Idaho Aviation Foundation; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for a subsequent license for the Big Creek Hydroelectric Project (project) and has prepared an Environmental Assessment (EA). The project is located on McCorkle Creek

near the town of Yellow Pine in Valley County, Idaho, and occupies federal lands administered by the Forest Service.

In the EA, Commission staff analyzes the potential environmental effects of the project and concludes that issuing a subsequent license for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.
