Agenda

The Scientific and Statistical Committee will meet to review recent stock assessment information from the 2020 management track assessments for northern and southern stocks of red hake and silver hake including offshore hake and information provided by the Council's Whiting Plan Development Team. Based on this information, it will recommend the overfishing limit (OFL) and acceptable biological. Other business will be discussed as necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
