NATIONAL SCIENCE FOUNDATION

Request for Information

AGENCY: National Science Foundation.

ACTION: Request for Information.

SUMMARY: The Foundations for Evidence-Based Policymaking Act of 2018 requires federal agencies to develop evidence-building plans to identify and address questions relevant to Agency policies, programs, regulations, management, and operations. Through this Request for Information (RFI), the National Science Foundation (NSF), seeks to expand

ongoing efforts to identify priority questions that can guide evidence-building activities by soliciting input from the public.

DATES: Please send comments on or before December 31, 2020. Comments received after that date will be considered to the extent practicable. Send comments to the address below.

ADDRESSES: Submit comments to Suzanne H. Plimpton, Reports Clearance Officer, splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1.800.877.8339, 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

SUPPLEMENTARY INFORMATION: The Foundations for Evidence-Based Policymaking Act of 2018 (Evidence Act, Pub. L. 115-435) requires federal agencies to develop evidence-building plans to identify and address questions relevant to Agency policies, programs, regulations, management, and operations.

Invitation to Comment: NSF invites comments from the public to inform the development of NSF's evidence-building plan. NSF invites suggestions in many forms, as questions to be answered, hypotheses to be tested, or problems to be investigated. NSF will analyze information collected from this RFI to continue developing its evidence-building plan.

1.0 Background

NSF was created "to promote the progress of science; to advance the national health, prosperity, and welfare; to secure the national defense . . ." (1950, as amended). NSF seeks to achieve these goals through an integrated strategy that advances the frontiers of knowledge; cultivates a world-class, broadly inclusive science and engineering workforce; expands the scientific literacy of all citizens; builds the nation's research capability through investments in advanced instrumentation and facilities; and supports excellence in science and engineering research and education. NSF by the numbers provides a brief overview of NSF's work. NSF is committed to evaluating the efficacy and efficiency of its strategy, leveraging research and evaluation to help the Agency achieve its mission.

2.0 Request for Information

Through this RFI, NSF is soliciting suggestions from a broad array of stakeholders across public and private sectors that may be familiar with or interested in the work of NSF and wish

to volunteer suggestions to pursue studies that could help NSF improve its efficacy or efficiency. NSF invites suggestions in many forms—as questions to be answered, hypotheses to be tested, or problems to be investigated—and focused on any area of NSF's work, including policy, programs, and operations. Responses to this RFI will inform NSF's ongoing development of a set of questions that will guide evidence-building activities, such as program evaluations and systems to monitor participation in NSF programs. This RFI is for information and planning purposes only and should not be construed as a solicitation or as an obligation on the part of NSF.

Dated: October 2, 2020.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

OFFICE OF PERSONNEL MANAGEMENT

Submission for Review: 3206-0136, Designation of Beneficiary: Federal Employees' Group Life Insurance, SF 2823

AGENCY: U.S. Office of Personnel Management.

ACTION: 30-Day Notice and request for comments.

SUMMARY: The Federal Employee Insurance Operations, Healthcare Insurance, Office of Personnel Management (OPM) offers the general public and other Federal agencies the opportunity to comment on a revised information collection request, Designation of Beneficiary: Federal Employees' Group Life Insurance, SF 2823.

DATES: Comments are encouraged and will be accepted until November 6, 2020.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503, Attention: Desk Officer for the Office of Personnel Management or sent via electronic mail to: oirq_submission@omb.eop.gov or faxed to (202) 395-6974.

SUPPLEMENTARY INFORMATION: As required by the Paperwork Reduction Act of 1995 OPM is soliciting comments for this collection. The information collection (OMB No. 3206-0136) was

previously published in the **Federal Register** on March 9, 2020 at 85 FR 13678, allowing for a 60-day public comment period. A comment was received for this collection. In response, per FEGLI law and regulation, employees are not allowed to use electronic signatures or PIV/CAC cards to sign the SF 2823 (Designation of Beneficiary) form. Per 5 CFR 870.802(b), a designation of a beneficiary must be completed in writing, signed by the insured individual, and witnessed and signed by two people. OPM is currently working on guidance for agency human resources personnel to allow more flexibility to certify FEGLI forms. Any changes to the process would be temporary. However, no changes can be made to the Designation of Beneficiary form's signature requirement, as any change to this form would require a change to FEGLI law. The purpose of this notice is to allow an additional 30 days for public comments. The Office of Management and Budget is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Standard Form 2823 is used by any Federal employee or retiree covered by the Federal Employees' Group Life Insurance (FEGLI) Program, or an assignee who owns an insured's coverage, to instruct the Office of Federal Employees' Group Life Insurance how to distribute the proceeds of the FEGLI coverage when the statutory order of precedence does not meet his or her needs.
