SUMMARY: The South Atlantic Fishery Management Council (Council) will convene a meeting of the South Atlantic Selectivity Workgroup via webinar to address gear selectivity for fishery stock assessments for species managed by the Council.

DATES: The South Atlantic Selectivity Workgroup meeting will be held via webinar on Tuesday, October 27, 2020, from 1 p.m. until 5 p.m.

For further information contact:
Chip Collier, Deputy Director for Science, SAFMC; phone: (843) 302–8444 or toll free: (866) SAFMC–10; fax: (843) 769–4520; email: chip.collier@safmc.net.

Supplementary information: The South Atlantic Selectivity Workgroup consists of scientists with expertise in selectivity or gears used in fisheries in the South Atlantic region including members of the Council’s Scientific and Statistical Committee chosen to participate. The Workgroup will provide recommendations on selectivity for species managed by the Council for Consideration in upcoming stock assessments.

NSA:

1. Review working papers developed by the South Atlantic Selectivity Workgroup on selectivity;
2. Provide recommendations on selectivity for Red Snapper, Vermilion Snapper; and Black Sea Bass;
3. Review and address the Terms of Reference for the Workgroup;
4. Review sections of the Workgroup report; and
5. Assign sections to Workgroup members.

Special accommodations:
The meeting is physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the council office (see ADDRESSES) 5 days prior to the meeting.

Authority: 16 U.S.C. 1801 et seq.

Tracey L. Thompson,
Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

ACTION: Notice of public meeting.

SUMMARY: The North Pacific Fishery Management Council (NPFMC) Charter Halibut Management Committee will meet via webconference on October 27, 2020.

DATES: The meeting will be held on Tuesday, October 27, 2020 from 9 a.m. to 3 p.m., Alaska time.

ADDRESSES: The meeting will be a webconference. Join online through the link at https://meetings.npfmc.org/Meeting/Details/1568.
Council address: North Pacific Fishery Management Council, 1007 W 3rd Ave, Anchorage, AK 99501-2252; telephone: (907) 271–2809. Instructions for attending the meeting are given under SUPPLEMENTARY INFORMATION, below.

FOR FURTHER INFORMATION CONTACT: Jim Armstrong, Council staff; phone: (907) 271–2809 and email: james.armstrong@noaa.gov. For technical support please contact administrative Council staff, email: npfmcc.admin@noaa.gov.

SUPPLEMENTARY INFORMATION:

Agenda

Tuesday, October 27, 2020

The purpose of the Charter Halibut Management Committee meeting is to identify a range of potential management measures for the Area 2C and Area 3A charter halibut fisheries in 2021 using the management measures in place for 2020 as a baseline. For Area 2C, the baseline management measure includes regulations applicable to charter halibut fishing in all areas, and a daily limit of one fish less than or equal to 45 inches or greater than or equal to 80 inches. For Area 3A, the baseline management measure includes regulations applicable to charter halibut fishing in all areas, no annual limit, a daily limit of two fish, one fish of any size, and a second fish which must be 32 inches or less in length. No days are closed to charter halibut fishing. Committee recommendations will be incorporated into an analysis for Council review in December 2020. The Council will recommend preferred management measures for consideration by the International Pacific Halibut commission at its January 2021 meeting, for implementation in 2021. The agenda is subject to change, and the latest version will be posted at https://meetings.npfmc.org/Meeting/Details/1568 prior to the meeting, along with meeting materials.

Connection Information

You can attend the meeting online using a computer, tablet, or smart phone; or by phone only. Connection information will be posted online at: https://meetings.npfmc.org/Meeting/Details/1568.

Public Comment

Public comment letters will be accepted and should be submitted electronically to https://meetings.npfmc.org/Meeting/Details/1568.

Authority: 16 U.S.C. 1801 et seq.

Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 71 South Atlantic Gag Grouper Data and Assessment Webinar.

SUMMARY: The SEDAR 71 assessment of the South Atlantic stock of Gag Grouper will consist of a data webinar and a series assessment webinars.

DATES: The SEDAR 71 Gag Grouper Data and Assessment Webinar has been scheduled for Wednesday October 28, 2020, from 9 a.m. to 12 p.m. EDT.

ADDRESSES: Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Registration is available online at: https://attendee.gotowebinar.com/register/2390775194701123084.

SEDAR address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405; www.sedarweb.org.

FOR FURTHER INFORMATION CONTACT: Kathleen Howington, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571–4371; email: Kathleen.Howington@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion at the SEDAR 71 Gag Grouper Data and Assessment Webinar are as follows:

• Discuss and make final recommendations on any ongoing data issues as needed
• Discuss modeling issues as needed

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the South Atlantic Fishery Management Council office (see ADDRESSES) at least 5 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.
