We invite interested parties to comment on these preliminary results.

SUPPLEMENTARY INFORMATION:

Background

On June 11, 2018, Commerce published the antidumping duty order on CDMT from Italy.1 On July 29, 2019, in accordance with 19 CFR 351.221(c)(II), Commerce initiated an administrative review of the antidumping duty order on cold-drawn mechanical tubing from Italy in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).2 On November 4, 2019, Commerce partially rescinded its review of six companies.3 As a result, this review covers one producer/exporter of subject merchandise, Dalmine S.p.A. (Dalmine).4 For details regarding the events that occurred subsequent to the initiation of the review, see the Preliminary Decision Memorandum.5 Pursuant to section 751(a)(3)(A) of the Act, Commerce determined that it was not practicable to complete the

preliminary results of this review within 245 days and extended the preliminary results by 117 days, until June 26, 2020.6 On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days.7 On July 21, 2020, Commerce tolled deadlines for all preliminary and final results in administrative reviews by an additional 60 days.8 The deadline for the preliminary results of this review is now October 14, 2020.

**Scope of the Order**

The products covered by this order are certain cold-drawn mechanical tubing of carbon and alloy steel products from Italy. For a full description of the scope, see the Preliminary Decision Memorandum.

**Methodology**

Commerce is conducting this review in accordance with section 751(a) of the Act. For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum is available at http://enforcement.trade.gov/frm/. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

**Preliminary Results of the Review**

We preliminarily determine that the following weighted-average dumping margin exists for the period November 22, 2017 through May 31, 2019:

<table>
<thead>
<tr>
<th>Exporter/producer</th>
<th>Weighted-average dumping margin (percent)</th>
</tr>
</thead>
<tbody>

</tr>
</tbody>
</table>

**Assessment Rates**

Upon completion of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. If Dalmine’s weighted-average dumping margin is not zero or de minimis (i.e., less than 0.5 percent) in the final results of this review, we will calculate importer-specific ad valorem antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is not zero or de minimis. If Dalmine’s weighted-average dumping margin is zero or de minimis, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.9

For entries of subject merchandise during the POR produced by Dalmine for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.10

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

**Cash Deposit Requirements**

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Dalmine in the final results of review will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which they were reviewed; (3) if the exporter is not a firm covered in this review or the original investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 47.87 percent,11 the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

**Disclosure and Public Comment**

We intend to disclose the calculations performed to parties within five days after public announcement of the preliminary results.12 Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than seven days after the date for filing case briefs.13 Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities.14 Executive summaries should be limited to five pages total, including footnotes. Case and rebuttal briefs should be filed using ACCESS 15 and must be served on interested parties.16 Note that Commerce has temporarily modified certain of its requirements for serving documents containing business

Notification to Importers
This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties
This administrative review and notice are issued and published in accordance with sections 751(a)(3) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Steel Concrete Reinforcing Bars From Belarus and Carbon and Alloy Steel Wire Rod From Belarus: Final Results of Antidumping Duty Changed Circumstances Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On February 6, 2020, the Department of Commerce (Commerce) published the initiation of the changed circumstances reviews (CCRs) of steel concrete reinforcing bars from Belarus and carbon and alloy steel wire rod from Belarus. For these final results, Commerce concludes that Belarus continues to be a non-market economy (NME) country for purposes of the antidumping duty (AD) law, because its economy does not primarily operate on market principles.

SUPPLEMENTARY INFORMATION:

Background

On December 16, 2019, the Government of Belarus (GOB) requested that Commerce review Belarus’ status as an NME country within the context of CCRs of the AD orders on steel concrete reinforcing bars and carbon and alloy steel wire rod.1 On February 6, 2020, Commerce published in the Federal Register the notice of initiation of these CCRs.2

On March 9, 2020, Commerce received comments and information from Liberty Steel USA, Optimus Steel LLC, and Charter Steel (collectively, Domestic Wire Rod Producers);3 Nucor Corporation (Nucor) and Commercial Metals Company (CMC), domestic producers of carbon and alloy steel wire rod; the Rebar Trade Action Coalition and its individual members, Nucor, Gerdau Ameristeel US Inc., CMC, Steel Dynamics, Inc., and Byer Steel Group, Inc., domestic producers of steel concrete reinforcing bar (collectively, Domestic Steel Producers);4 and the GOB.5 On March 13, 2020, Commerce received comments and information from the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union (USW).6

On April 6, 2020, Commerce received rebuttal briefs from Domestic Wire Rod Producers,7 Domestic Steel Producers,8 and the GOB.9

Public Hearing

On September 30, 2020, Commerce held a public hearing via videoconference.10

Analysis of Comments Received

Commerce’s analysis of the issues raised by parties to this review is

2. See Steel Concrete Reinforcing Bars from Belarus and Carbon and Alloy Steel Wire Rod from Belarus: Initiation of Antidumping Duty Changed

6. See USW’s Letter, “Steel Concrete Reinforcing Bars From Belarus and Carbon and Alloy Steel Wire Rod From Belarus: Refiling of Comments,” dated March 13, 2020 (USW’s Brief). The USW’s brief was timely filed on March 6, 2020. However, the USW omitted certain certifications, and Commerce requested that the USW refile its submission with the proper certifications by March 13, 2020. Therefore, we consider this brief to be timely filed.
