

Commission has the opportunity to consider your comments prior to making its decision on this Project, it is important that we receive your comments in Washington, DC on or before 5:00 p.m. Eastern Time on October 30, 2020.

For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov). Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to FERC Online. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on eRegister. You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the Project docket number (CP20-48-000) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. At this point in this proceeding, the timeframe for filing timely intervention requests has expired. Any person seeking to become a party to the proceeding must file a motion to intervene out-of-time pursuant to Rule 214(b)(3) and (d) of the Commission's Rules of Practice and Procedures (18 CFR 385.214(b)(3) and (d)) and show good cause why the time limitation should be waived. Motions to

intervene are more fully described at <https://www.ferc.gov/ferc-online/ferc-online/how-guides>.

Additional information about the Project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP20-490-000]

#### Columbia Gulf Transmission, LLC; Notice of Schedule for Environmental Review of the Mainline 300 Replacement Project

On June 30, 2020, Columbia Gulf Transmission, LLC (Columbia Gulf) filed an application in Docket No. CP20-490-000 requesting a Certificate of Public Convenience and Necessity, pursuant to Sections 7(b) and 7(c) of the Natural Gas Act, to abandon, replace, and operate certain natural gas pipeline facilities. The proposed project is known as the Mainline 300 Replacement Project (Project) and consists of the abandonment and replacement of two segments of the 36-inch-diameter Mainline 300 totaling approximately 775 feet. The Project is located in Menifee and Montgomery Counties, Kentucky. Due to increased

population density in the area along certain discrete sections of Mainline 300, Columbia Gulf is required, pursuant to Part 192 of the U.S. Department of Transportation regulations to replace segments of its existing Mainline 300 pipeline to meet the Class 3 pipeline design requirements.

On July 9, 2020, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for the completion of the EA for the Project.

#### Schedule for Environmental Review

Issuance of EA—January 20, 2021

90-day Federal Authorization Decision

Deadline—April 20, 2021

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

#### Project Description

The Project would involve the construction and operation of the following facilities:

- Replacement of approximately 760 feet of existing 36-inch-diameter pipeline, with approximately 760 feet of new, 36-inch-diameter natural gas transmission pipeline from Milepost (MP) 6.8 to MP 6.9; and
- Replacement of approximately 15 feet of existing 36-inch-diameter pipeline, with approximately 15 feet of new, 36-inch-diameter natural gas transmission pipeline from MP 6.9 to MP 6.9.

#### Background

On July 31, 2020, the Commission issued a *Notice of Intent to Prepare an Environmental Assessment for the Proposed Mainline 300 Replacement Project and Request for Comments on Environmental Issues* (NOI). The NOI was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the NOI, the Commission did not receive any comments.
