was scheduled to take effect on December 15, 2019.

On August 30, 2019, the U.S. Trade Representative, at the direction of the President, determined to modify the action being taken in the investigation by increasing the rate of additional duty from 10 to 15 percent *ad valorem* on the goods of China specified in Annex A (List 1) and Annex C (List 2) of the August 20 notice. See 84 FR 45821. On October 24, 2019, the U.S. Trade Representative established a process by which U.S. stakeholders could request exclusion of particular products classified within an eight-digit HTSUS subheading covered by List 1 of the $300 billion action from the additional duties. See 84 FR 57144 (the October 24 notice). Subsequently, the U.S. Trade Representative announced a determination to suspend until further notice the additional duties on products set out in Annex C (List 2) of the August 20 notice. See 84 FR 69447 (December 18, 2019). The U.S. Trade Representative later determined to further modify the action being taken by reducing the additional duties for the products covered in Annex A of the August 20 notice (List 1) from 15 to 7.5 percent. See 85 FR 3741 (January 22, 2020).

Under the October 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish the product from other products within the relevant eight-digit subheading covered by the $300 billion action. Requestors also had to provide the ten-digit subheading of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requestor purchased in the last three years, among other information. With regard to the rationale for the requested exclusion, requests had to address the following factors:

- Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.
- Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.
- Whether the particular product is strategically important or related to “Made in China 2025” or other Chinese industrial programs.

The October 24 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objectives of the Section 301 investigation.

The October 24 notice required submission of requests for exclusion from List 1 of the $300 billion action no later than January 31, 2020, and noted that the U.S. Trade Representative periodically would announce decisions. In March 2020, the U.S. Trade Representative announced three sets of exclusions. See 85 FR 13970; 85 FR 15244; 85 FR 17936. Additional sets of exclusions were published in May, June, July, and August 2020. See 85 FR 28693; 85 FR 32008; 85 FR 35075; 85 FR 41658; 85 FR 44563; 85 FR 48627. The status of each request is posted on the Exclusions Portal at https://exclusions.ustr.gov/s/docket?docketNumber=USTR-2019-0017.
