SUPPLEMENTARY INFORMATION:

Agenda

Monday, November 16, 2020—
Amendment 80 EDR

Tuesday, November 17, 2020—*Bering Sea Aleutian Islands Crab Rationalization EDR*

Monday, November 23, 2020—
Amendment 91 Chinook Salmon EDR

Tuesday, November 24, 2020—*Gulf of Alaska Trawl EDR*

A series of EDR-specific stakeholder meetings will cover questions related to the relative burden of the data collections and concepts for improving their usability. The agenda for each meeting will introduce questions and provide opportunities for comment on proposed smaller and larger revisions specific to each EDR. The agenda is subject to change, and the latest version will be posted at <https://meetings.npfmc.org/Meeting/Details/1765> prior to the meeting, along with meeting materials.

Connection Information

You can attend the meeting online using a computer, tablet, or smart phone; or by phone only. Connection information will be posted online at: <https://meetings.npfmc.org/Meeting/Details/1765>.

Public Comment

Public comment letters will be accepted and should be submitted electronically to <https://meetings.npfmc.org/Meeting/Details/1765>.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 28, 2020.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Draft Revised Management Plan for the Lake Superior National Estuarine Research Reserve

AGENCY: Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration, Department of Commerce.

ACTION: Request for comments on draft revised management plan.

SUMMARY: The National Oceanic and Atmospheric Administration (NOAA) is soliciting comments from the public regarding a proposed revision of the management plan for the Lake Superior National Estuarine Research Reserve. A management plan: Provides a framework for the direction and timing of a reserve's programs; allows reserve managers to assess a reserve's success in meeting its goals and to identify any necessary changes in direction; and is used to guide programmatic evaluations of the reserve. Plan revisions are required of each reserve in the National Estuarine Research Reserve System at least every five years. This revised plan is intended to replace the plan approved in 2010.

DATES: Comments must be received at the appropriate address (see **ADDRESSES**) on or before December 2, 2020.

ADDRESSES: The draft revised management plan can be downloaded or viewed at: <https://lakesuperiorreserve.org/management-plan/>. The document is also available by sending a written request to the point of contact identified below (see **FOR FURTHER INFORMATION**).

You may submit comments by any of the following methods:

Electronic Submission: Submit all electronic public comments by email to Elizabeth.Mountz@noaa.gov.

Mail: Submit written comments to Elizabeth Mountz, Office for Coastal Management, 1305 East-West Highway, N/ORM, 10th Floor, Silver Spring, MD 20910. Comments submitted by any other method or after the comment period may not be considered. All comments are part of the public record and may be publicly accessible. Any personal identifying information (e.g., name, address) submitted voluntarily by the sender may also be accessible. NOAA will accept anonymous comments.

FOR FURTHER INFORMATION CONTACT:

Elizabeth Mountz of NOAA's Office for Coastal Management, by email at

Elizabeth.Mountz@noaa.gov, phone at 240-533-0819, or mail at: 1305 East-West Highway, N/ORM, 10th Floor, Silver Spring, MD 20910.

SUPPLEMENTARY INFORMATION: Pursuant to 15 CFR 921.33(c), a state must revise the management plan for the research reserve at least every five years. If approved by NOAA, the Lake Superior National Estuarine Research Reserve's revised plan will replace the plan previously approved in 2010.

The draft revised management plan outlines the reserve's: Strategic goals and objectives; administrative structure; programs for conducting research and monitoring, education, and training; resource protection, restoration, and manipulation plans; public access and visitor use plans; consideration for future land acquisition; and facility development to support reserve operations. In particular, this draft revised management plan focuses on changes to facilities through acquiring permanent housing for visiting students and researchers; growing the sectors by structurally supporting additional staff; advancing geographic information systems (GIS) and data management priorities; and developing a formal advisory board and strategic relationships with the private sector in the region.

Since 2010, the reserve has acquired permanent facilities for the reserve's operations; hired core sector leads and support staff; opened a public interpretive center and classroom; and expanded formal partnerships in research and education across the region. The revised management plan, once approved, would serve as the guiding document for the 16,697-acre research reserve for the next five years.

NOAA's Office for Coastal Management analyzes the environmental impacts of the proposed approval of this draft revised management plan in accordance with section 102(2)(C) of the National Environmental Policy Act of 1969, as amended, 42 U.S.C. 4332(2)(C), and the Council on Environmental Quality Regulations for Implementing the Procedural Provisions of NEPA (40 CFR 1500-1508). The public is invited to comment on the draft revised management plan. NOAA will take these comments into consideration in deciding whether to approve the draft revised management plan in whole or in part.

Authority: 16 U.S.C. 1451 *et seq.*; 15 CFR 921.33.

Keelin S. Kuipers,

Deputy Director, Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration.

DEPARTMENT OF COMMERCE

National Technical Information Service

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Extension of Currently Approved Information Collection; Comment Request; Limited Access Death Master File Systems Safeguards Attestation Forms

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on June 29, 2020 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Technical Information Service (NTIS), Commerce.

Title: NTIS Limited Access Death Master Files (LADMF) Systems Safeguards Attestation Forms.

- (A) Limited Access Death Master File (LADMF) Accredited Conformity Assessment Body Systems Safeguards Attestation Form" (ACAB Systems Safeguards Attestation Form)
- (B) Limited Access Death Master File (LADMF) State or Local Government Auditor General (AG) or Inspector General (IG) Systems Safeguards Attestation Form" (AG or IG Systems Safeguards Attestation Form)
- OMB Control Number:** 0692-0016.
Form Number(s): NTIS FM100A and NTIS FM100B.

Type of Request: Extension of a currently approved information collection.

Number of Respondents: NTIS expects to receive approximately 280 applications and renewals for certification every three (3) years for

access to the Limited Access Death Master File.

Average Hours per Response: 3 hours.
Burden Hours: 840.

Needs and Uses: NTIS issued a final rule (15 CFR part 1110) establishing a program through which persons may become eligible to obtain access to Death Master File (DMF) information about an individual within three years of that individual's death. The final rule was promulgated under Section 203 of the Bipartisan Budget Act of 2013, Public Law 113-67 (Act). The Act prohibits the Secretary of Commerce (Secretary) from disclosing DMF information during the three-year period following an individual's death (Limited Access DMF), unless the person requesting the information has been certified to access the Limited Access DMF pursuant to certain criteria in a program that the Secretary establishes. The Secretary delegated the authority to carry out Section 203 to the Director of NTIS.

To accommodate the requirements of the final rule, NTIS is using both the ACAB Systems Safeguards Attestation Form and the AG or IG Systems Safeguards Attestation Form. The ACAB Systems Safeguards Attestation Form requires an "Accredited Conformity Assessment Body" (ACAB), as defined in the final rule, to attest that a Person seeking certification or a Certified Person seeking renewal of certification has information security systems, facilities and procedures in place to protect the security of the Limited Access DMF, as required under Section 1110.102(a)(2) of the final rule. The ACAB Systems Safeguards Attestation Form collects information based on an assessment by the ACAB conducted within three years prior to the date of the Person or Certified Person's submission of a completed certification statement under Section 1110.101(a) of the final rule. This collection includes specific requirements of the final rule, which the ACAB must certify are satisfied, and the provision of specific information by the ACAB, such as the date of the assessment and the auditing standard(s) used for the assessment.

Section 1110.501(a)(2) of the final rule provides that a state or local government office of AG or IG and a Person or Certified Person that is a department or agency of the same state or local government, respectively, are not considered to be owned by a common "parent" entity under Section 1110.501(a)(1)(ii) for the purpose of determining independence, and attestation by the AG or IG is possible. The AG or IG Systems Safeguards Attestation Form is for the use of a state

or local government AG or IG to attest on behalf of a state or local government department or agency Person or Certified Person. The AG or IG Systems Safeguards Attestation Form requires the state or local government AG or IG to attest that a Person seeking certification or a Certified Person seeking renewal of certification has information security systems, facilities and procedures in place to protect the security of the Limited Access DMF, as required under Section 1110.102(a)(2) of the final rule. The AG or IG Systems Safeguards Attestation Form collects information based on an assessment by the state or local government AG or IG conducted within three years prior to the date of the Person or Certified Person's submission of a completed certification statement under Section 1110.101(a) of the final rule. This collection includes specific requirements of the final rule, which the state or local government AG or IG must certify are satisfied, and the provision of specific information by the state or local government AG or IG, such as the date of the assessment.

Affected Public: Accredited Conformity Assessment Bodies and state or local government Auditors General or Inspectors General attesting that a Person seeking certification or a Certified Person seeking renewal of certification under the final rule for the "Certification Program for Access to the Death Master File" has information security systems, facilities and procedures in place to protect the security of the Limited Access DMF, as required by the final rule.

Frequency: Every three (3) years.

Respondent's Obligation: Voluntary.

Legal Authority: Section 203 of the Bipartisan Budget Act of 2013, Public Law 113-67.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of
