to identify an individual or motor carrier that would be responsible for the use or operation of CMVs under the exemptions, as required by 49 CFR 381.310(b)(2). SBTC failed to provide an estimate of the total number of drivers and CMVs that would be operated under the terms and conditions of the exemptions, as required by section 381.310(c)(3). Lastly, SBTC proposed no countermeasures to ensure an equivalent or greater level of safety than would be achieved under compliance with the current rules, as required by section 381.310(c)(5).

II. Background

On August 19, 2020 (85 FR 51145), FMCSA published a notice requesting public comments on the petitions for rulemaking to amend certain requirements for property brokers submitted by the Owner-Operator Independent Drivers Association (OOIDA) and the Small Business in Transportation Coalition (SBTC). OOIDA requests that FMCSA require property brokers to provide an electronic copy of each transaction record automatically within 48 hours after the contractual service has been completed, and prohibit explicitly brokers from including any provision in their contracts that requires a motor carrier to waive its rights to access the transaction records. SBTC requests that FMCSA prohibit brokers from coercing or otherwise requiring parties to brokers’ transactions to waive their right to review the record of the transaction as a condition for doing business. SBTC also requests that FMCSA adopt regulatory language indicating that brokers’ contracts may not include a stipulation or clause exempting the broker from having to comply with the transparency requirement. The notice set October 19, 2020 as the deadline by which comments should be submitted to the public docket.

III. Extension of the Public Comment Period

On October 13, 2020, FMCSA published a notice in the Federal Register announcing that it will host a listening session pertaining to property carrier brokers on October 28, 2020. Specifically, the Agency indicated that it would like to hear from members of the public on their views on the regulation of property carrier brokers in general, and on three separate petitions for rulemaking from OOIDA, SBTC and the Transportation Intermediaries Association concerning specific property carrier broker regulation issues.

The Agency believes it is appropriate to extend the comment period to provide interested parties additional time to submit their responses to the notice seeking public comment on the OOIDA and SBTC petitions. Therefore, the Agency extends the deadline for the submission of comments until November 18, 2020.

Federal Railroad Administration

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration (FRA), U.S. Department of Transportation (DOT).

ACTION: Notice of information collection; request for comment.

SUMMARY: Under the Paperwork Reduction Act of 1995 (PRA) and its implementing regulations, FRA seeks approval of the Information Collection Request (ICR) abstracted below. Before submitting this ICR to the Office of Management and Budget (OMB) for approval, FRA is soliciting public comment on specific aspects of the activities identified in the ICR.

DATES: Interested persons are invited to submit comments on or before December 15, 2020.

ADDRESSES: Submit comments and recommendations for the proposed ICR to Ms. Hodan Wells, Information Collection Clearance Officer at email: hodan.wells@dot.gov or telephone: (202) 493–0440. Please refer to the assigned OMB control number in any correspondence submitted. FRA will summarize comments received in response to this notice in a subsequent notice and include them in its information collection submission to OMB for approval.

SUPPLEMENTARY INFORMATION: The PRA, 44 U.S.C. 3501–3520, and its implementing regulations, 5 CFR part 1320, require Federal agencies to provide 60-days’ notice to the public to allow comment on information collection activities before seeking OMB approval of the activities. See 44 U.S.C. 3506, 3507; 5 CFR 1320.8 through 1320.12. Specifically, FRA invites interested parties to comment on the following ICR regarding: (1) Whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (2) the accuracy of FRA’s estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (3) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (4) ways for FRA to minimize the burden of information collection activities on the public, including the use of automated collection techniques or other forms of information technology. See 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1).

FRA believes that soliciting public comment may reduce the administrative and paperwork burdens associated with the collection of information that Federal regulations mandate. In summary, FRA reasons that comments received will advance three objectives: (1) Reduce reporting burdens; (2) organize information collection requirements in a “user-friendly” format to improve the use of such information; and (3) accurately assess the resources expended to retrieve and produce information requested. See 44 U.S.C. 3501.

The summary below describes the ICR that FRA will submit for OMB clearance as the PRA requires: Title: Safety and Health Requirements Related to Camp Cars. OMB Control Number: 2130–0595. Subpart E requires railroad-provided camp cars to be clean, safe, and sanitary, and be equipped with indoor toilets, potable water, and other features to protect the health of car occupants. Subpart C of part 228 prohibits a railroad from positioning a camp car intended for occupancy by individuals employed to maintain the railroad’s right-of-way in the immediate vicinity of a switching or humping yard that handles railcars containing hazardous material. Generally, the requirements of subparts C and E to part 228 are intended to provide covered-
