

2020–SCC–0167. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the PRA Coordinator of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W208D, Washington, DC 20202–8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, 202–377–4018.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Personal Authentication Service (PAS) for FSA ID.

OMB Control Number: 1845–0131.

Type of Review: Extension without change of a currently approved collection.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 6,671,000.

Total Estimated Number of Annual Burden Hours: 1,667,750.

Abstract: Federal Student Aid (FSA) requests extension of the Person Authentication Service (PAS) which creates an FSA ID, a standard user name and password solution. In order to create an FSA ID to gain access to certain FSA systems (FAFSA on the Web, NSLDS, StudentLoans.gov, etc.) a user must register on-line for an FSA ID account. The FSA ID allows the customer to have a single identity, even if there is a name change or change to other personally identifiable information. The information collected to create the FSA ID enables electronic authentication and authorization of users for FSA web-based applications and information and protects users from unauthorized access to user accounts on all protected FSA sites.

Dated: October 27, 2020.

Kate Mullan,

PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

[OE Docket No. EA–486]

Application to Export Electric Energy; Clear Power LLC

AGENCY: Office of Electricity, Department of Energy.

ACTION: Notice of application.

SUMMARY: Clear Power LLC (Applicant or Clear Power) has applied for authorization to transmit electric energy from the United States to Mexico pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before November 30, 2020.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to (202) 586–8008.

SUPPLEMENTARY INFORMATION: The Department of Energy (DOE) regulates exports of electricity from the United States to a foreign country, pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b) and 42 U.S.C. 7172(f)). Such exports require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On September 2, 2020, Clear Power filed an application with DOE (Application or App.) to transmit electric energy from the United States to Mexico for a term of five years. Clear Power states that it “is a California limited liability corporation with its principal place of business [in] Folsom, CA.” App. at 1. Clear Power represents that it “is a wholly-owned subsidiary of the Alaywan Trust which owns or is affiliated with entities that own or control a combined 11.0 MW (nameplate) of operating renewable generation facilities, all located in the [California Independent System Operator] market.” *Id.* Clear Power adds, however, that it “does not own or control any electric power generation, transmission or distribution facilities.” *Id.* at 2.

Clear Power further states that it “will purchase the power it plans to export voluntarily through the electric energy markets in the United States . . . and/or from electric utilities, wholesale generators, power marketers, and other parties, and thus such power will be surplus to the needs of the selling parties or organization[s].” App. at 3. Clear Power contends that its exports “will not impair or tend to impede the sufficiency of electric power supplies in the United States or the regional coordination of electric utility planning or operation.” *Id.*

Clear Power states that it will conduct its operations “in compliance with any authorization conditions imposed by the Department consistent with its prior orders authorizing power marketers’; blank authority to export power.” App. at 4. Clear Power also represents that its exports “will not exceed the export limits for the transmission facilities [it uses], or otherwise cause a violation of the terms and conditions established in the export authorization.” *Id.* at 5.

The existing international transmission facilities to be utilized by the Applicant have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding

should file a comment or protest to the Application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission's (FERC) Rules of Practice and Procedure (18 CFR 385.211). Any person desiring to become a party to this proceeding should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214).

Comments and other filings concerning Clear Power's application to export electric energy to Mexico should be clearly marked with OE Docket No. EA-486. Additional copies are to be provided directly to Ziad Alaywan, 604 Sutter Street, Suite 250, Folsom, California 95630, ziad@zglobal.biz; Andrew B. Brown, 2600 Capital Avenue, Suite 400, Sacramento, California 95816, abb@eslawfirm.com; and Ronald Liebert, 2600 Capital Avenue, Suite 400, Sacramento, California 95816, rl@eslawfirm.com.

A final decision will be made on the Application after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after DOE determines that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.

Copies of the Application will be made available, upon request, by accessing the program website at <http://energy.gov/node/11845>, or by emailing Matthew Aronoff at matthew.aronoff@hq.doe.gov.

Signed in Washington, DC, on October 27, 2020.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[OE Docket No. EA-410-B]

Application To Export Electric Energy; CWP Energy, Inc.

AGENCY: Office of Electricity,
Department of Energy.

ACTION: Notice of application.

SUMMARY: CWP Energy, Inc. (Applicant or CWP Energy) has applied for authorization to transmit electric energy from the United States to Canada pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before November 30, 2020.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to (202) 586-8008.

SUPPLEMENTARY INFORMATION: The Department of Energy (DOE) regulates exports of electricity from the United States to a foreign country, pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b) and 42 U.S.C. 7172(f)). Such exports require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On October 13, 2020, CWP Energy filed an application with DOE (Application or App.) to transmit electric energy from the United States to Canada for a term of five years. CWP Energy represents that it is a subsidiary of McGill-St. Laurent, a Canada Corporation with its principal place of business in Montréal, Québec, Canada. The Applicant adds that "McGill-St. Laurent and its division CWP Energy, Inc., is owned by two individuals, Mr. Phillipe Boisclair, as a majority owner and Mr. Christian L'Abbe as a minority owner." App. at 2. CWP Energy adds that "Mr. Boisclair and Mr. L'Abbe do not have any ownership interest or involvement in any other company that is a traditional utility or that owns, operates, or controls any electric generation, transmission or distribution facilities, nor do they have any direct involvement with the energy industry other than through the ownership of CWP Energy." *Id.*

CWP Energy further states that it "will purchase power to be exported from a variety of sources such as power marketers, independent power producers, or U.S. electric utilities and federal power marketing entities as those terms are defined in Sections 3(22) and 3(19) of the FPA." App. at 3. CWP Energy contends that any power it purchases for export would be "surplus to the system of the generator and, therefore, the electric power that [it] will export on either a firm or interruptible basis will not impair the sufficiency of the electric power supply within the U.S." *Id.* at 3-4.

CWP Energy states that it will "abide by the general conditions consistent with DOE's previous grants of authorization to power marketers as set forth in its previous orders." App. at 4. It also represents that its exports "will not exceed the export limits for the facilities, or otherwise cause a violation of the terms and conditions set forth in

the export authorizations for each." *Id.* at 5.

The existing international transmission facilities to be utilized by the Applicant have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the Application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission's (FERC) Rules of Practice and Procedure (18 CFR 385.211). Any person desiring to become a party to this proceeding should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214).

Comments and other filings concerning CWP Energy's application to export electric energy to Canada should be clearly marked with OE Docket No. EA-410-B. Additional copies are to be provided directly to Ruta Kalvaitis Skucas, 1875 K St. NW, Suite 700, Washington, DC 20006, rskucas@pierceatwood.com; Pascal Massey, 407 McGill Street, Suite 315, Montreal, PQ, H2Y 2G3, Pascal@canadianwood.ca.

A final decision will be made on the Application after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after DOE determines that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.

Copies of the Application will be made available, upon request, by accessing the program website at <http://energy.gov/node/11845>, or by emailing Matthew Aronoff at matthew.aronoff@hq.doe.gov.
