meeting and instructions to access materials and provide comment electronically were sent by mail to approximately 200 recipients. Recipients included adjacent landowners, regional and local representatives of federal and state resource agencies, interested Native American tribes, and local elected officials. Additionally, notifications were posted in newspapers of local circulation and on City of Harlingen and USIBWC media outlets during the first week of December.

Thirty-five attendees signed in and 13 comments were received within the comment period. Approximately seven commenters stated that they were in general support of the Expanded Vegetation & Sediment Removal Alternative (i.e., the Preferred Alternative). One commenter expressed support for a combination of the three actions that would include Off-Channel Storage, Expanded Vegetation Removal, and Expanded Vegetation & Sediment Removal. The remaining five comments proposed additional actions outside of the scope of this project that may be considered in the future. An environmental impact statement will not be prepared unless additional information which may affect this decision is brought to our attention within 30 days from the date of this Notice.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–1046 (Third Review)]

Tetrahydrofurfuryl Alcohol From China; Scheduling of an Expedited Five-Year Review

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of an expedited review pursuant to the Tariff Act of 1930 (“the Act”) to determine whether revocation of the antidumping duty order on tetrahydrofurfuryl alcohol from China would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time.

DATES: June 5, 2020.

Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2070.

SUPPLEMENTARY INFORMATION:

Background.—On June 5, 2020, the Commission determined that the domestic interested party group response to its notice of institution (85 FR 12337, March 2, 2020) of the subject five-year review was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting a full review. Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of this review and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Please note the Secretary’s Office will accept only electronic filings at this time. Filings must be made through the Commission’s Electronic Document Information System (EDIS, https://edis.usitc.gov). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

Staff report.—A staff report containing information concerning the subject matter of the review will be placed in the nonpublic record on September 25, 2020, and made available to persons on the Administrative Protective Order service list for this review. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission’s rules.

Written submissions.—As provided in section 207.62(d) of the Commission’s rules, interested parties that are parties to the review and that have provided individually adequate responses to the notice of institution, and any party other than an interested party to the review may file written comments with the Secretary on what determination the Commission should reach in the review. Comments are due on or before October 2, 2020, and may not contain new factual information. Any person that is neither a party to the five-year review nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the review by October 2, 2020. However, should the Department of Commerce (“Commerce”) extend the time limit for its completion of the final results of its review, the deadline for comments (which may not contain new factual information) on Commerce’s final results is three business days after the issuance of Commerce’s results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission’s rules. The Commission’s Handbook on Filing Procedures, available on the Commission’s website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission’s procedures with respect to filings.

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination.—The Commission has determined this review is extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission’s rules.

2 The Commission has found the response submitted by Penn A Kem LLC to be individually adequate. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).
DEPARTMENT OF JUSTICE
[OMB Number 1122–NEW]

Agency Information Collection Activities: Proposed eCollection eComments Requested; New Collection

AGENCY: Office on Violence Against Women, Department of Justice.

ACTION: 60-Day notice.

SUMMARY: The Department of Justice, Office on Violence Against Women (OVW) will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 60 days until December 1, 2020.

FOR FURTHER INFORMATION CONTACT: Written comments and/or suggestion regarding the items contained in this notice, especially the estimated public burden and associated response time, should be directed to Cathy Poston, Office on Violence Against Women, at 202–514–5430 or Catherine.poston@usdoj.gov.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) Type of Information Collection: New collection
(2) Title of the Form/Collection: OVW Consolidated Progress Report Template
(3) Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection: Form Number: 1122–NEW.
(4) Affected public who will be asked or required to respond, as well as a brief abstract: Primary: The affected public includes grantees and subgrantees of formula and discretionary grant programs authorized under the Violence Against Women Act (VAWA) of 1994, and reauthorized and amended by the Violence Against Women Act of 2000, the Violence Against Women Act of 2005, and the Violence Against Women Act of 2013 and administered by OVW. These include states, territories, Tribes or units of local government, institutions of higher education including colleges and universities, tribal organizations, federal, state, tribal, territorial or local courts or court-based programs, state sexual assault coalitions, state domestic violence coalitions; territorial domestic violence or sexual assault coalitions, tribal coalitions, community-based organizations, and non-profit, nongovernmental organizations.

This submission is to seeking to consolidate previously approved collections (OMB Numbers 1122–0003, 1122–0005, 1122–0006, 1122–0007, 1122–0008, 122–0009, 1122–0010, 1122–0011, 1122–0012, 1122–0013, 1122–0016, 1122–0017, 1122–0018, 1122–0021, 1122–0023, 1122–0024, 1122–0026, 1122–0027, and 1122–0028) under one, new OMB number, so as to align with a new data collection platform that removes OVW’s need to have separate and distinct forms for collecting performance data. Per GPRA and subsequent legislation, OMB’s Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and OVW’s monitoring policies and procedures, OVW requires semi-annual performance reports from its grantees under discretionary programs and initiatives, as well as annual reports from grantees and subgrantees under two formula grant programs. Performance reports collect Congressionally mandated data as well as numeric and narrative information on the grantee/subgrantee’s progress toward project goals. There is a great deal of consistency across the current forms in terms of data collected; however, because until now the technology on which OVW’s grants management system operated required each data collection to exist as a distinct form, an OMB number was obtained and routinely updated for each form. That system, Office of Justice Programs’ Grants Management System, has been retired and a new grants management system, JustGrants, is being implemented in October 2020. The new system allows OVW to compile a library of performance questions that can be selected and sequenced to match each program’s current OMB-approved form. Thus, the requested OMB number is to cover OVW’s performance reporting question library, though grantees will only be required to answer a subset of the available questions.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply: At any given time, there are approximately 3,000 grantees and approximately 3,000 subgrantees subject to the above-mentioned reporting requirements, and there is some degree of overlap among grantees and subgrantees, meaning some organizations have multiple, active OVW awards on which they are required to report. It is estimated that it will take the approximately 6000 grantees and subgrantees 60 minutes to complete an annual or semiannual progress reporting form.

(6) An estimate of the total public burden (in hours) associated with the collection: The total annual hour burden for OVW grantees and subgrantees to complete the annual or semiannual progress reporting form is 6000.
