

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended as a competitive filing, but rather extends the effectiveness of temporary rules as part of the Exchange's business continuity plans, which are intended to allow the Exchange to continue to maintain fair and orderly markets while the Exchange's trading floor continues to be inoperable.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6) thereunder.¹⁵

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁶ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁷ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately. The Exchange believes extension of the temporary rules put in place due to the ongoing COVID-19 pandemic will permit the Exchange to minimize disruptions in the market during a transition back to an all-

electronic trading environment if the Exchange believes it is necessary and appropriate to help protect the safety and welfare of the trading community. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest as it will allow the temporary rules to continue with minimal interruption, thereby avoiding investor confusion that could result from an interruption in the effectiveness of the rules. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CBOE-2020-092 on the subject line.

Paper Comments

- Send paper comments in triplicate to: Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090. All submissions should refer to File Number SR-CBOE-2020-092. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the

submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CBOE-2020-092 and should be submitted on or before November 10, 2020.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁹

J. Matthew DeLesDernier,
Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90177; File No. SR-NASDAQ-2020-065]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Lower the Enterprise License Fee for Broker-Dealers Distributing Nasdaq Basic to Internal Professional Subscribers as Set Forth in the Equity 7 Pricing Schedule, Section 147, and the Enterprise License Fee for Broker-Dealers Distributing Nasdaq Last Sale to Professional Subscribers at Equity 7, Section 139

October 14, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 30, 2020, The Nasdaq Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the

proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to lower the enterprise license fee for broker-dealers distributing Nasdaq Basic to internal Professional Subscribers as set forth in the Equity 7 Pricing Schedule, Section 147, and the enterprise license fee for broker-dealers distributing Nasdaq Last Sale (“NLS”) to Professional Subscribers at Equity 7, Section 139.

The text of the proposed rule change is available on the Exchange’s website at <https://listingcenter.nasdaq.com/rulebook/nasdaq/rules>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq proposes to lower the enterprise license fee for broker-dealers distributing Nasdaq Basic to internal Professional Subscribers³ from a two-tiered fee of \$365,000, plus \$2 for any Professional Subscribers over 16,000, to a flat fee of \$155,000. The license would otherwise remain unchanged.

³ A “Professional Subscriber” is any Subscriber other than a Non-Professional Subscriber. A “Non-Professional Subscriber” is “a natural person who is not (i) registered or qualified in any capacity with the Commission, the Commodity Futures Trading Commission, any state securities agency, any securities exchange or association, or (ii) any commodities or futures contract market or association; engaged as an ‘investment adviser’ as that term is defined in Section 201(11) of the Investment Advisers Act of 1940 (whether or not registered or qualified under that Act); or (iii) employed by a bank or other organization exempt from registration under federal or state securities laws to perform functions that would require registration or qualification if such functions were performed for an organization not so exempt.” See Equity 7 Pricing Schedule, Section 147(d)(4).

The enterprise license fee for broker-dealers distributing NLS to internal Professional Subscribers would be changed in a similar fashion: the two-tiered fee of \$365,000, plus \$2 for any Professional Subscribers over 16,000, would be replaced with a flat fee of \$155,000. Both fee reductions are designed to help Nasdaq compete against other exchanges selling top-of-book⁴ market data products.

Nasdaq Basic and Nasdaq Last Sale

Nasdaq Basic is a real-time market data product that offers best bid and offer and last sale information for all U.S. exchange-listed securities based on liquidity within the Nasdaq market center and trades reported to the FINRA/Nasdaq Trade Reporting Facility (“TRF”). It is a subset of the “core” quotation and last sale data provided by securities information processors (“SIPs”) distributing consolidated data pursuant to the CTA/CQ Plan and the UTP Plan. Nasdaq Basic is separated into three components, which may be purchased individually or in combination: (i) Nasdaq Basic for Nasdaq, which contains the best bid and offer on the Nasdaq market center and last sale transaction reports for Nasdaq and the FINRA/Nasdaq TRF for Nasdaq-listed stocks; (ii) Nasdaq Basic for NYSE, which covers NYSE-listed stocks, and (iii) Nasdaq Basic for NYSE American, which provides data on stocks listed on NYSE American and other listing venues that disseminate quotes and trade reports on Tape B. The specific data elements available through Nasdaq Basic are: (i) Nasdaq Basic Quotes (“QBBO”), the best bid and offer and associated size available in the Nasdaq Market Center, as well as last sale transaction reports; (ii) Nasdaq opening and closing prices, as well as IPO and trading halt cross prices; and (iii) general exchange information, including systems status reports, trading halt information, and a stock directory.

NLS provides real-time last sale information for executions occurring within the Nasdaq market center and trades reported to the jointly-operated FINRA/Nasdaq TRF.⁵ The NLS data

⁴ “Top-of-book” market data products provide last sale information, or both last sale and best bid and offer information to the user, without additional “depth of book” data. Both Nasdaq Last Sale and Nasdaq Basic are examples of top-of-book products.

⁵ See Securities Exchange Act Release No. 57965 (June 16, 2008), 73 FR 35178 (June 20, 2008) (SR-NASDAQ-2006-060) (proposing NLS); see also Securities Exchange Act Release No. 57965 (June 16, 2008), 73 FR 35178 (June 20, 2008) (SR-NASDAQ-2006-060) (approving SR-NASDAQ-2006-060, as amended by Amendment Nos. 1 and 2, to implement NLS on a pilot basis).
