NextEra Energy Duane Arnold, LLC; Duane Arnold Energy Center; Post- Shutdown Decommissioning Activities Report

AGENCY: Nuclear Regulatory Commission.

ACTION: Reopening of comment period.

SUMMARY: On June 19, 2020, the U.S. Nuclear Regulatory Commission (NRC) solicited comments on the post-shutdown decommissioning activities report (PSDAR) for the Duane Arnold Energy Center (DAEC). The PSDAR, which includes the site-specific decommissioning cost estimate (DCE), provides an overview of NextEra Energy Duane Arnold, LLC's (NEDA or the licensee) planned decommissioning activities, schedule, projected costs, and environmental impacts for DAEC. The public comment period closed on October 19, 2020. The NRC has decided to reopen the public comment period to allow more time for members of the public to develop and submit their comments. The NRC will hold a public meeting to discuss the PSDAR's content and receive comments once restrictions associated with the Coronavirus Disease 2019 public health emergency are lifted.

DATES: The comment period for the document published on June 19, 2020 (85 FR 37116) has been reopened. Comments should be filed no later than February 19, 2021. Comments received after this date will be considered, if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may submit comments by any of the following methods (unless this document describes a different method for submitting comments on a specific subject); however, the NRC

encourages electronic comment submission through the Federal Rulemaking website:
