

collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Annual Progress Reporting Form for the American Indian Vocational Rehabilitation Services Program.

OMB Control Number: 1820-0655.

Type of Review: A revision to a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 86.

Total Estimated Number of Annual Burden Hours: 817.

Abstract: The Rehabilitation Services Administration (RSA) of the U.S. Department of Education's (ED) Office of Special Education and Rehabilitative Services (OSERS) will use this data collection form to capture the performance data from grantees funded under the American Indian Vocational Rehabilitation Services (AIVRS) program (CFDA #84.250). RSA and ED will use the information gathered annually to: (a) Comply with reporting requirements under the Education Department General Administrative Regulations (EDGAR) 34 CFR part 75.118, (b) measure performance on the program in accordance with the program indicators identified in the Government Performance Result Act (GPRA), and (c) provide information annually to Congress on activities conducted under this program.

The proposed changes to the existing form will improve user friendliness, clarity of data element questions, and accuracy of data reported. These revisions are not significantly different from the original collection, but are proposed to provide clarity, consistency, and usability. In order to

improve the user friendliness of the form, some sections were reorganized to enhance the natural flow of data collection. Data element questions were revised to improve clarity of the requests, which will result in accuracy of data being reported.

On additional data element was inserted in order to ensure grantees remain compliant with regulatory requirements, but the additional data element is offset by the elimination and consolidation of other sections in this ICR.

Additionally, ED had revised how it will collect survey data regarding the Training and Technical Needs of AIVRS projects and the entire section of the report is deleted to further reduce burden. The Training and Technical Needs assessment survey not be conducted independent of the ICR.

DEPARTMENT OF ENERGY

[FE Docket No. 13-132-LNG]

Magnolia LNG, LLC; Application To Amend Export Term Through December 31, 2050, for Existing Non-Free Trade Agreement Authorization

AGENCY: Office of Fossil Energy, Department of Energy.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice (Notice) of receipt of an application (Application), filed on October 2, 2020, by Magnolia LNG, LLC (Magnolia LNG). Magnolia LNG seeks to amend the export term set forth in its current authorization to export liquefied natural gas (LNG) to non-free trade agreement countries, DOE/FE Order No. 3909, to a term ending on December 31, 2050. Magnolia LNG filed the Application under the Natural Gas Act (NGA) and DOE's policy statement entitled, "Extending Natural Gas Export Authorizations to Non-Free Trade Agreement Countries Through the Year 2050" (Policy Statement). Protests, motions to intervene, notices of intervention, and written comments on the requested term extension are invited.

DATES: Protests, motions to intervene or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, November 6, 2020.

SUPPLEMENTARY INFORMATION: On November 30, 2016, in Order No. 3909, DOE/FE authorized Magnolia LNG to export domestically produced LNG to non-FTA countries in a volume equivalent to 394.2 billion cubic feet per year (Bcf/yr) of natural gas (1.08 Bcf per day (Bcf/d)), pursuant to NGA section 3(a), 15 U.S.C. 717b(a).¹ Magnolia LNG is authorized to export this LNG by vessel from the proposed Magnolia LNG Project to be located near Lake Charles, in Calcasieu Parish, Louisiana, to any country with which the United States has not entered into a free trade agreement (FTA) requiring national

treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries) for a 20-year term.

Subsequently, on December 31, 2018, Magnolia LNG submitted an application to DOE/FE requesting (in relevant part) an amendment to Order No. 3909—specifically, to increase the approved non-FTA export volume from 394.2 Bcf/yr to 449 Bcf/yr (1.23 Bcf/d) of natural gas (2018 Amendment Application).² The 2018 Amendment Application remains pending in the above-captioned docket.

In this Application filed on October 2, 2020,³ Magnolia LNG asks DOE to extend its current 20-year export term in DOE/FE Order No. 3909 to a term ending on December 31, 2050, as provided in the Policy Statement.⁴ DOE notes that this Application to amend DOE/FE Order No. 3909 requests only an extension of Magnolia LNG's existing export term.⁵

Additional details can be found in the Application, posted on the DOE/FE website at: <https://www.energy.gov/sites/prod/files/2020/10/f79/Magnolia%20LNG%20-%20DOE%20Non-FTA%20Export%20Extension%20to%202050.pdf>.

DOE/FE Evaluation

In the Policy Statement, DOE adopted a term through December 31, 2050 (inclusive of any make-up period), as the standard export term for long-term non-FTA authorizations.⁶ As the basis for its decision, DOE considered its obligations under NGA section 3(a), the public comments supporting and

opposing the proposed Policy Statement, and a wide range of information bearing on the public interest.⁷ DOE explained that, upon receipt of an application under the Policy Statement, it would conduct a public interest analysis of the application under NGA section 3(a). DOE further stated that “the public interest analysis will be limited to the application for the term extension—meaning an intervenor or protestor may challenge the requested extension but not the existing non-FTA order.”⁸

Accordingly, in reviewing Magnolia LNG's Application, DOE/FE will consider any issues required by law or policy under NGA section 3(a), as informed by the Policy Statement. To the extent appropriate, DOE will consider the study entitled, *Macroeconomic Outcomes of Market Determined Levels of U.S. LNG Exports (2018 LNG Export Study)*,⁹ DOE's response to public comments received on that Study,¹⁰ and the following environmental documents:

- *Addendum to Environmental Review Documents Concerning Exports of Natural Gas From the United States*, 79 FR 48132 (Aug. 15, 2014);¹¹
- *Life Cycle Greenhouse Gas Perspective on Exporting Liquefied Natural Gas From the United States*, 79 FR 32260 (June 4, 2014);¹² and
- *Life Cycle Greenhouse Gas Perspective on Exporting Liquefied Natural Gas From the United States: 2019 Update*, 84 FR 49278 (Sept. 19, 2019), and DOE/FE's response to public comments received on that study.¹³

Parties that may oppose the Application should address these issues and documents in their comments and/or

protests, as well as other issues deemed relevant to the Application. The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its environmental responsibilities.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable, addressing the Application. Interested parties will be provided 15 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, or notices of intervention. The public previously was given an opportunity to intervene in, protest, and comment on Magnolia LNG's long-term non-FTA application and the 2018 Amendment Application. Therefore, DOE will not consider comments or protests that do not bear directly on the requested term extension.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR part 590.

Filings may be submitted using one of the following methods: (1) E-mailing the filing to fergas@hq.doe.gov, with FE Docket No. 13–132–LNG in the title line; (2) mailing an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**; or (3) hand delivering an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**. All filings must include a reference to FE Docket No. 13–132–LNG. **PLEASE NOTE:** If submitting a filing via email, please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. DEPARTMENT OF ENERGY

[FE Docket No. 20-102-LNG]

BP Energy Company; Application for Blanket Authorization To Export Previously Imported Liquefied Natural Gas to Non-Free Trade Agreement Countries on a Short-Term Basis

AGENCY: Office of Fossil Energy, Department of Energy.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice (Notice) of receipt of an application (Application), filed on August 20, 2020, by BP Energy Company (BPEC). BPEC requests blanket authorization to export liquefied natural gas (LNG) previously imported into the United States by vessel from foreign sources in a volume equivalent to approximately 30 billion cubic feet (Bcf) of natural gas on a cumulative basis over a two-year period

commencing on November 19, 2020. BPEC seeks to export this LNG from the Cove Point LNG Terminal, owned by Dominion Energy Cove Point LNG, LP, in Calvert County, Maryland. BPEC filed the Application under the Natural Gas Act (NGA). Protests, motions to intervene, notices of intervention, and written comments are invited.

DATES: Protests, motions to intervene or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, November 23, 2020.

Beverly Howard or Amy Sweeney, U.S. Department of Energy (FE-34), Office of Regulation, Analysis, and Engagement, Office of Fossil Energy, Forrestal Building, Room 3E-042, 1000 Independence Avenue SW, Washington, DC 20585, (202) 586-9387 or (202) 586-2627; beverly.howard@hq.doe.gov or amy.sweeney@hq.doe.gov.

Cassandra Bernstein or Kari Twaite, U.S. Department of Energy (GC-76), Office of the Assistant General Counsel for Electricity and Fossil Energy, Forrestal Building, 1000 Independence Avenue SW, Washington, DC 20585, (202) 586-9793 or (202) 586-6978; cassandra.bernstein@hq.doe.gov or kari.twaite@hq.doe.gov.

SUPPLEMENTARY INFORMATION: BPEC requests a short-term blanket authorization to export LNG from the Cove Point Terminal to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by U.S. law or policy. This includes both countries with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas (FTA countries) and all other countries (non-FTA countries). This Notice applies only to the portion

of the Application requesting authority to export LNG to non-FTA countries pursuant to NGA section 3(a), 15 U.S.C. 717b(a). BPEC states that its existing blanket re-export authorization, set forth in DOE/FE Order No. 4302, is scheduled to expire on November 18, 2020. BPEC further states that it does not seek authorization to export any domestically produced natural gas or LNG.

BPEC requests this authorization on its own behalf and as agent for other parties who hold title to the LNG at the time of export. Additional details can be found in BPEC's Application, posted on the DOE/FE website at: <https://www.energy.gov/sites/prod/files/2020/09/78/20-102-LNG.pdf>.

DOE/FE Evaluation

In reviewing BPEC's Application, DOE will consider any issues required by law or policy. DOE will consider domestic need for the gas, as well as any other issues determined to be appropriate, including whether the arrangement is consistent with DOE's policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. Parties that may oppose this application should comment in their responses on these issues.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its NEPA responsibilities.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable. Interested parties will be provided 30 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, or notices of intervention.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR part 590.
