional Application Processing (TAP). Such waiver approval authority is retained by HUD Headquarters’ Director of Multifamily Production. Additionally, two new chapters were added to this edition of the Guide: The “*Water and Energy Conservation*” chapter and the “*Closing Guide*”.

*Respondents (i.e. affected public):*  
FHA Approved MAP Lenders  
environmental services agencies, green  
building services companies, loan  
closing attorneys, etc.

*Estimated Number of Respondents:*  
86.

*Estimated Number of Responses:* 344.  
*Frequency of Response:* 1.

*Average Hours per Response:* 30  
hours [121 hours/4 = 30.25 hours].

*Total Estimated Burden:* 10,406.

**B. Solicitation of Public Comment**

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or the forms of information technology, *e.g.*, permitting electronic submission of responses.

(5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comment in response to these questions.
