Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2020–0896; Airspace Docket No. 20–ANM–17]

RIN 2120–AA66

Proposed Modification of Class D Airspace; McChord Field (Joint Base Lewis-McChord), WA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to modify the Class D airspace at McChord Field (Joint Base Lewis-McChord), Tacoma, WA. After a review of the airspace, the FAA found it necessary to amend the existing airspace for the safety and management of Instrument Flight Rules (IFR) operations at this airport. This proposal would also remove a reference to the McChord VORTAC from the legal description, update the airport name and city, and amend the geographical coordinates for the airport to match the FAA’s database.

DATES: Comments must be received on or before December 17, 2020.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify the Class D airspace to support IFR operations at McChord Field (Joint Base Lewis-McChord), Tacoma, WA.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Persons wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to Docket No. FAA–2020–0896; Airspace Docket No. 20–ANM–17.” The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at https://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA’s web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the ADDRESSES section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by modifying the lateral dimensions of the Class D airspace. The FAA initiated a review of the assigned airspace and drafted the subsequent proposal for modification due to three actions. The FAA decommissioned the McChord VORTAC because the U.S. Air Force was no longer going to maintain the NAVAID. As a result of the decommissioning, the FAA was required to redefine airspace that use the VORTAC as a reference and remove the references from the associated airspace descriptions. The U.S. Air Force requested elimination of previously excluded airspace. In response, the FAA completed an airspace review to evaluate that request and the Class D airspace had not been examined in the previous two years as required by FAA Orders.

The exclusion of Class D airspace that is southeast of the airport would be eliminated to facilitate transition of aircraft through the area. A portion of the airspace overlooking Lakewood, WA would also be eliminated, as it is no longer needed.

In addition, the Legal Descriptions Heading would be corrected to identify
the proper city and state, the name of the airport and the geographical coordinates for McChord Field (Joint Base Lewis-McChord) to match the FAA’s National Airspace System Resource (NASR) database.

Class D and Class E airspace designations are published in paragraph 5000 of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses
The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review
This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71
Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment
Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

§ 71.1 [Amended]
2. The incorporation by reference in 14 CFR part 71.1 of FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020, is amended as follows:

Paragraph 5000 Class D Airspace.

 ANM WA D Tacoma, WA [AMEND]

McChord Field (Joint Base Lewis-McChord), WA

(Lat. 47°08′17″ N, long. 122°28′35″ W)

That airspace extending upward from the surface to and including 2,800 feet MSL within a 5.4-mile radius of the McChord Field (Joint Base Lewis-McChord), beginning at the point the 315° bearing intersects the 5.4 mile radius clockwise to the point where the 162° bearing intersects the 5.4 mile radius thence south to lat. 47°02′10″ N, long. 122°26′13″ W, thence west to lat. 47°02′19″ N, long. 122°31′28″ W, thence north to lat. 47°04′17″ N, long. 122°31′26″ W, thence northwest to lat. 47°08′47″ N, long. 122°35′09″ W, thence east to lat. 47°08′35″ N, long. 122°03′03″ W, thence north to the point of beginning.

Byron Chew,
Acting Group Manager, Operations Support Group, Western Service Center.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

21 CFR Parts 1300 and 1301
[Docket No. DEA–437]

RIN 1117–AB47

Suspicious Orders of Controlled Substances

AGENCY: Drug Enforcement Administration, Department of Justice.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Drug Enforcement Administration (DEA) is proposing to revise its regulations relating to suspicious orders of controlled substances, in order to implement the Preventing Drug Diversion Act of 2018 (PDDA) and to clarify the procedures a registrant must follow for orders received under suspicious circumstances (ORUSCs). Upon receipt of an ORUSC, registrants authorized to distribute controlled substances would have a choice of proceeding under one of two options (the “two option framework”). In addition, these registrants would be required to submit all suspicious order reports to a DEA centralized database, and keep records pertaining to suspicious orders and ORUSCs.

DATES: Electronic comments must be submitted, and written comments must be postmarked, on or before January 4, 2021.

ADDRESSES: To ensure proper handling of comments, please reference “RIN 1117–AB47/Docket No. DEA–437” on all correspondence, including any attachments.

Electronic comments: The DEA encourages that all comments be submitted electronically through the Federal eRulemaking Portal, which provides the ability to type short comments directly into the comment field on the web page or attach a file for lengthier comments. Please go to http://www.regulations.gov and follow the online instructions at that site for submitting comments. Upon submission of your comment, you will receive a Comment Tracking Number. Please be aware that submitted comments are not instantaneously available for public view on http://www.regulations.gov. If you have received a Comment Tracking Number, your comment has been successfully submitted and there is no need to resubmit the same comment. Commenters should be aware that the electronic Federal Docket Management System will not accept comments after 11:59 p.m. Eastern Time on the last day of the comment period.

Paper comments: Paper comments that duplicate the electronic submission are not necessary and are discouraged. Should you wish to mail a paper comment in lieu of an electronic comment, it should be sent via regular or express mail to: Drug Enforcement Administration, Attn: DEA Federal Register Representative/DPW, 8701 Morrisey Drive, Springfield, VA 22152.

Paperwork Reduction Act (PRA) Comments: All comments concerning collections of information under the PRA must be submitted to the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for Department of Justice (DOJ), Washington, DC 20503. Please state that
