This information collection request (ICR) seeks to renew the recordkeeping and reporting requirements for construction contractors. OFCCP seeks to renew its existing Construction Contract Award Notification Form (Form CC–314), and introduce a new batch upload feature that would enable the submission of multiple notifications at once. Additionally, the instruments associated with Collection 1250–0011 (Construction Compliance Check Letters) have been moved to this collection to centralize the recordkeeping and reporting burden of the two ICRs.

II. Review Focus: OFCCP is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the compliance assistance functions of the agency that support the agency’s compliance mission, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: OFCCP seeks approval of this information collection in order to carry out and enhance its responsibilities to enforce the nondiscrimination and affirmative action provisions of the three legal authorities it administers.
