

Company	2017 subsidy rate (percent <i>ad valorem</i>)	2018 subsidy rate (percent <i>ad valorem</i>)
Goodluck India Limited ⁶	5.86	5.21
Tube Investments of India Ltd ⁷	4.27	5.17

Assessment Rate

In accordance with 19 CFR 351.212(b)(2), Commerce intends to issue appropriate assessment instructions to U.S. Customs and Border Protection (CBP) 15 days after publication of these final results. Commerce will instruct CBP to liquidate entries of subject merchandise produced and/or exported by Goodluck and TII, entered or withdrawn from warehouse for consumption from September 25, 2017 through December 31, 2018, at the *ad valorem* rate listed above for each respective company.

Cash Deposit Requirements

Pursuant to section 751(a)(1) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amount indicated above for 2018 for Goodluck and TII, on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, CBP will continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit instructions, when imposed, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

These final results are issued and published in accordance with sections

rate applies to the following entities: Goodluck India Limited (formerly Good Luck Steel Tubes

751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: October 13, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

Appendix

List of Topics Discussed in the Issues and Decision Memorandum

- I. Summary
- II. Background
- III. Changes Since the *Preliminary Results*
- IV. Scope of the Order
- V. Period of Review
- VI. Subsidies Valuation Information
- VII. Use of Facts Otherwise Available
- VIII. Analysis of Programs
- IX. Discussion of Comments

Comment 1: Appropriate Producer/ Exporter Names for Goodluck

Comment 2: Whether the Benefit for the Exemption from Entry Tax for Iron and Steel Industry Program was Correctly Calculated

Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89–651, as amended by Pub. L. 106–36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before November 9, 2020. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. In addition, please email an electronic copy of any such written comments to Dianne.Hanshaw@trade.gov. Arrangements to review these

Limited); Good Luck Steel Tubes Limited Good Luck House; and Good Luck Industries.

applications can be made by contacting Dianne.Hanshaw@trade.gov.

Docket Number: 20–003. Applicant: Rice University, Department of Microengineering, 6100 Main Street, Houston, TX 77030. Instrument: Ultrasonic Linear Piezo Stage and Controller. Manufacturer: Xeryon, Belgium. Intended Use: According to the applicant, the instrument will be used to study automatic and large-scale surgical implantation of nanoelectrode threads into rodent and primate brains. Specifically, a platform is developed that can insert 8 ultraflexible nanoelectrode threads (uNETs) into the brain simultaneously and independently, while each insertion site is flexibly defined by the surgeons' and researchers' need and can be precisely researched by micromanipulators. Successful development of this technology will significantly reduce the time, errors and tissue trauma during brain surgery, meanwhile, it will open opportunities such as slow-speed insertion, flexibly targeting multiple regions and large-scale neural recordings. Justification for Duty-Free Entry: According to the applicant, there are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: July 31, 2020.

Docket Number: 20–004. Applicant: Texas A&M University, AgriLife Research, 2147 TAMU, College Station, TX 77843–2147. Instrument: 3D Microfabrication System Photonic Professional GT. Manufacturer: Nanoscribe, Germany. Intended Use: According to the applicant, the instrument will be used to conduct research in the broad areas of material research, thin-film metal semiconductors, bio microfluidics, medical devices and optical/photonic devices, to name a few. These physical platforms will manifest in the forms of devices (ranging from 1–200 cm²) that will then be taken to individual laboratories for further experimentation in the aforementioned fields under the guidance and scope of the Texas A&M University research communities. Justification for Duty-Free Entry:

⁷ Tube Investments of India Ltd. is also known as Tube Investments of India Limited.

According to the applicant, there are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: July 20, 2020.

Docket Number: 20–005. Applicant: University of Chicago Argonne LLC, Operator of National Laboratory 9700 South Cass Avenue, Lemont, IL 60439–4873. Instrument: Libera Brilliance+ $\frac{3}{4}$ with GDX module BPM electronics. Manufacturer: Instrumentation Technologies D.D, Solvenia. Intended Use: According to the applicant, the instrument will be used to study precision measurement for the particle beam position in the Advanced Photon Source Upgrade storage ring. The measurement information is used to steer the particle beam and photon beam that will be used as a three-dimensional X-ray microscope for experimental purposes. The materials/phenomena include material properties analysis, protein mapping for pharmaceutical companies, X-ray imaging and chemical composition determination and many others, but are not limited to grain structure, grain boundary and interstitial defects and morphology. These properties are not only studied at ambient environments, but also under high pressure, temperature, stress and strain. Justification for Duty-Free Entry: According to the applicant, there are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: July 30, 2020.

Docket Number: 20–006. Applicant: University of Chicago Argonne LLC, Operator of National Laboratory 9700 South Cass Avenue, Lemont, IL 60439–4873. Instrument: Canted Undulator GRID Masks. Manufacturer: Strumenti Scientific CINEL S.R.L., Italy.

Intended Use: According to the applicant, the instrument will be used to study and assemble the new canted undulator front ends for the Advanced Photon Source upgrade. The front end consists of a series of components that connect the storage ring to the user beamline in order to deliver a photon beam that will be used as a three-dimensional X-ray microscope for experimental purposes. The materials/phenomena vary widely from material properties analysis, protein mapping for pharmaceutical companies, X-ray imaging and chemical composition determination to name a few. The properties of the materials are not limited to grain structure, grain boundary and interstitial defects and morphology. These properties are

studied at ambient environments but also under high pressure, temperature, stress and strain. Justification for Duty-Free Entry: According to the applicant, there are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: July 29, 2020.

Docket Number: 20–007. Applicant: University of Chicago Argonne LLC, Operator of National Laboratory 9700 South Cass Avenue, Lemont, IL 60439–4873. Instrument: Canted Undulator Premasks and Exit Masks. Manufacturer: Strumenti Scientific CINEL S.R.L., Italy. Intended Use: According to the applicant, the instrument will be used to study and assemble the new canted undulator front ends for the Advanced Photon Source upgrade. The front end consists of a series of components that connect the storage ring to the user beamline in order to deliver a photon beam that will be used as a three-dimensional X-ray microscope for experimental purposes. The materials/phenomena vary widely from material properties analysis, protein mapping for pharmaceutical companies, X-ray imaging and chemical composition determination to name a few. The properties of the materials are not limited to grain structure, grain boundary and interstitial defects and morphology. These properties are studied at ambient environments but also under high pressure, temperature, stress and strain. Justification for Duty-Free Entry: According to the applicant, there are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: July 29, 2020.

Dated: October 7, 2020.

Forged Steel Fittings From India: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that forged steel fittings (FSF) from India are being, or

are likely to be, sold in the United States at less than fair value (LTFV).

DATES: Applicable October 19, 2020.

FOR FURTHER INFORMATION CONTACT: Caitlin Monks, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2670.

SUPPLEMENTARY INFORMATION:

Background

On May 28, 2020, Commerce published the *Preliminary Determination* in this investigation.¹ A summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum.²

Period of Investigation

The period of investigation is October 1, 2018 through September 30, 2019.

Scope of the Investigation

The products covered by this investigation are forged steel fittings from India. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

On May 20, 2020, we issued a Preliminary Scope Decision Memorandum.³ Between June and July 2020, we received additional scope comments from several interested parties, including the petitioners. In response to these comments, we have made changes to the scope of the investigation for this final determination. For a full discussion and analysis of the scope comments timely received, see the Final Scope Decision Memorandum.⁴

¹ See *Forged Steel Fittings from India: Preliminary Affirmative Determination of Sales at Less-Than-Fair-Value, Postponement of Final Determination, and Extension of Provisional Measures*, 85 FR 32007 (May 28, 2020) (*Preliminary Determination*) and accompanying Preliminary Decision Memorandum.

² See Memorandum, “Issues and Decision Memorandum for the Final Determination in the Less-Than-Fair-Value Investigation of Forged Steel Fittings from India,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

³ See Memorandum, “Forged Steel Fittings from India and the Republic of Korea: Scope Comments Preliminary Decision Memorandum,” dated May 20, 2020 (Preliminary Scope Decision Memorandum).

⁴ See Memorandum, “Forged Steel Fittings from India and the Republic of Korea: Final Scope Decision Memorandum” (Final Scope Decision Memorandum), dated October 13, 2020.
