Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2017–2018

Agency: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) continues to find that manufacturers/exporters of crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from the People’s Republic of China (China) sold solar cells in the United States at less than normal value during the period of review (POR) December 1, 2017 through November 30, 2018. The final weighted-average dumping margins are listed below in the “Final Results of Review” section of this notice.

On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days, thereby extending the deadline for these results until July 28, 2020. On July 21, 2020, Commerce tolled all for preliminary and final results in administrative reviews by an additional 60 days, thereby extending the deadline for these final results until September 28, 2020.

Scope of the Order

The merchandise covered by this order is crystalline silicon photovoltaic cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels and building integrated materials. Merchandise covered by this order is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 8501.61.0000, 8507.20.80, 8541.40.6015, 8541.40.6020, 8541.40.6025, 8541.40.6030, 8541.40.6035, 8541.40.6045, and 8501.31.8000. Although these HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Supplementary Information:

Background

On February 10, 2020, Commerce published in the Federal Register the preliminary results of the 2017–2018 administrative review of the antidumping duty order on solar cells from the China.1 For events subsequent to the Preliminary Results, see Commerce’s Issues and Decision Memorandum.2 The final weighted-average dumping margins are listed below in the “Final Results of Review” section of this notice.

On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days, thereby extending the deadline for these results until July 28, 2020. On July 21, 2020, Commerce tolled all for preliminary and final results in administrative reviews by an additional 60 days, thereby extending the deadline for these final results until September 28, 2020.

2 See Memorandum, “Issues and Decision Memorandum for the Final Results of the 2017–2018 Antidumping Duty Administrative Review of Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules, From the People’s Republic of China” (Issues and Decision Memorandum), dated concurrently with, and hereby adopted by, this notice.
Affiliation and Single Entity Determination

We preliminarily found that Risen Energy Co., Ltd. (Risen Energy); Risen Energy (Changzhou) Co., Ltd. (Changzhou); Risen (Wuhai) New Energy Co., Ltd. (Wuhai); Zhejiang Twinsel Electronic Technology Co., Ltd. (Twinsel); Risen (Luoyang) New Energy Co., Ltd. (Luoyang); Jiujiang Shengzhao Xinye Technology Co., Ltd. (Jiujiang); Jiujiang Shengzhao Xinye Trade Co., Ltd. Ruiuchang Branch (Jiujiang Ruiuchang Branch); and Risen Energy (Hong Kong) Co., Ltd. (Hong Kong Risen) (collectively, Risen) are affiliated pursuant to section 771(33)(E) and (F) of the Tariff Act of 1930, as amended (the Act), and that all of these companies should be treated as a single entity pursuant to 19 CFR 351.401(f)(1)–(2). No interested party commented on these treatments, and these findings remain unchanged for these final results.

Final Determination of No Shipments

In the Preliminarily Results, we found no evidence calling into question the no-shipment claims of the following companies: BYD (Shangluo) Industrial Co., Ltd.; LERRI Solar Technology Co., Ltd.; Ningbo ETDZ Holdings, Ltd.; Sumei Hardware & Tools Co., Ltd.; and Sunpreme Solar Technology (Jiaying) Co., Ltd. No parties commented on this preliminary decision. For the final results of review, we continue to find that these companies had no shipments of subject merchandise to the United States during the POR.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our Preliminary Results, and for the reasons explained in the Issues and Decision Memorandum, we made revisions to our preliminary calculations of the weighted-average dumping margins for the mandatory respondents, Risen and Trina, which also resulted in a revision of the dumping margin for the separate rate respondents.

Separate Rates

In the Preliminary Results, we found that evidence provided by Trina, Risen, and 16 other companies/company groups supporting finding an absence of both de jure and de facto government control, and, therefore, we preliminarily granted a separate rate to each of these companies/company groups. We received no comments since the issuance of the Preliminary Results regarding our determination that these 18 companies/company groups are eligible for a separate rate. Therefore, for the final results, we find that 18 entities are eligible for separate rates. Commerce assigned a dumping margin to the separate rate companies that it did not individually examine, but which demonstrated their eligibility for a separate rate, based on the mandatory respondents’ dumping margins.

transactions, we will direct CBP to assess importer- or customer-specific assessment rates based on the resulting per-unit rates.8 Where an importer- or customer-specific ad valorem or per-unit rate is greater than de minimis, we will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent’s weighted average dumping margin is zero or de minimis, or an importer or customer-specific ad valorem or per-unit rate is zero or de minimis, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.9

For merchandise whose sale/entry was not reported in the U.S. sales database submitted by an exporter individually examined during this review, but that entered under the case number of that exporter (i.e., at the individually-examined exporter’s cash deposit rate), we will instruct CBP to liquidate such entries at the China-wide rate. Additionally, if we determine that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number will be liquidated at the China-wide rate.10

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the Federal Register, as provided by section 751(a)(2)(C) of the Act: (1) For the exporters listed in the table in the “Final Results of Review” section above, the cash deposit rate will be the rate listed for each exporter in the table, except if the rate is zero or de minimis (i.e., less than 0.5 percent), then the cash deposit rate will be zero; (2) for previously investigated Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate previously established for the China-wide entity (i.e., 238.95 percent); and (4) for all non-China exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied the non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

We intend to disclose the calculations performed for these final results within five days of publication of this notice in the Federal Register in accordance with 19 CFR 351.224(b).

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Jeffrey I. Kessler,
Assistant Secretary for Enforcement and Compliance.
