II. Discussion

On September 11, 2020, the NRC solicited comments to gather information that will permit the NRC staff to develop the FYs 2022–2026 Strategic Plan framework (85 FR 56275). The Strategic Plan describes how the

agency intends to achieve its two strategic goals: (1) Ensure the safe use of radioactive materials, and (2) ensure the secure use of radioactive materials. The plan provides an overview of the NRC’s responsibilities and lays out the objectives, strategies, and key activities that will be used to achieve the agency’s strategic goals.

The public comment period was originally scheduled to close on October 13, 2020. The NRC received an email from an external stakeholder (ADAMS Accession No. ML20275A405) requesting the comment period for this activity be extended by an additional 30 days to permit adequate stakeholder engagement on this topic. The NRC will extend the public comment period until November 13, 2020 to allow more time for members of the public to develop and submit their comments.

Dated: October 7, 2020.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a renewal of an existing collection of information to OMB for review entitled, 10 CFR part 4, “Nondiscrimination in Federally Assisted Programs or Activities Receiving Assistance from the Commission.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on June 8, 2020, (85 FR 34768).

1. *The title of the information collection:* 10 CFR part 4, Nondiscrimination in Federally Assisted Commission Programs or Activities Receiving Assistance from the Commission.

2. *OMB approval number:* 3150-0053.

3. *Type of submission:* Extension.

4. *The form number if applicable:* NRC Forms 781 and 782.

5. *How often the collection is required or requested:* On occasion. NRC Form 781, “SBCR Compliance Review” is a required form that should be submitted by the recipient upon initiation or modification of a program, during the pre-award and post-award stage, periodic monitoring, and, if a complaint is being processed during the pre-award application phase and upon request from an authorized NRC official during the post-award review phase. NRC Form 782, “Complaint Form” is submitted on occasion, if any person believes himself or any specific class of individuals have been subjected to discrimination prohibited by 10 CFR part 4, “Subpart A—Regulations Implementing Title VI of the Civil Rights Act of 1964 and Title IV of the Energy Reorganization Act of 1974 Discrimination Prohibited,” on

behalf of the primary funding recipient or any other recipient that received NRC Federal financial assistance through the primary funding recipient. Self-evaluations are performed throughout the duration of obligation based on 10 CFR 4.231, “Responsibility of applicants and recipients.”

6. *Who will be required or asked to respond:* Recipients of Federal financial assistance provided by the NRC (including Educational Institutions, Other Non-profit Organizations receiving Federal financial assistance, and Agreement States).

8. *The estimated number of annual respondents:* 200.

9. *An estimate of the total number of hours needed annually to comply with the information collection requirement or request:* 802 hours (102 hours reporting + 650 hours recordkeeping + 50 hours third-party disclosure).

10. *Abstract:* All recipients of Federal financial assistance from the NRC are subject to the provisions of 10 CFR part 4, “Nondiscrimination in Federally Assisted Programs or Activities Receiving Assistance from the Commission.” Respondents must notify participants, beneficiaries, applicants, and employees of nondiscrimination practices and keep records of Federal financial assistance and of their own self-evaluations of policies and practices. NRC Form 781, “SBCR Compliance Review” is a required form that should be submitted by the recipient upon initiation or modification of a program, during the pre-award and post-award stage, periodic monitoring, and, if a complaint is being processed during the pre-award application phase and upon request from an authorized NRC official during the post-award review phase. This information is necessary for determining whether any persons are or will be denied such services provided by the primary funding recipient on the basis of prohibited discrimination. In the event that discrimination is alleged in NRC-conducted and Federal financially assisted programs and activities, it may be reported using NRC Form 782.
